SUGGESTIONS:

The teachers have given various suggestions to improve the facility in the college which are as follows:-

Infrastructure:

Suggestions for infrastrucure are as follows:

01. Building of the college is old which needs to be rebuilt again or must be repaired.

02. Auditorium needs to be rebuilt again with proper seating capacity and air conditioning in it.

03. More smart classrooms need to be built.

04. Individual seating space for faculties and a research lab for conducting research activities.

05. Physics lab needs upgradation and expansion.

07. Room no. S4 has been allotted to Botany as a lab so it needs to be set up as a proper lab and projector is also required for the same.

08. Journalism Multi-Media Lab requires upgradation which is essential for student's practical session.

09. Requirement of practice room for music students.

Cleanliness:

01. Clean campus is very important in the college. College must ensure proper cleanliness of the entire campus especially during COVID-19 pandemic.

02. Student members should be allotted different parts of the college.

03. The dump behind Sangam Parisar should be removed.

Library:

01. Seating area in the library needs to be increased.

02. Library must be equipped with latest publications (books, magazines).

03. There must be proper ventilation in the library.

04. Research related magazines and good books should be added.

Internet Facility:

College wifi network is poor, doesn't work except for in the cyber centre. Internet facility in the college needs to be improved for taking online classes.

Canteen:

Following suggestions are received:

01. Proper drainage near the canteen and garden area should be maintained.

02. Cleanliness of the canteen.

03. Seating area of the canteen needs to be increased.

04. Quality of food should be better.

Drinking water:

College must provide the facility of safe and clean drinking water for everyone.

01. Proper water coolers must be installed and their cleaning should be done on a regular basis.

02. Any leakage and accumulation of water around the coolers should be checked as they form breeding ground for mosquitoes.

Toilets:

01. Toilets must be clean and safe to use with proper water and sanitation facilities.

02. Toilets for male faculty are not adequate. So College must provide adequate and clean toilets with flush working properly.

Other suggestions:

01. There should be a central LMS for online teaching learning process so that students and faculty members can use and work with ease and also it will collect the data of entire college at one place.

02. Requirement of AC and sofa in 2nd floor staff room
