

# Entrepreneurship, Skill Development and Innovation Cell

---

2021-2022

## Previous Activities of the Cell conducted in the year 2021-2022

### 1. MoA between National Small Industries Corporation (NSIC) & Kalindi College to enhance Student's entrepreneurial skills of self-employment

A Memorandum of Association, (MoA) was signed between National Small Industries Corporation (NSIC) Technical Services Centre, Okhla Industrial Estate, New Delhi 110020 and Kalindi College, University of Delhi, New Delhi 110008 on 6 August, 2021. This MOA shall remain effective for three years and may be extended by the parties on mutual agreement in writing. Also, both the parties mutually agreed upon revisiting the scope of the MoA as and when needed with a view to expand the scope of the same. The expertise provided by NTSC to Kalindi College, University of Delhi as consultancy, mentorship, expert lecture, etc. will be on payable as per mutually acceptable terms. Both the parties agreed to involve their duly authorized representatives to help achieve the set goals mentioned in MoA. The primary objective of this MOA is to enable the parties to identify mutual collaboration opportunities bringing together the strength of the NSIC and Kalindi College, University of Delhi toward sustained development of skills and education aimed at enhancement of self-employment and opportunities.

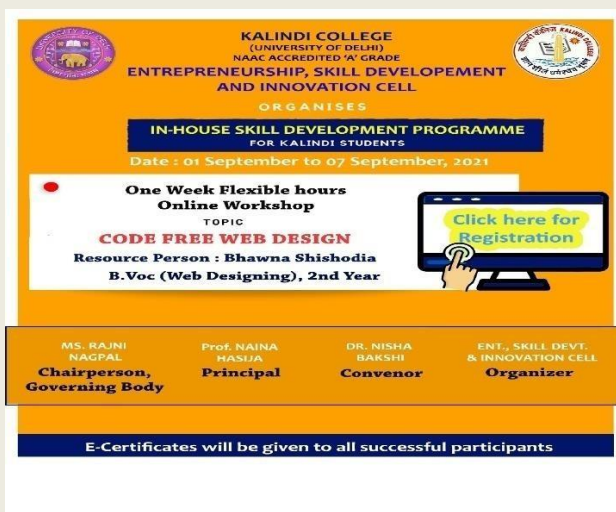

## 2. In-House Skill Development Workshop on Code Free WebDesigning (1-7September,2021)

Entrepreneurship, Skill Development and Innovation Cell, Kalindi College organized a week long “In-House Skill Development Workshop on Code Free WebDesigning” from September 1 to 7, 2021. A total of 75 participants from a list of 208 registered participants successfully attended this workshop. The course content of the workshop was prepared by Ms. Bhawna Shishodia, a student of Kalindi College and was delivered on MOOC platform successfully. This type of an initiative where bright students with unique skills are given opportunities to be a resource person will definitely motivate other students of the college to showcase their talents ultimately inculcating entrepreneurial skills in students.

Workshop included series of step-by-step protocol to design a website using tailor made easy to follow tutorials. Setting up a website is a pivotal step in showcasing various products, ideas and establishing legitimate connections depending upon the needs of the projects undertaken. In this context, it was seen that students were able to create their own website (list enclosed). Furthermore, it was interesting to see the diversity of ideas which can be instrumental in polishing entrepreneurial skills of students. Such an activity shall act as a catalyst in preparing a skilled work force of students who can better prepare themselves for current competitive job markets. Entire workshop was designed in such a way that it was very and flexible in nature where students could access course contents as per their convenient time.

Student spent on an average of an hour per day in accessing video lectures, notes and also attempted quizzes based on the video lectures. Students also discussed their doubts in discussion forum section. At the end of the course, 35 students were able to successfully develop their websites.

The poster is for an online workshop titled "Code Free Web Designing" organized by Kalindi College. It features the college's logo and name at the top, followed by the organizing cell's name. The workshop is a one-week flexible online program for Kalindi students, held from September 1 to 7, 2021. The topic is "Code Free Web Designing" for B.Voc (Web Designing), 2nd Year students. The resource person is Ms. Bhawna Shishodia. A call-to-action button says "Click here for Registration". At the bottom, the organizing committee is listed: Ms. Rajni Nagpal (Chairperson), Prof. Naina Hasija (Principal), Dr. Nisha Barshi (Convenor), and ENT, Skill Devt. & Innovation Cell (Organizer). A note at the bottom states that e-certificates will be given to all successful participants.

This block contains two screenshots. The top one shows a video lecture with a woman on the left and a presentation slide on the right that says "Welcome to Skill Development" and "View Courses". The bottom screenshot is a YouTube video thumbnail with a yellow background and the text "WELCOME TO Code Free Website Designing Course".

