ABOUT ROUND 2

Second round started at 11:50 AM. Round 2 was a team-based round. So, 10 teams were formed after the result of Round1. Second round was based on Freedom Struggles. Each team was asked three questions verbally by Kusum(President) and Khushi(Vice-President) and were given four options, the team which gave the correct answer scored 10 points. From these 10 teams, only 5 teams would be chosen for the third round based on their scores in the second round. There was a case where three teams, TEAM 5, 6, 7, 9 had the same score, So a **tie breaker round** was conducted. Team 6, 7, 9 won the tie breaker round and secured their position in the third round. Second round ended at 12:25 PM.

DESCRIPTION OF THE EVENT

Sattva, the academic society of the computer science department, Kalindi college conducted a seminar with the help of Landmark Institution **on November 4, 2022**. The event commenced **at 11:00 AM** in which undergraduate students with computer science in their course took part. About 95 students attended the seminar. Our anchor Abhipriya Bhardwaj (Joint Secretary of sattva) showed her gratitude and welcomed the guests and teachers. The seminar was conducted in offline mode and the venue was L1 and L3 of the Computer science department, Kalindi College. The speaker of the seminar was Prof. Ritukar Chadha, who is presently the Director of Landmark Institution.

The entire seminar was on "What kind of institution the landmark is?" "What are they famous for?" Then he told students about different IT companies and career opportunities in IT companies in the coming couple of decades. He added with top institutes of India and their facilities. He continued with the major MCA entrance exam and their exam patterns. He talked about the time required for the preparation for the same. He welcomed all the doubts of the students and answered them enthusiastically. It was an interactive session for everyone.

DESCRIPTION OF THE EVENT

The entire seminar was about "Cyber-crime and what precautions we should take" he told the students what is Cyber-crime , if someone have any intention to harm anyone by mentally or emotionally they can perform Cyber-crime .The moment we are connected to internet we can be a victim of Cyber-crime. Cyber-crime could happen to anyone or anywhere and in between he asked the questions to interact with students which lead the session more interesting. The questions he asked was " Assume he is a bank employee and talking to you very legitimately and somehow he knows your bank name and he is asking some information would you share the information?" Many of them says yes . So, these kind of calls could take you to be a victim of Cybercrime . And he also acknowledges about Aadhaar card numbers that we used to share them very frequently without Knowing that Aadhaar card is linked with many accounts .
Then he plays the video of a women getting into these Cybercrime trap without knowing it was very informative video that we shouldn't post anything on social media . Then he discusses that there is a possibility that the app in your phone is taking your data . "Many apps in your phone could be a reason to compromise your data with third party". then he gave a demo of hackers that how they hack your phone with random links . Financial loss , Cyber bullying and mental harassment are some of the impact of Cybercrime that occur on human.
Afterwards he discusses what precautions we should take there were many point he acknowledged that we shouldn't share our password to anyone , do not download mobile apps other than play store , keep your mobile/laptop upgraded with latest software version and many more. Also, he told that where we have to report and what corrective action we should take .The person should report to appropriate legal agency and in case of financial fraud approach to concerned bank and give written complaint with all artefacts and lastly he ended the session while talking about Cyber security as career option and has now a very lucrative and amazing mainstream career option for youngsters. The whole session was very interactive and interesting and we learn many new things
.

POSTER OF SEMINAR

Short description about event

Sattva, the Academic Society of Computer Science Department of Kalindi College organized its 3rd Annual Inter-college technical fest on 12th and 13th April, 2023. The seminar event started at 10:30 AM on 12th April in which undergraduate students from various colleges took part. About 120 participants including faculties from different departments and students attended the Seminar.

As a part of the fest, the Sattva Society of Computer Science organized a
Seminar on the topic "DATA SCIENCE" The seminar was conducted in offline mode and the venue was Seminar Room, Administrative Block, Kalindi College. The Speaker of the Seminar was, Gaurav Rawat who is presently Data Scientist at Infosys and his wife Ekta Negi. Gaurav Rawat Sir is an experienced Consultant with a demonstrated history of working in the Analytics domain. Strong professional with a Master of Business Administration (MBA) focused in Operations and Marketing. Strong understanding of predictive modeling, data processing, and data mining, Exploratory data analysis, Machine learning algorithms to solve challenging business problems. He is top skilled in SAS Programming, Business Analytics, Microsoft Office. He is certified in Cut Short Certified Machine Learning (ML), Data Analytics using Excel, Master Data Science using SQL, Marketing: Strategies Framework, Python for Data Science. Ekta Negi mam is Consulting Data Scientist, mentor, Data Analytics.

The entire seminar was focused on "HOW DATA SCIENCE IS IMPORTANT". The speaker explained about the fields one can choose in this area according to their knowledge and interest. They explained the difference between data scientist and data analytics. They explained about the languages that need to be in such a field. More focused on Python as it is the most popular language nowadays and easy too, so everyone prefers to work on it. They also talked about how one can grow more in such fields.

At the end of the seminar Prof. Meena Charanda, the principal of Kalindi College thanked Gaurav sir and Ekta mam for their presence and discussing such a great topic with the students. She also expressed her views and what she thought of the seminar. She told about her experience and said that firstly she thought the seminar will be boring as it is computer related but later on, she adds that she enjoys a lot during the seminar and learns a lot. She asked the students to take knowledge from them.

