Connecting Dreams Foundation (CDF), Kalindi College chapter, operative since March 2017, aims at providing education to underprivileged children in schools. In order to realize the dreams of children, CDF Kalindi in association with the Social Responsibility Cell (SRC) started its first project 'DREAM KEY LIBRARY' in April 2017 under which a library was constructed in Khalsa School, RK Ashram. The library had all types of books for children like story books, educational books, magazines etc. On the last page of each book, a postcard was attached on which the children were supposed to write a moral lesson they learnt from the book and one dream of their choice. The added postcards acted as an incentive for a child to read the book and add his dream i.e. what he dreams to have (be it a toy, pencil box) to the dream box. The dreams of these kids were then connected by volunteers of SRC. It has been able to connect around 150 dreams through donation camps, personal donation and donation from teachers. In addition, it also completed one school dream which was to have a 'playroom' in the school. For this purpose, one classroom was decorated by painting the walls and making it a fun place. More than 250 students turned up for the event which was conducted successfully within the premises.

#### About Enactus

Enactus Kalindi, operative since 2017, aims at eradicating various social issues which weakens the foundation of our country, also it aims at empowering each and every community of our country. Enactus Kalindi in association with Social responsibility Cell (SRC) of our college commenced its first project named as REHMAT - which means BLESSINGS, which we shower upon the manual scavenging community by rehabilitating them to another profession by imparting different kind of skills in them. Project Rehmat has a mission to create a nation where a person does not die for a living. Manual scavengers across the nation remove human and animal excreta from the streets and dry latrine, cleaning septic tanks, sewers and gutters. This inhuman occupation has been banned by the constitution for the past 13 years but it is still being practiced on a large scale. Earlier, by doing an illegal and dehumanising act they have faced several dignity issues and because of which they hesitate to talk to other people. This was the biggest challenge for us to talk to them and convince them to unfollow this practice and adopt a new profession. For this we provide them KIT JEEVAN which includes basic necessities required for entering into a sewer on a 3 months basis and during this period they will also get an opportunity to learn a new skill and rehabilitated to a different profession such as employing those manual scavengers in factories as skilled labour.

We have been able to rehabilitate 12 manual scavengers. We have targeted the women of scavenging community by converting them to self-sustained entrepreneurs by engaging them into the business of soap making. We have been able to create 3 women entrepreneurs from that community last year but now we have 9 more women entrepreneurs working with us.

In 2018, Social Responsibility Cell (SRC) came up with a new project named WERAN. It aims at the upliftment of farming community by educating them about the new and organic farming practices which they weren't aware about. Through this project we target both men and women of farming community by empowering and creating awareness among them about the current scenario prevailing in the country. Also, we aim at increasing their incomes by making them aware about feasible farming practices.

and alert them about the vicious cycle of intermediaries or middlemen. It will also be a difficult task to convince farmers of the identified areas to work towards the cultivation of organic fruits and vegetables and the abolishment of intermediaries and setting up a direct connection with the customers.

#### ACHIEVEMENTS

Enactus Kalindi has managed to entitle itself to several accolades and critical appreciation this year with its performances across the colleges of Delhi University and beyond.

Enactus Kalindi's battle against manual scavenging was taken a notch higher by holding campaigns under the name 'Sadda Haq' as an urge to the government to completely mechanize the process.

Enactus Kalindi participated in the biggest competition of Enactus India, Enactus National Championship 2018 and secured 4th position, winning league 1. The Enactus National Championship 2018 witnessed participation of 98 teams from different parts of India.

In 2019, we have presented REHMAT in the Kamla Nehru college in Commcentric- the commerce association and also in Rotaract event of Sri Guru Gobind Singh College of Commerce and secured second position in both events.

We have also participated in the campaign STOP KILLING US headed by Mr. Bezwada Wilson, who is working towards complete eradication of manual scavenging.

Enactus Kalindi also participated in case study competition at Sulabh International- museum of toilets and also showcase the soaps made by our created women entrepreneurs in the event.

#### FUTURE PROSPECTS

In Rehmat, we aim at increasing our production of soaps and creating more and more women entrepreneurs and rehabilitating more manual scavengers and thus save more lives.

In Weran, we aim at converting the women entrepreneurs of farming community by engaging them in the business of making pickles and jams.

#### About CDF

Connecting Dreams Foundation (CDF), Kalindi College chapter, operative since March 2017, aims at uplifting the underprivileged section of the society through entrepreneurial ventures and actions that bring a ray of hope in the lives of poor people. CDF Kalindi in association with the Social Responsibility Cell initiated Project Kilkari in September 2017 with a goal to make every child rise and shine bright like a diamond. Under project Kilkari, the children living on streets are chosen by the R&D team, their families are counseled about the importance of education and they are then admitted to the nearest government and private schools under 'Right to Education'. However, taking

into consideration the increasing dropout rates, a KILKARI pathshala was introduced to make every child compatible enough to be able to read and write. A Kilkari pathshala in the Sewa Bharti centres of Todapur and Inderpuri with a strength of around 40 kids is being conducted every 4 days in a week where a team of volunteers teach main subjects like English, Maths, Hindi and EVS/GK/Moral Science to make the base of a child even stronger.

After one year of successful operation, the team has now initiated an advance module along with the basic syllabus. The advance module has been introduced as the Base 1 syllabus has already been followed in the Sewa Bharti centres of Todapur and Inderpuri. Team Kilkari is now making the kids science friendly and the results have been tremendous. A variety of science experiments like making a water filter, hot air burning experiment have been conducted in the centres in the past month and the team analysed that children learn better when they are able to verify the results. Children have been taught tough topics such as parts of a leaf and flower along with leaf painting. They were also made to pronounce it so that they could add new words to their vocabulary. The Social Responsibility Cell has also started to take climate issues into account in the advance curriculum. Phenomenon such as Global Warming and Climate Change have been introduced, posters to reduce Global Warming were drawn and tips on how to save planet Earth were delivered by the volunteers. Another interesting topic 'Reduce, Reuse and Recycle' was taught to the kids by making useful things out of waste material. The session helped to develop the creativity skills of children and they came up with brilliant ideas to reuse old things.

A workshop on 'Child Sexual Abuse' was also conducted on 7 February with an aim to educate children about good touch and bad touch, emergency helpline number and remedies that can be taken in such a situation. In science, a Solar System model was taught to the kids by assigning each child a role of a planet that revolves around sun. This little act helped them to understand how planets revolve around sun and celestial bodies in the solar system. Following an advance module, the volunteers also made kids familiar to 'pollution' and how it is affecting our health. Children were made to draw posters on the same and they were taught the ways to reduce pollution as a part of awareness campaign. In mathematics, 'roman numerals' were introduced and students were taught how to write digits in roman numerals and the session was pretty interesting. Since students in Kilkari Pathshala have a keen interest in art and craft, they were taught how to make 'bookmarks' which also promoted the importance of reading in daily life. A fun session, full of inquisitive children, they made really pretty bookmarks and enjoyed it. Another craft activity, 'greeting card' making was held in the centres with an aim to let the kids realise that wishing people on their birthdays is a good gesture and the best present which is always priceless is a greeting card.

A Swachh Bharat Abhiyan was recently conducted in the Inderpuri centre which was utterly successful. The kids were so enthusiastic and passionate, they cleaned the

nearby roads in presence of our volunteers and a message of 'Clean India, Green India' was promoted amongst them. In moral science, a session to teach 'moral values' was organised by showing small video clips on a laptop. This facilitated children to take interest in the topic and promoted e learning as well. Now, following the Pulwama Attack, Pathshala students were taught how our brave soldiers protect our motherland and how to stand against terrorism. Some children drew posters saluting our brave hearts while some shared their feelings on the topic verbally. The main aim was to teach the generation that terrorism must be strongly opposed and war is no solution.

Thus, after much determination and hardwork, Kilkari pathshala with the help of 16 volunteers has successfully been able to make a positive impact on the lives of more than 120 unattended children living on the streets, deprived of even their basic right- 'Education' and the SRC volunteers have been able to achieve the desired result which was to improve the basics of every child in the centre. Team SRC is leaving no stone unturned to admit abandoned children into government schools. The team has been able to identify at least 70 children who do not go to school in Faridpuri, Patel Nagar and the future plan in Project Kilkari is to admit at least 100 children living on streets, deprived of education into schools and fulfil the Sustainable Development Goal 4 i.e. access to Education. After all, every child is a rainbow willing to shine bright!

