

## Name of the Society: Anantata, Kalindi College

The “Mathematics Society” of the Department is one of the most vibrant Societies of the Kalindi College. Apart from holding lectures by eminent Mathematicians throughout the year, it organizes its annual festival “Math-e-Magic”. The fest creates a platform for events like quizzes, discussions, brain games, mathematical riddles, paper presentation & lectures by eminent personalities. The Society publishes its newsletter “Palette-O-Math” which adds new dimension to the Department. The complete planning and execution of the activities of the Society is carried out by the students in consultation with faculty members. The main motivation is to inculcate a sense of responsibility, leadership qualities, team management and practical experience of event management for the overall personality development of the students.

## **DETAILED REPORT**

**Teacher In- charge:** Ms. Neelam Bareja

**Society Convener:** Dr. Prempal Singh

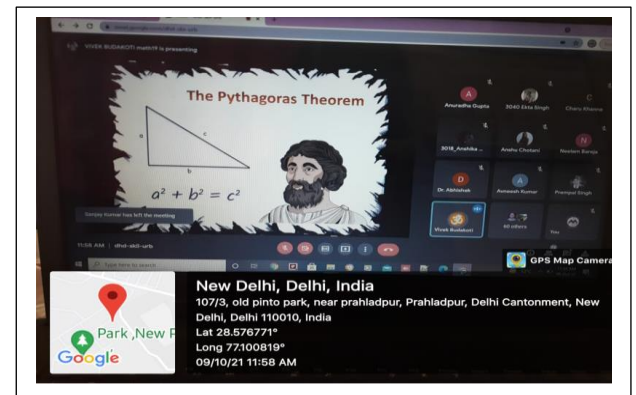

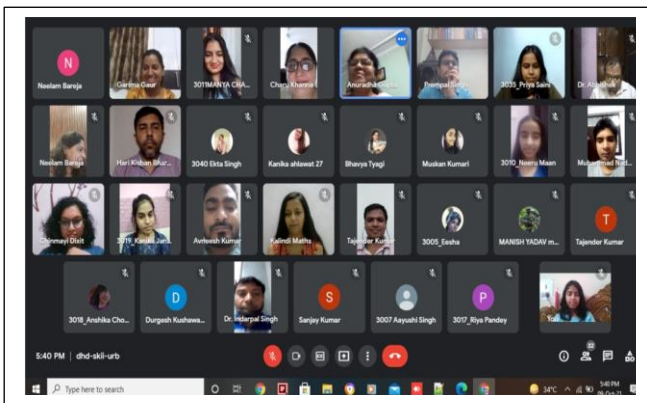

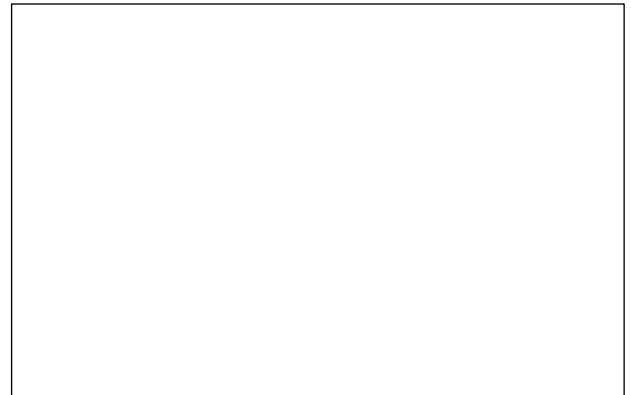

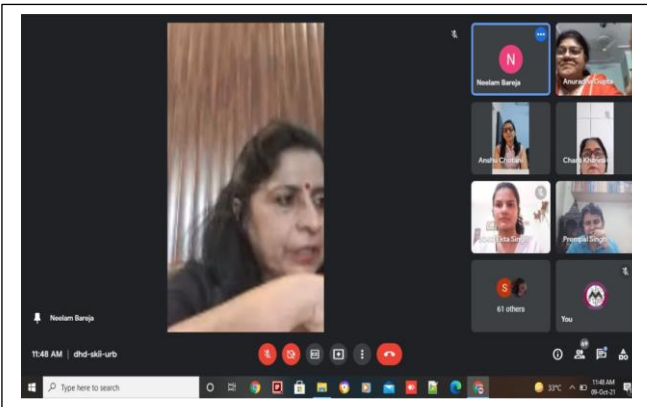

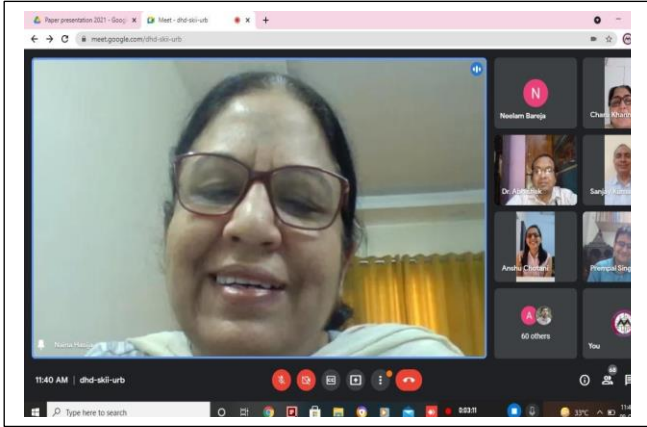

Paper Presentation Competition was held on 9th October, 2021 through Google meet platform at 11:30 p.m. 25 teams from different colleges and courses registered for the competition, out of which 12 teams were from Kalindi college and 13 teams were from other colleges. The competition was conducted under the guidance of Dr. Prempal Singh as the society convener and Ms. Neelam Bareja as the teacher in-charge of Mathematics society. The theme of the competition was “History of Indian Mathematics and Scientific Evolutions.” Total number of participants in the event were 40. Participants showed their presentations to the judges and explained the topic of their presentation. Participants submitted their presentation videos to the technical team of the department beforehand. The presentations were judged by Dr. Anuradha Gupta (Associate Professor, Delhi College of Arts and Commerce), Ms. Charu Khanna (Associate Professor, Kalindi College) and Dr. Abhishek Kumar Singh (Assistant Professor, Kalindi College). All the presentations of the participants were captivating and well-prepared. The judges appreciated the efforts of the participants and corrected their mistakes by guiding them.

