

NORTH EAST, FRONTIER AND FOREIGN STUDENTS' CELL

CO-ORDINATOR:Dr. MANILA NARZARY

The North East, Frontier and Foreign students' cell in Kalindi College is one of the oldest in Delhi University, constituted in 2012, even before the Government of India directive was notified for having such cells in Government supported academic institutions. The objective of this cell was to sensitize the students coming from different cultural backgrounds from India as well as from across the globe. This would help them to have an amicable and conducive atmosphere in the campus leveraging equality, sensitivity towards other cultures and promoting a sense of fraternity among the students as well as the faculty. The cell works as a support system for the students and helps them in adjusting to a new environment which a majority of them encounter having come from places that have not given them enough exposure in cross cultural encounters.. The cell also periodically organizes motivational lectures; conducts counseling and safety workshops for the benefit of the students. This cell also organizes annual North East cultural festival called "SERENDIPITY". Students coming from this region not only actively participate but also help in organizing various programmes under this cell.
