An intra college debate competition was held by HUNAR, the vocational society of Kalindi College on 31st May, 2023. The event was conducted in offline mode and the venue was seminar room. A fun-round debate plus extempore. General topics were beforehand, but the topic that you have to speak on will be decided on the spot with the help of chits.

RULES AND REGULATIONS OF THE EVENT :

- General topics were beforehand, but the topic that you have to speak on will be decided on the spot with the help of chits.
- The participants who will qualify for 2nd rounds will speak according to the impression of the judge. (For example, if a judge shows you a thumbs up 👍 , you have to speak

for the motion of your topic, and if they show you a thumbs down 👎 , you have to speak against the motion.)

- Participants have to take part individually. No groups are allowed.

ABOUT ROUND 1,2 and 3:

We had Ms. Sweety and Mr. Sushil as our honourable judges for this event.

All the participants participated in round 1. There was a total of 6 participants. Round 1 was the qualification round in which participants were called upon to select chits with their topics in it, they were then given 1 minute to think about their topic before they start and 2 minutes to speak on that topic. It started around 1:00pm. We were so amazed with their skills each one of them spoke so confidently and proudly that it was difficult for the judges to choose qualified ones amongst them. Three of them then qualified and made it to the second round. The participants were to speak according to the impression of the judge. (For example, if a judge shows you a thumbs up 👍 , you have to speak for the motion of your topic, and if they show you a thumbs down 👎 , you have to speak against the motion.) They were given 1min30sec for this round and after every 10-15 seconds judges used to change the motion of their topic. It was super fun and the participants were so enthusiastic and were full of energy and knowledge. The third round was the best interjector round in which the audience was allowed to ask questions from our qualified participants and win the award for best interjector and on the basis of all three rounds judges selected our winners.
