PRESENTATION COMPETITION

ON THE TOPIC "WASTE MANAGEMENT"

Rules for the competition are as follows:

1. The presentation should focus on waste management and its importance for sustainability.
2. The presentation should be original, creative, and informative.
3. The presentation should be in English and should not exceed or be less than the specified time limit which is 8 to 10 minutes.
4. The presentation should include the sources of information and references used.
5. The presentation should contain clear and concise information and data that supports the topic.
6. The presentation should include examples of effective waste management practices, such as recycling, composting, and waste reduction.
7. The presentation should address the challenges and barriers to effective waste management and propose solutions.
8. The presentation can be given individually or in a group (there are no limitations on the no. of group members)

PAINTING COMPETITION

Rules and Regulations -

1. Because this is an offline event, participants must be present at all times.
2. There will be no registration fees, and registration will take place entirely online.
3. Individual participation is the only option. All undergraduates are eligible to compete. Participation from other colleges is permitted.
4. Before the event begins, all participants must report to the registration desk.
5. All participants must exhibit discipline and courtesy.
6. Plagiarism will not be tolerated and will result in the participant's immediate disqualification.
7. All competitors must bring their own colours as well as any other necessary accessories for the competition. Canvas, on the other hand, will be provided by the organising committee.
8. The deadline to register for the competition is March 13, 2023, at 10 p.m.
9. All of the winners will receive cash prizes