The TIC of computer science department Ms. Sweety thanked Gaurav sir and Ekta mam for their efforts and the precious time they gave for this Seminar to which they replied that they are delighted to meet such talented students and to help young students and enjoyed it very much.

Main Poster of the event

ByteBash

An inter-college coding competition "ByteBash" was conducted by Sattva, the Academic Society of Computer Science Department of Kalindi College, in college campus (offline event) as a part of the annual inter-college fest 'QUBIT' 23' in which undergraduate students from various colleges took part. The registrations started at around 12:45pm & tokens were distributed simultaneously.

Deesha Khanna anchored the event & informed the rules to participants. There were two rounds- MCQ or the elimination round & coding round.

Round-1 started at 1:30pm as the question paper was given to students. The duration of the event was 30 minutes. As the round ended, time of submission was written on the sheet of each student & teachers of the CS department checked the answers.

Students were given food coupons & a short break. A total of 13 (out of 25 participants) made it to round-2 which started at around 3pm. Duration of this round was 2 hours. Participants were given real life coding problems & were allowed to code in any language (C++, Python, Java). As the answers were automatically submitted as soon as 2 hours ended, the leader board was displayed & winners were announced.

We generated positive responses, not just from students of Kalindi College, but also from students of- JSSATE, BPIT, MAIT, SGTB Khalsa, CPJ, to name a few. The total of 25 participants were from different courses- B.Tech. (3 students), B.A. (1 student), B.Sc. Hons. CS (8 students), BCA (4 students), B.Sc. Prog. PS with CS (1 student) & BVoc. Web Designing (8 students).

Poster and Rules and Regulations

Commencement of event

The event was focused on allowing the participants to use their creativity and content creation capabilities in order to create a short film on any of the topics allotted to them. This was a fun initiative taken by the society to ensure that everyone gets acquainted with topics such as data science, cybersecurity, block chain and cloud computing and these topics become easier to understand by beginners. The event commenced at 10:30am….. Harshita (first year volunteer at sattva) was tasked with anchoring the event and explained all the rules and regulations to the participants.

VR: THE TECH

An inter college graphic content creation competition was held by Sattva, the academic society of the computer science department, Kalindi College on 14th April 2023. The event was conducted in offline mode and the venues were Lab 2 and Lab 3 of the Computer Science Department, academic block, Kalindi College. The competition covered topics of cybersecurity, data science, block chain and cloud computing. The event was conducted in both online as well as offline mode. Bolly Pirates

An inter-college treasure hunt "BOLLYPIRATES" was conducted by Sattva, the academic society of Computer Science Department of Kalindi College, in college campus (offline event) as a part of the annual inter-college fest 'QuBIT 23' in which undergraduate students from various colleges took part. The judges of the event were :

- Dr. Reena Jain
- Ms. Sweety

The event started around 1:00 PM, it was a 2-hour competition where rules and regulations of the event were presented before the participants. At the start of the event a clue for the treasure hunt was provided to all the participants of the respective colleges. There was a total of 35 teams who participated in the event out of which top 3 teams that completed the quest the earliest were announced as the winners. The results were announced by the judges of BollyPirates.

The responses of the participants from different colleges showed their enthusiasm to participate in such events. We generated a lot of positive responses from other colleges. Other than Kalindi College, students of different colleges also participated in our event, namely ***COLLEGE NAMEs.*** There were Sri Guru Nanak Dev Khalsa College, Maitreyi College, Aryabhatta College of Engineering, Lakshmibai College, Swami Shraddhanand College, Ramjas, Jagan Institute of Management Studies Rohini, Atma Ram Sanatan Dharma College, Daulat Ram College.

We were overwhelmed by the responses and determined to conduct such events in future too.

WINNERS

1. **Hunt Legends**
   Members: Saloni Rana, Anshika Varshney, Gunjan Badhautiya,
2. **Starry Night**
   Members: Nishita Biesen, Vanshika Khurana, Riya Rajput
3. **Powerpuff Team**
   Members: Jayantika Kumari, Pushpita Kesari, Yana Gupta

The winners were awarded with certificates of appreciation and prize money of Rs. 1500 for first position, Rs. 900 for second position and Rs. 500 for third position. All the participants for the event were also provided a refreshment coupon.

MAIN POSTER OF THE EVENT:

Description:

The event started at 10 a.m. with an enlightening speech by our Teacher-in-Charge Miss Sweety who shared some insights on the current situation in job industry and scopes in higher education for the students. She also focused on different pathways available with brief roadmap of how to best approach them, ending her speech with her well wishes for all of us and starting the event.

Next up, we had a fun game which tested the audience's cinematic knowledge. Then the first round of Miss Freshers' competition 'Talent Round' started in which the participants showcased their talent through music, dance and ramp-walk.

Afterwards we had three games to test and trick the soon-to-be alumni of our department, inviting participation from not only the audience but also the teachers.

A short break of 1 hour was taken for lunch and then we showed the glimpses of the three years the third years students experienced during their time in college— ranging from fun memories in computer labs to serious moments of tests and college events.

The crown of Miss Farewell went to Shweta from B.Sc. (Hons.) Computer Science with Ishika Rastogi of B.Sc. (Hons.) Computer Science as 1st Runner-Up, followed by Saizel from B.Sc. (Hons.) Computer Science as 2nd Runner-Up.

RESULT OF MISS FRESHER:

MISS FRESHER:	Shweta
1st RUNNER-UP:	Ishika Rastogi
2nd RUNNER-UP:	Saizel

Glimpses of the event:
