

Botany Department

FIGURE 1. Botany Lab

Figure 2. Botany Laboratory

The department has excellent infrastructure to run these courses. To cater to the need and to groom the interest of students towards science, there are well-equipped laboratories stocked with top-quality equipments and instruments for conducting practical classes. The laboratories are run by very experienced, skilful and supportive staff. The Laboratories have been upgraded and

equipped with computers for students' use and LCD projectors to make learning more interesting and congenial with new advancements.