In October 2018, the Social Responsibility Cell came up with yet another new project, Project UNNATI with a tagline "ann daan jeevan daan" which is a fight against hunger and the team aims to eradicate hunger problem in the city to save hundreds of those who go to bed hungry and can't even afford a one full time nutritious meal. After surveys in various slum areas of Delhi, it was found that most people who are engaged in low wage profession earn barely enough to feed nutritious food to a family of 5 members. There is no denying the fact that in India, 3 out of 10 poor people die from hunger and malnourishment is quite persistent especially in children and women. Hence, the SRC decided to take a step forward and help such people to have at least one full time meal per day. As a part of initial solution, the team organised food donation camps in college in October to minimise food wastage and at the same time feed it to hungry people. The team also used leftover food and fed it to those for whom it's a blessing in disguise. The team was able to feed at least 100 people in a week from the food donation camp and by reusing leftover food.

The second phase in Project Unnati focuses exclusively on feeding nutritious food to needy people. Hence, the SRC came up with an idea to provide one full time nutritious meal @₹5 only to respect the dignity of needy people. In order to proceed with the plan, the team organised surveys in Rajendra Place and Kirti Nagar in January and February by selling one full time nutritious meal @₹5 to analyse the market expectations and sustainability of the idea. To the team's surprise, the surveys were utterly successful and the team was able to feed at least 100 people on a single day. Till now, Project

Unnati has been able to feed nutritious food to at least 500 people who would have rather been to bed hungry. Since the delicious yet nutritious meal has to be cooked by an individual, the SRC has employed one woman who work as chef in the Unnati Bhojanalaya. By this, women empowerment is promoted and the woman has also been able to transform herself into a self sustained entrepreneur as the revenue generated in the model party goes to the woman as her salary and part of it is reinvested in the project for future purpose.

The future plan in the project is to fix a menu for nutritious meals and ensure the hygiene aspect of the food cooked by providing professional training to the woman employed. Team SRC is also working to replicate the model in other areas of Delhi so that nutritious food can reach to those who lack it. Project Unnati is on a mission to achieve the three E's, Eliminating Hunger, Employment and Empowerment and it is a journey just begun with millions of smiles to achieve!

## PLACEMENT CELL ANNUAL REPORT 2018-19

**Convenor: Ms. Indu Choudhary**

**Co-Convener: Dr. Pankaj Kumar**

✓ **Coordinator: Diksha Arora**

✓ **Deputy Coordinator: Somya Saluja**

The Placement Cell of Kalindi College, 'Kryptus', came into existence in September 2017. Currently the team consists of 12 members who understand the zeal of the placement cell and strive hard to serve the best on the platter. The induction of the student council was to have representation of students in the placement cell to better understand their needs and to smooth the channels of communication and information dissemination. As has always been, the foremost focus of the Placement Cell is to provide the undergraduate students of the college with opportunities to intern and get placed in reputed organizations in the private sector be it multinational companies or the NGOs. A related challenge is to equip students with the skills to face the process of screening and selection used by potential employers.

**On 5 September 2018, a new year of placement cell begun with an orientation program for the students,** especially the freshers in order to acquaint them with the professional world which is full of plethora of opportunities. The cell got an overwhelming response as more than 100 students enthusiastically participated in the same.

With a new year , team Kryptus aims to provide a better experience to the students , so in order to give them a glimpse of their future endearments, the cell in association with the T.I.M.E institution organized an aptitude test on 12th September 2018 followed by a detailed discussion on the entrance exams like CAT, SSC etc on 13th September 2018. . It was a test held by one of the members of the institute (MR.SANKALP) many students turned up for the test as the team of Kryptus had already made students aware about the test. It helped the students to get a glimpse of these exams and also rank themselves which help them to pull up their socks for the preparation of the same.

The team believes in over all training of the students in order to help them excel in their own fields and also make the institution proud to have them as a part of it. Keeping the same thought Kryptus organized a workshop on Group Discussion and Personal Interview on 26th September 2018 which was again an eye-wakening session for the students who took away many key-points which helped them polished their skills and work in the direction of excellence.