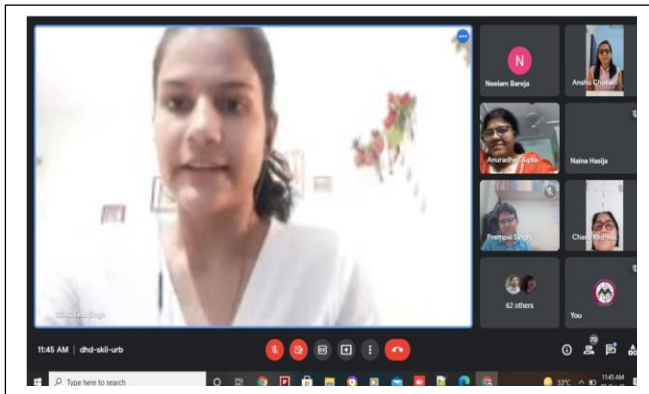

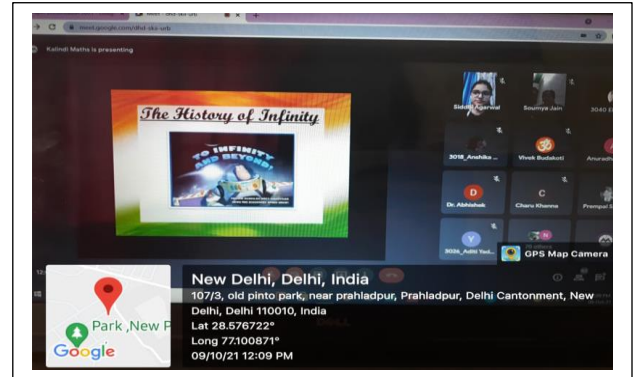

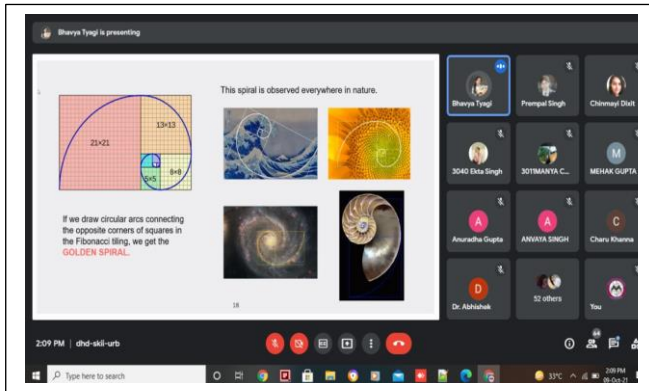

Dr. Anuradha Gupta had guided students and motivated them for good research.

She is a good mentor and motivational teacher. As an external judge she delivered great tips for research. Her remarks was fruitful and beificial for all.

Dr Abhishek Kumar Singh, as an internal judge given good remarks and also motivated students. He had given focus on applications of each topics and said about it's uses in modern era.

## DETAILED REPORT:

The Mathematics Society 'Anantata' in association with Alumni Association and Alumni Committee organised an Alumni Interaction Session on 29 January 2022 to give career guidance to the students .