### 3. Workshop of videography and photography on topic “Finding your own voice and personal style”

Entrepreneurship, skill development and innovation cell of Kalindi College, University of Delhi Conducted a workshop on 14<sup>th</sup> September, 2021 at 5 PM. This Workshop of Videography and Photography was on the topic “**Finding your own voice and personal style**”. Mr. Naman Verma, A fine art Wedding Photographer was invited as the resource person. The Workshop was Conducted in the Presence of Dr. Nisha Bakshi, Convenor; Ms. Isha Verma, Program Coordinator; and other faculty members of Cell along with 84 participants. The workshop started with welcoming everyone and then proceeded with lamp lighting done by the respected resource persons and the other dignitaries.

After this, workshop started with a beautiful video of Art made by Mr. Naman Verma. He Presented it to enlighten us with the magic he creates. He shared his journey, how he started with a phone’s camera and reached at this position. He inspired the audience to follow their passion and to remain dedicated to achieving success. He suggested that one needs to face challenges like societal pressure, family influence, taking risks and many more. After this, along with his associate Mr. Dushyant Gadara he explained us about the equipment and the way they work. They answered all the questions raised by the participants in a very interactive session. At the end, vote of thanks was presented by Ms. Isha Verma. The entire program was made possible with the support of Prof. NainaHasija, Principal, Kalindi College, University of Delhi.

## 6. One Day Online Chocolate Making Workshop on 16 January 2022

The ESDI Cell also conducted one day online “chocolate making workshop” on 16 January 2022. Ms. Sneha Banerjee, a third year student from Institute of Hotel management (IHM) Bhubaneswar, a young entrepreneur and also the owner of a business venture named ‘Truffles cakery’ which sells a line of delectable confectionary items. The workshop saw the participation of a significant number of students. Ms. Banerjee enlightened all the students about the procedure of making home-made chocolates. Essentially, she taught the students the process of making chocolates in a variety of flavours like milk, dark, white rabri, dry fruit, to name a few. Moreover, she taught the students about how to earn while being students. The zeal of the students and the teachers and the dedication by Ms. Sneha made this workshop a great success.

## 8. Workshop on “Hands-on training in Confectionery Science” held on 23-09-22/ 11.30 am onwards

A workshop on Hands on training in Confectionery Sciences was organized by the Entrepreneurship, Skill Development and Innovation Cell (ESDIC) of Kalindi College on 23rd September 2022. Dr. Nisha Bakshi Convenor of the ESDI Cell welcomes and introduces the resource person. Mrs. Kiran Chaliha, an expert in bakery and confectionery science, Enlightened the students on the various aspects of chocolate making. It was organized with the purpose of providing hands-on training to the students in confectionery science. Mrs. Kiran explained how chocolate is extracted from cacao plants. Chocolate is processed from the seeds of the cacao plant. She also told us about its history and how it has been used since ancient times. It was cultivated by the Aztec, Toltec, and Maya people and was used as a ceremonial drink. The beans of the cacao plant were used as currency as well. The beans reached Spain through Cristopher Columbus. As it was too bitter for European taste, sweeteners were added when it was introduced to the Spanish Court. Then she moved on to the next part of her presentation where she told us about the different types of compound chocolate that are used to make chocolates and how additional nuts and flavoring could provide taste to the chocolate. She put the melted chocolate into different molds. Seeing the enthusiasm of the students she also let a few students try their hand at making chocolates. Overall, the workshop provided the students with an opportunity to get to know more about confectionery science and how it could be developed into a successful career. The program was concluded with a vote of thanks by a Volunteer of the ESDI Cell Ms. Shreya Kesari.

## 9. Workshop on Handmade Jewellery Designing, held on 30 September 2022/ 10.30 am to 1.00pm

A workshop on the basics of Handmade Jewellery Designing was organised by Entrepreneurship, Skill Development & Innovation Cell (ESDIC) of Kalindi College on 30th September. EDIC Cell Volunteer Ms Anushka has introduced about the resource person and Program coordinator Dr. Ram Sarik Gupta presented planter to the resource person. Miss Dhruva Jain, a Jewellery Designer and Entrepreneur enlighten the students on the various aspects of jewellery making. It was organised with the purpose of providing hands-on training to students in Handmade Jewellery Designing. Miss Jain explained about the different varieties and making process of jewellery. She shared her experience in this designing industry and showed some handmade masterpieces. She also told us about the history of jewellery making and how it has been used by people since ancient times. She also explained about the making process and inspiration of the jewellery designing like as a designer she made jewellery on either client base or mood code. She told us about the basic tools that are used in the making process like wire or chain cutter, round and flat pliers. Later she gave all the students some Korean elastics and pearls to made bracelets and necklaces. She told us to use our own creativity. She explained that the most important thing in a jewellery designing is the finishing of the jewellery. It was a very interesting and innovative workshop. Overall, the workshop provided the students with an opportunity to get to know more about jewellery designing and how it could be developed into a successful career. Program convenor Dr. Nisha Bakshi and other cell member were lead the program and encourage the students to participate.