In **January 2018**, placement drive was conducted by Jio, which is a a leading company in the telecom industry. They offered the profiles of sales, marketing, HR etc to the students. 14 students appeared for the interview out of which 11 students were selected and placed successfully.

As the students were moving forward towards the placements and internships, the placement cell decided to help them to further enhance the skills of students and to boost their confidence. Kryptus, in association with time conducted a second round of sessions on Group

Discussion and Personal Interview which took place on 23rd January 2018 and 30th January 2018 respectively. More than 80 students were a part of the drive which added to their set of skills and knowledge.

Realizing that building is a continuous process, and the more opportunities Kryptus brings to the platter the higher the fly. Keeping the same in mind the cell sent the third year students for the office interviews of KVCH on 5th March 2019 and in Grapes Digital on 6th March 2019.

On 8th March 2019, the Placement Cell organized its mega event, The Internship Fair 2019 where 20 companies like **Sharekhan, VQMS** and NGOs like **Unnati, Upay, Trailblazers** were invited. More than 150 students including students from other DU colleges participated in the internship fair. The Internship Fair observed over 350 online and offline registrations by the enthusiastic students.

Team Kryptus is also working in close coordination with Yes Bank for an Internship Program. They would be offering students a one-week intensive classroom training by renowned industry leaders on leadership, marketing, communications, digital and social media and a seven week placement in NGOs to work on well-defined communication projects.

In **April 2019**, the **Placement Cell** would be organized a **Job Week** with 10 companies like Aviation, Jio, Taxxman which deals providing telecom services in India, and many others.

### About KRYPTUS

The Placement Cell of Kalindi College, 'Kryptus' came into existence in September 2017. Currently, the team consists of 16 student members who work incessantly to deliver the best to fellow students. The induction of the student council was to have representation of students in the placement cell to better understand their needs and to smooth the channels of communication and information dissemination. As has always been, the foremost focus of the Placement Cell is to provide the undergraduate students of the college with opportunities to intern and get placed in reputed organizations in the private sector, be it MNCs or the NGOs.

RAQS, the Dramatic Society of Kalindi College, been operative since 2011, has had actively performed in several public and competitive domains. The annual production for the year 2020-21, "**BULLYWOOD**" featured a cosmopolitan woman in Bollywood, belonging to creamy class of Indian society who smokes while speaking her mind. She wears a certain culture depicting her independence with a hint of misandry here and there, writing the blueprint of feminism which has nothing to do with "social, political and economic equality of all the sexes". Our play ascends to call out Bollywood on various such alteration done by it: be it homoerotic desires, being called weak under hyper masculinity or meaning of sensuality and sexuality becoming one selling film and many such stereotypical displays that surpass all sense of reasons and social responsibility of education which Bollywood refuses to take boiling down to one answer, may be audience of Indian geography do not want to be educated under massive control of patriarchy.

The street play society is an undivided embodiment of the students from various academic backgrounds and undergraduate courses, right from their first year, coming together as "RAQS" to bring about general awareness and change in the society, as they perform with bold voices and even bolder intents- with lively musicals and foot thumping songs, namely "Tapti dhoop mein nikale hum" and "Tu shor macha".

RAQS has managed to entitle itself to several accolades and critical appreciation this year with its performances across Delhi University Theatre Circuit and beyond. Raqs performed in various other college fests including Saheed Sukhdev College of business studies (Manthan'20), Udaan Utsav'20 (annual street play festival of Jawaharlal Nehru University), and performed in the main fest of Kamla Nehru College (DU), performed at fest of PGDAV College (SHOR'20), Acharya Narendra Dev College, Lady Irwin college, Gargi College, Sri Ram College Of Commerce, IHE College, DDUC, Satyawati College, IHE College, SGND Khalsa College and Kalindi College, etc. Apart from performing at various competitive levels, RAQS gave public performances in National School of Drama (NSD), Nehru Place (on the occasion of Manthan), at Nehru place metro station (for the prelims of Daulat Ram College). The society, with its resources and the efforts of its teacher conveners, successfully hosted its annual street play festival FITOOR 2020 with much fanfare and enthusiasm in February 2020. The fest witnessed participation of 10 teams from educational institutes all over Delhi.

तृतीय वर्ष - कविता सैनी और अंजलि रानी

- **एक-दिवसीय संगोष्ठी :-** 12 सितम्बर, 2019 को हिंदी दिवस के उपलक्ष्य में हिंदी साहित्य परिषद्, कालिंदी कॉलेज की ओर से एक-दिवसीय संगोष्ठी 'वैश्विक संदर्भ में हिंदी' विषय पर आयोजित की गई। जिसमें मुख्य वक्ता श्री बलराम (वरिष्ठ पत्रकार एवं प्रसिद्ध कथाकार), विशिष्ट अतिथि प्रो. निरंजन कुमार (हिंदी विभाग, दिल्ली विश्वविद्यालय) एवं अध्यक्षता प्रो. कैलाश नारायण तिवारी (कुलाधिपति थावे विद्यापीठ, बिहार) ने की। संगोष्ठी का प्रारंभ दीप प्रज्ज्वलन व अतिथि सत्कार से किया गया। श्री बलराम ने अपने वक्तव्य में बताया कि उन्होंने अपने रचनात्मक कार्य के माध्यम से किस प्रकार वैश्विक स्तर पर हिंदी के प्रचार-प्रसार में योगदान दिया है। उन्होंने हिंदी भाषा के प्रति अपनी चिंता जाहिर करते हुए कहा कि हिंदी को सरकार ने राजभाषा का दर्जा तो दे दिया लेकिन अभी हमारी जनता ने हिंदी को राष्ट्रभाषा के रूप में नहीं अपनाया है। अपने अनुभवों के आधार पर उन्होंने बताया कि भारत से बाहर लोग हिंदी भाषा का प्रयोग भलीभांति करते हैं। प्रो. निरंजन कुमार ने बताया कि हिंदी को भाषा और साहित्य से अलग और भी अनेक आयामों में देखने की जरूरत है, जैसे ज्ञान-विज्ञान, अर्थ जगत, सोशल मीडिया, सिनेमा, बाजार, टेक्नोलॉजी आदि। उनका मानना है कि हिंदी भाषा ने सिनेमा, टेक्नोलॉजी, अनुवाद, शिक्षा और राजनीति के माध्यम से वैश्विक स्तर पर अपनी पहचान बनाई है। उन्होंने कहा कि हिंदी संयुक्त राष्ट्र संघ की आधिकारिक भाषा बने ऐसी उम्मीद हमको करनी चाहिए।

प्रो. निरंजन ने जोर देकर कह कि हमें अंगद की तरह पैर ज़माना है तो शिक्षक, विद्यार्थी और हिंदी भाषी लोगों को आगे आना होगा। प्रो. कैलाश नारायण तिवारी ने अपने अध्यक्षीय वक्तव्य में बताया कि 'हिंदी प्रेम' हिंदी भाषी भारतीयों से अधिक विदेशी (हिंदी सीखने वाले) लोगों में देखी जा रही है। उन्होंने अपने ही देश में हिंदी की स्थिति को चिंताजनक बताया। उनका मानना है कि हिंदी के आगे अंग्रेजी भाषा आ गई है, अंग्रेजी बोलचाल में आ गई है, जीवन में आ गई है। अंग्रेजी की टक्कर में हिंदी हारती नजर आ रही है। इस स्थिति से उभरने के लिए हिंदी के प्रति लोगों में आत्मविश्वास होना चाहिए, जो अभी नजर नहीं आ रहा है। संगोष्ठी के अंत में डॉ. विभा ठाकुर ने धन्यवाद ज्ञापित किया।

- **विशिष्ट व्याख्यान :-** 28 सितम्बर, 2019 को हिंदी साहित्य परिषद्, कालिंदी महाविद्यालय (दिल्ली विश्वविद्यालय) की ओर से एक विशिष्ट व्याख्यान 'हिंदी : कल, आज और कल' विषय पर सम्पन्न हुआ। जिसमें विशिष्ट वक्ता के रूप में प्रो. पूरन चंद टंडन (अध्यक्ष, शासी निकाय, कालिंदी महाविद्यालय) मौजूद थे, साथ में डॉ. अंजुला बंसल (प्राचार्या, कालिंदी महाविद्यालय) एवं डॉ. मंजु शर्मा (प्रभारी, हिंदी विभाग) उपस्थित रहीं। मंच संचालन बलजीत कौर ने किया। व्याख्यान का प्रारंभ दीप प्रज्ज्वलन व अतिथि सत्कार से किया गया। प्रो. पूरन चंद टंडन ने अपने व्याख्यान में कहा कि जब हम हिंदी भाषा को याद करते हैं तो अनुप्रयोग के संदर्भ में याद करते हैं। उन्होंने बताया कि 'हिंदी' साहित्य की

