Sr. No. Suggestions

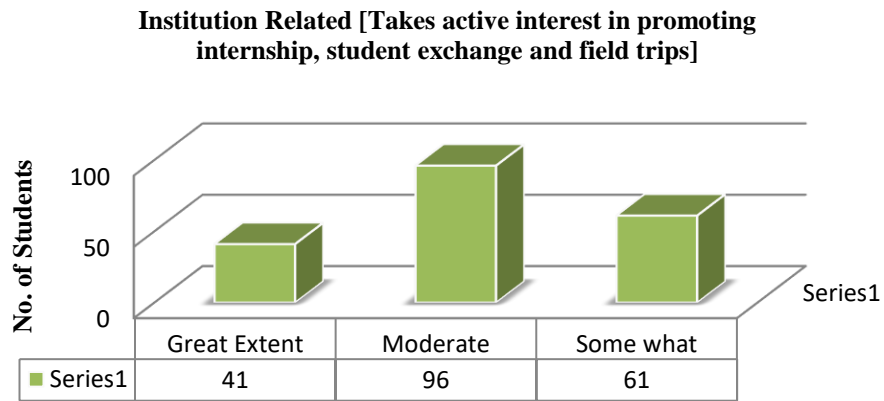

1. More steps should be taken to sharpen the skills of students, including the educational and cultural skills. Many students are not even aware of all the societies in our college because societies are not much active. Even the notices on the corridors' boards are not changed regularly, at some places there are still 2019 and 2018's notice. The auditorium i.e. sangam parisar's condition is also so bad which needs to be improved.
2. Should work on improving the infrastructure and should renovate sangam parisar.
3. Please provide students skills so that when they enter in real world they can easily grab the opportunity.
4. Classes should be fixed on a particular time because if I attended classes everyday on different times then it became very hectic means I can't make a particular timetable.
5. Aware every student about Entrepreneurship
6. There should be easy access to the principal mam
the complaints should be handled
Renovation of sangam parisar
7. Teachers need to work on the way of teaching, and should manage to communicate with every student
8. Infra structure is good but the maintenance should be done very well
9. Strengthening of college societies.
Behaviour of non teaching staff must be improved urgently.
Please encourage and provide opportunities to all departments equally.
10. Encourage the students for every co-curriculum. Activity, and provided fund at a time.
11. Timing issues 8am to 5 pm... Time for last class should be 2 pm last
12. Smart board classes should be implemented in academics and Sports field should be improved with proper facilities.
13. It would be good enough to prefer new teachers rather than the previous one... Because of change of syllabus and advanced technology... More of qualitative teachers are essential...
14. Just one thing want to say that In internal assessment guideline, it clearly mentioned that "those who don't have any attendance marks would given marks on the basis of their assignment only." In English I have my 2 attendance though I submitted whole assignment, and my

respective teacher gave only 16/25 marks. And my college fellow who score 17-18/25 marks. I don't have any jealousy, but just want to say that their assignment is out of the "Content" the asked assignment question was something else and fellow writes the answer which was not appropriate for the same. How can the teacher gave such a marks? only because she attended more classes than me. This is partial !

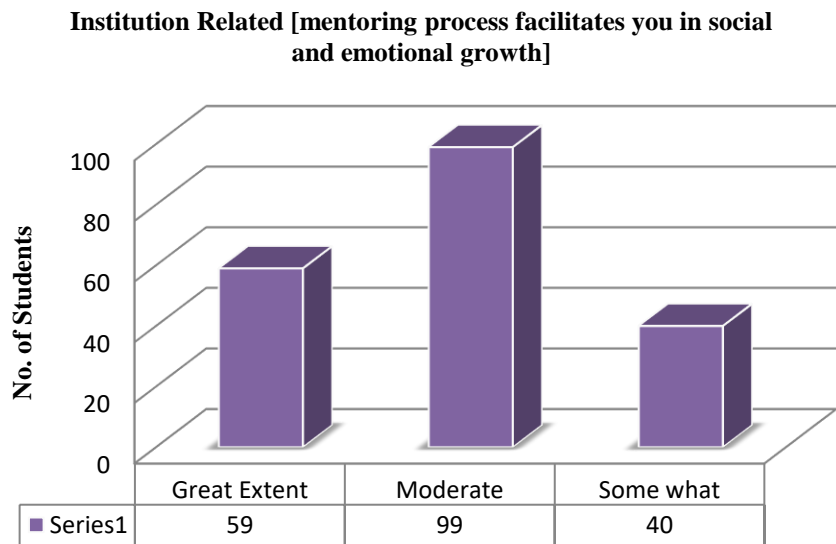

15. Teachers can make class more attractive and interactive by using smart class and interacting with every student.
16. Please focus on personality development and personal growth of the students so that they are ready to face the harsh world when they leave the college, don't just focus on how to earn more marks, marks are surely not gonna help us anywhere after our college.

Suggestion

1.

The infrastructure needs to be improved. Library needs to expand its book collection and also try to upload its resources such as previous year papers on college website. Hygiene and cleanliness should be improved. ours is a green college and more work should be done by students as well as teaching / non teaching staff to make the college space even more environment friendly. Sangam paraiair needs some care work as well. The computer lab should be expanded so that more students can access it .

2.

College needs better teaching staff who have manners of how to talk and also should not be over confident about their job. Teachers should be more non biased. No efforts made for practical experience. NSS is way too in itself, doesn't care about its volunteers. The auditorium could not look more worse

Most of the toilets aren't in a condition to be used And taps run out of water always Their should proper hygiene in canteen and in toilets .

Washrooms should be properly maintained

Proper sanitisation of campus should be taken care of.

The washrooms need to be maintained and the canteen should also be taken care of. The college and faculty should make more efforts in identifying and promoting the interest of the students

- 1) Toilets are very unhygienic. They are literally in a bad state. Doors are not good. Water is not available. They Need to be clean.
- 2) canteens are not good. Food is not good whether in quality or in quantity too.
- 3) office staff needs to understand students.

And regularity of classes sometimes happens sometimes not and canteen is shit man I literally sometimes regret that why I'm in these college ?

Please work for the basic amenities(hygiene/toilets etc) at first including; making a better infrastructure and better campus environment the Sangam

	<p>Parisar should be improved and the classrooms' windows and benches as well. The teachers are really amazing and are cooperative which makes a healthy environment.</p>

4.	<ol style="list-style-type: none"> 1. canteen needs change to make edible items hygenic and healthy. 2. toilets needs cleanliness with (proper working doors) 3 .library staff members needs some changes in their temporal issues. 4 Sangam parisar needs allover renovation with proper seating arrangements with proper removal of birds from there, and especially the area behing sangam parisar full with wild weeds and plants should be taken care of or can be remove from there. 5.faculty members can try to come beprepared for the topic they are going to take lecture on... 6.Teaching quality should be better,canteen should have more items as well as need for staff, library should be more
5.	<p>I hope this feedback is read by someone and they realize that they have to move forward despite the backlashes and come out transparent. Otherwise this whole feedback loop will go futile.College can take fine actions for making students ready for the world after college. It can have mock interviews, suggest students how can they work from home, build their CVs while giving proper attention to their studies too. Rest all is satisfactory in college according to me.</p> <p>Few teachers take very less classes even after complaining they never took all the classes and completed syllabus in few weeks only, the drinking and washroom facilities needs to be improved.</p>
6.	<ol style="list-style-type: none"> 1. More seats should be added in the library 2. Renovation needed in classroom and in auditorium 3. Gloves , mask and headcover should be mandatory for the canteen workers 4. Equip gym with more machines 5. Campus required a modern touch of infrastructure like other colleges of north campus <ol style="list-style-type: none"> 1.The students union should be elected by the students themselves and not be chosen through a very partial interview process, and it is the reason that the union does not gets enough support of students and is always criticised. 2. Provision of proper and enough funds to college union and societies to atleast conduct a basic respectable college or departmental fest , so that the reputation of college does not decreases in accordance to other DU colleges because there's are a number of talented students in our college. 3. Only those teachers should be given responsibilities of different

	<p>activities or society in activity period who have actual and true interest in that society or activity. And there is no need for a long list of activities , for example there are rangoli making, painting , and many other forms of graphity or painting related societies but they are actually</p>
7.	<p>Primalriy Teachers should come to college to teach students and help them develop their conscience and understand the opted subject to the students.(Not for all teachers. Some teachers are excellent)</p> <p>Infrastructure should match the level of reputation of university of Delhi.(Like improvement in auditorium, canteen, etc)</p> <p>Teachers should be given training as to not only teach students in a much better and timely manner .also some teachers do not cooperate with students who need help in academic arena. They deny help by not responding or by giving vague answers irrelevant to the academics of the students.</p> <p>But above written are few areas which if everyone works upon , our college which touch the heights beyond sky !!!</p> <p>And all political science teachers of section A(Ruchi mam, Anita mam, Sangita mam, nivedita mam, retd.anjoo Sharma mam,manila mam) THE BEST FACULTY</p>