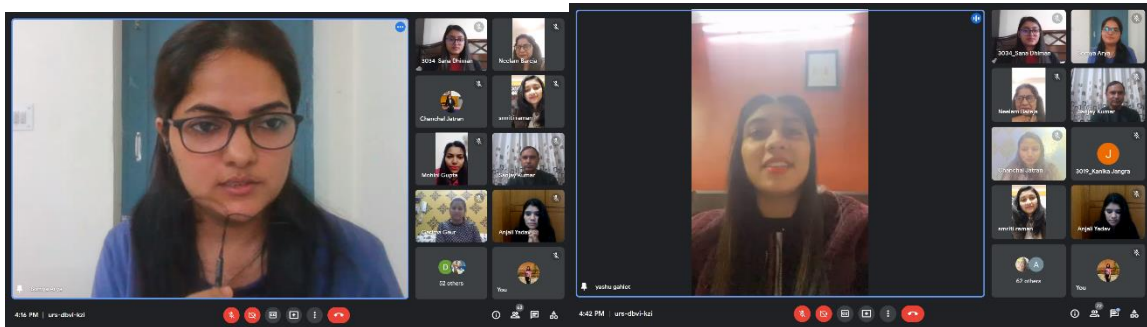

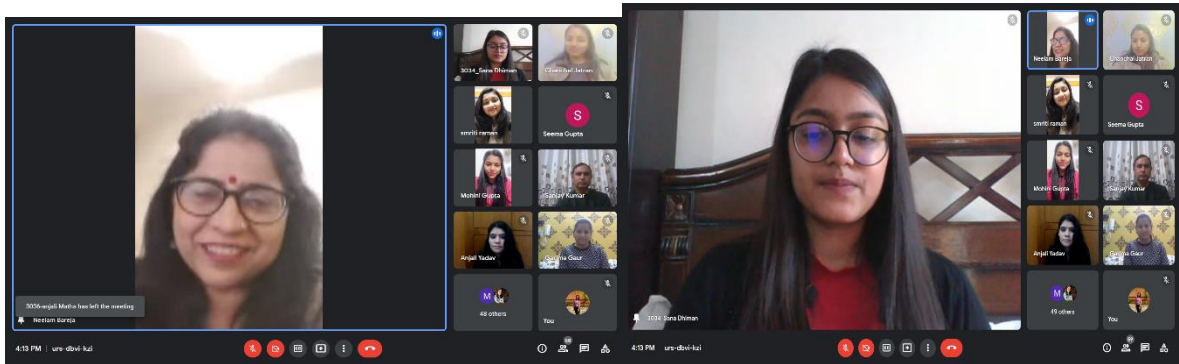

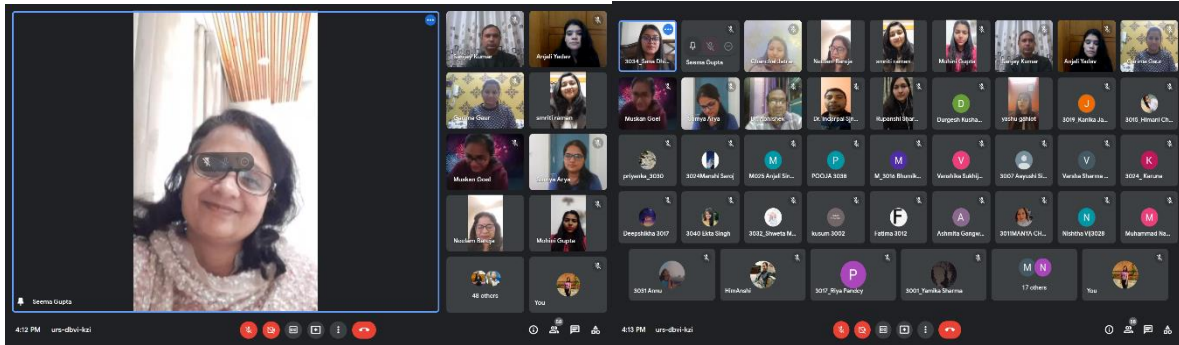

It was organised in online manner through Google Meet platform. Total 10 alumni from education and private sectors were invited.