### About KRYPTUS

The Placement Cell of Kalindi College, 'Kryptus' came into existence in September 2017. Currently, the team consists of 30 student members who work with utmost determination to deliver the best to fellow students. The induction of the student council was to have representation of students in the placement cell to better understand their needs and to smooth the channels of communication and dissemination. As has always been, the prime motive of the placement cell is to provide the undergraduate students of the college with internship and placement opportunities in organizations of various industries.

During this era of competition, being equipped with the required skills is a must. Hence, Kryptus has not only focused on providing internships and placements but also organized webinars under 'Soft Skills Development Cell' that gave the students an insight into the skill sets expected by the recruiters. Soft Skills Development Cell is just an extension of the Placement Cell 'Kryptus', which helps students to gather knowledge on group discussions, personal interviews, resume building, and other such requirements.

### Activities undertaken

Since the academic year, 2020 – 2021 has completely been a virtual one, the Placement Cell has functioned in fully online mode to help the students earn internships and placements. The seminars were converted into webinars for the continual provision of the required skill sets to the students.

- In August 2020, the new academic session of 'Kryptus' began with an online orientation to provide a glimpse of the working of the Placement Cell to its college students and to help them know the corporate world a bit better. The orientation was attended by around 100 students.
- Internships have always been helpful to students not just as an addition to their CVs, but also as an addition to their skills. Therefore, Kryptus initiated the activities for the session with an internship provided by the organization, *Amjunction*, followed by another organization *SuccessR*. Both these companies provided various internship profiles to the undergraduate students of our college.
- Apart from internships, Placements are another important, rather a necessity for most of the final year or alumni students. Hence, Kryptus got one such opportunity from *Z1 Media* that extended its Business Development Executive Profile to the final year students and the alumni of the college.
- As a large number of students are usually skewed towards an MBA degree post their undergraduation, therefore Kryptus felt the need to facilitate the students with proper knowledge regarding the exams for this post-graduation degree. A webinar on '*How to prepare for CAT/GMAT*' was conducted on 23rd August 2020 for I and II year students by Mr. Saurabh Mittal, an alumnus of FMS and DTU. The webinar was fruitful as it witnessed the participation of around 60 students getting their doubts and queries cleared from the expert.
- MS Excel is not a skill; it is a mandate in today's world. Therefore, keeping this in mind, Kryptus in collaboration with *Yuja Mascot Consultancy Hub* conducted another webinar on 30th August 2020 to provide the students with knowledge about MS Excel and its importance.
- There are a lot of domains that can be explored when it comes to internships. *Kollege Konnection, Step Up Student, Clear Exam, Flairboat* are some of the organizations that provided a plethora of internships to the students in different domains.
- In September 2020, '*JDM Financial Services*' in collaboration with *Kotak Life Insurance and Investment Sector* extended its internship opportunity to the undergraduate students of Kalindi College. Out of the 50 applicants, 2 students got the opportunity to intern with the organization post the selection process.
- As far as skills are concerned, interning with an NGO also equips a student with the relevant skills while fulfilling the objective of community service. Therefore, Kryptus facilitated an internship opportunity with an NGO named *Ahimsa* for its college students to make them aware of and understand the work culture of NGOs.
- A student is usually perplexed when he/she is on the verge of his/her final year. Therefore, to clear the bewilderment, the Placement Cell collaborated with *T.I.M.E.* Institute to conduct a webinar on '*What after Graduation?*' The webinar was conducted by Ms. Tarannum Naseem wherein she mentioned the kind of opportunities lined up for students as per their undergraduate course.
- *Frantiger Business Consulting Pvt. Ltd.*, another organization that provided both internships as well as placement opportunities to the students of the college.
- The preliminary step to get ahead in any field is an 'Aptitude Test'. Consequently, Kryptus allowed the students to appear in a '*Mock Aptitude Test*' by *Prep Junction* where the organization gave a full-fledged test to the students to give them a glimpse of the kind of questions that can be expected in such exams.
- *GAP Entertainment, MBAtrek Pvt. Ltd., Zori World, GoDutch, FinCradle, TALKx* are some of the organizations that provided internship opportunities to Kalindi College students.
- The first relation between an applicant and a recruiter is the 'Resume'. Better the resume,

internship profiles.