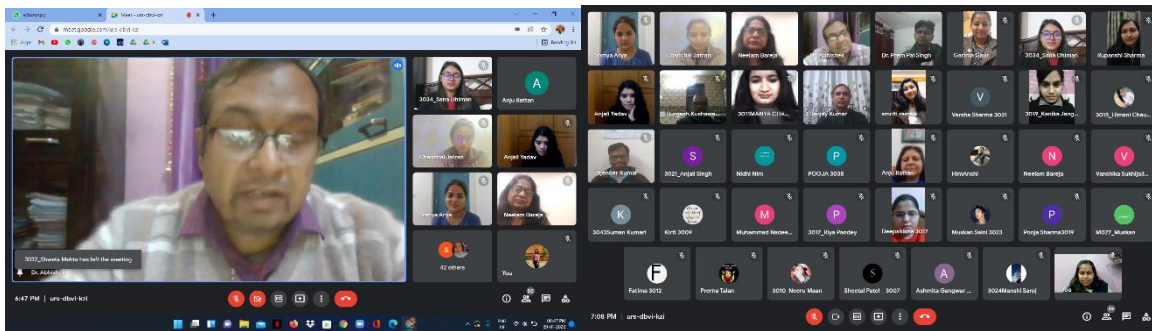

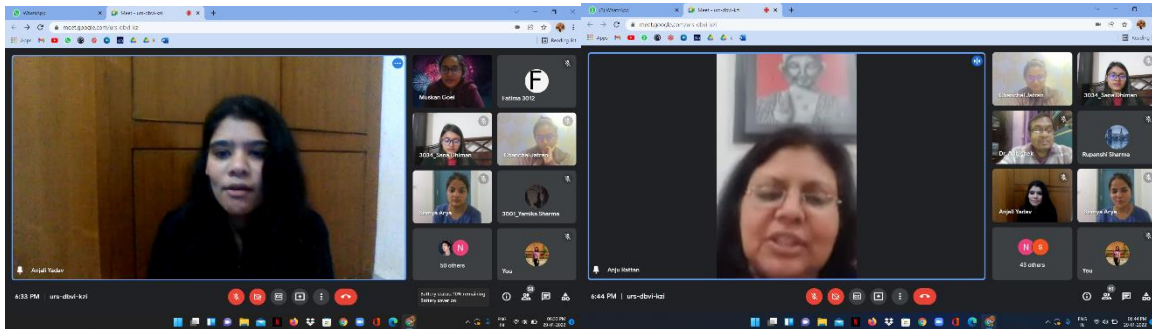

The interaction was started with the introductory speech by Dr.Seema Gupta. Ms. Neelam Bareja showered her blessings on all the alumni.

Dr.Prempal Singh addressed everyone. Thereafter, all the alumni shared their memories with Kalindi College. They shared their experiences in Kalindi and delivered great tips for their career. Later on Q and A session was started in which all alumni gave satisfactory answers to the queries of every student. Their

guidance was fruitful and beneficial for all students. The session was ended by the vote of thanks of Dr. Abhishek Kumar Singh and Ms. Garima Gaur.

This was followed by a very inspiring and enlightening talk on Vedic Mathematics and National Education Policy by Shri Atul Bhai Ji Kothari.

### Shri Atul Bhai Ji Kothari

Atul Bhai Ji motivated in a very influenced manner by giving examples from the past and connected our ancient glory to the present-day mathematics. He explained that mathematical rules formulated to enhance the usual methods of calculations. Vedic Mathematical Sutras caters to easy, straight-forward alternates. It eliminates math-phobia and along with its particular features has the inbuilt capability to solve the emotional difficulty of Mathematics and that is none but anxiety. Atul Ji said that most unique quality of Vedic Mathematics is the way it has been designed. Even though it is said to be rediscovered back in the day between 1911 and 1918 by Sri Bharati Krisna Tirtha Ji, it still holds relevance and a structure of techniques that are well interconnected. Atul Bhai Ji praised the new National Education Policy 2020 and explained why it is the need of the hour and how our entire thought process will reach to exponential heights after the implementation of it.

The main objective of this orientation cum workshop was to attract and bring together experts, teachers and young minds from different streams. This workshop provided a perfect atmosphere to discover new directions as well as potential applications of Vedic Mathematics in open education world. There was total 312 registration for the Programme. Active participation during the workshop was received from 239 participants. (List attached)

The entire workshop was well planned and completed as per schedule. The certificate were distributed to all active participants as per rules of workshop.

The Department was honored to have the presence of **Dr. Jagvinder Singh**, Assistant Professor, School of Management and Entrepreneurship, Delhi Technological University who accepted our invitation due to inability shown by **Prof. Om Pal Singh**, Department of Operational Research, University of Delhi to attend the festival due to health issues.

The inaugural session commenced by paying a tribute to the Goddess of Knowledge with the traditional lamp lighting ceremony.

### Lamp Lighting

Then was the presentation of mementoes to **Dr. Jagvinder Singh** and our Principal Prof. Naina Hasija.

The inaugural session was first address by Ms. Neelam Bareja, Teacher-in-Charge, Mathematics Department. She welcomed all the dignitaries present on the dias, colleagues, students and participants from various colleges of Delhi University. She mentioned about the significance of Mathematics and its application in life.

### Inaugural session by Ms. Neelam Bareja

This was followed by the welcome address given by the principal Prof. Naina Hasija. She welcomed the participants and the guest. She also inspired the students to take part in various Departmental and College activities, apart from studies. She also emphasized that participation is more important than winning. She said that students should utilize these three years to enhance their personalities and emerge as good human beings.

**Address by Prof. Naina Hasija**

This was followed by the announcement and felicitation of office bearers of Mathematics society and class representatives of all three years, for the session 2021-22, with badges.