- The journey from ‘*Campus to Corporate*’ is both confusing as well as exciting. Therefore, *Mr. Gagandeep Singh*, who is currently in Wood – P&O Global Shared Services spared a couple of hours out of his busy schedule to conduct a webinar for the students of our college where he explained all that it takes from campus to corporate and shared his personal experiences.
- In February 2021, a Placement Opportunity was provided to the batch of 2021 and the alumni by *Decathlon* for both Part-Time as well as a Full-Time Employee for the profile of ‘*Omni Sports Leader*’.
- Several other organizations such as *Bajaj Capital, Apna Campus, Pixstory, ZeroKaata, PB Financial Services* provided internship opportunities to the students.
- Meanwhile, organizations such as *Reading Right, Newzera Tech Labs Pvt. Ltd., New Directions Counselling Services* provided placement opportunities to the final year and the alumni students.

Though the entire year had been completed online, the Cell still worked relentlessly to find good internship and placement opportunities for the students of the College. During this tough time, the Cell got an overwhelming response from the students in the webinars conducted along with a fair number of students getting themselves enrolled in internships.

With this, the Cell successfully conducted its academic session of 2020 – 2021.

- Feature Writing Workshop**

Mitrakshar organized a Feature Writing Workshop on **7<sup>th</sup> November, 2020** guided by Amrita Dutta. Ms. Dutta is currently writer-editor at 'The Indian Express' with over fifteen years of experience in Indian mainstream newspapers like 'The Asian Age', 'The Telegraph' and 'Hindustan Times'.

The workshop was structured around three feature articles circulated to the attendees beforehand who were also asked to develop a pitch for a prospective feature article. Ms Dutta untangled the expansive and complex process of developing a feature article by describing the journey of the aforementioned articles. She spoke about the importance of a seemingly insignificant detail in creating a story which appeals to the audience—we look at anything and everything and this very process can be synthesized into a story. Her emphasis on curiosity of the writer as the defining characteristic of a successful feature article gave us a glimpse into the aptitude of a good journalist. The pitches developed by the participants were individually evaluated by Ms Dutta and constructive criticism was doled out. This workshop made feature writing an interesting creative outlet and a possible career path for all attendees.

- A Two-part Virtual Workshop about “Emancipatory Laws for Women in India**

Mitrakshar put together a two-part virtual workshop with Dr. Swati Jindal Garg on “Emancipatory Laws For Women In India”. Dr. Swati is currently Advocate-on-Record, Supreme Court of India and has a PhD in Criminal Law. She is also on the legal panel of various private as well as government organizations. Her position gives her a unique insight in not only the laws but also their implementation within institutions.

The lecture was well attended by students and faculty alike with a lively discussion on the nature and effect of emancipatory laws for women as well as the socio-cultural position of women in the everyday Indian context. Dr. Swati discussed in-detail the rights of women and explained the laws put in place to protect those rights. She answered queries based on the real life experiences of the attendees and juxtaposed her explanations with existing or decided lawsuits making the workshop much more engaging than a solely academic discussion. At the end of each session the attendees were quizzed on their now improved understanding of legal rights and laws protecting these rights. The first session concerning “Sexual Harassment of Women at the Workplace” took place on 19th September, 2020. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, commonly referred to as the 'PoSH Act' was clearly delineated. After a thorough elucidation of the legal definition of sexual harassment, Dr. Swati further delved into the concept of consent and the common myths surrounding sexual harassment. The discussion also involved an in-depth look at the law's requirement from the Internal and Local Complain Committees and also explains how the aggrieved should go about in filing their complaint and what kind of situations and alternatives they might encounter. Moreover, the session was not limited to the duties and rights of the aggrieved but also covered the duties of an employer and the conduct and attitude that they should have while handling such complaints.
