**Chairman, Governing Body, Kalindi College**

सादर नमस्कार

कालिंदी कॉलेज के सभी समादृत शिक्षकों, प्रशासनिक अधिकारियों, कर्मचारियों एवं प्रिय विद्यार्थियों का स्वागत, अभिनंदन एवं अभिवादन है। इस वार्षिक उत्सव पर आप सभी को मैं, कॉलेज के चेयरमैन के रूप में, असीम बधाइयाँ, मंगलकामनाएं प्रेषित कर रहा हूँ।

दिल्ली विश्वविद्यालय, देश और दुनिया का ख्यातिलब्ध संस्थान है। अपने शताब्दी वर्ष की सुदीर्घ यात्रा पर करते हुए दिल्ली यूनिवर्सिटी ने अनेक मील के पत्थर स्थापित किए हैं। कालिंदी कॉलेज भी उसी का एक ज्वलंत प्रमाण है। शिक्षा के, शोध के, खेल जगत के तथा सांस्कृतिक गतिविधियों के क्षेत्र हों

या समाज और राष्ट्र की सेवा के, शासन- प्रशासन के कार्य हों या मनोरंजन के, सभी में कॉलेज ने अपनी उत्कृष्टता का परिचय दिया है।

मुझे दो बार कॉलेज के चेयरमैन होने का तथा प्रबंधन समिति के सदस्य रूप में कालिंदी परिवार से जुड़ने का सौभाग्य मिला। मैंने पाया कि सभी के मन में कॉलेज को उत्कर्ष एवं उन्नयन की ओर ले जाने की सात्विक भावना विद्यमान है। जिस किसी को भी अवसर मिलता है, वह अपना सर्वश्रेष्ठ देने का प्रयास भी करता है। किसी भी शैक्षिक संस्थान के उन्नयन के लिए इसी समेकित भावना की आवश्यकता भी होती है। कॉलेज के बच्चों ने अपनी विलक्षण प्रतिभा का परिचय लगातार दिया है। नृत्य, गायन, अभिनय, संगीत, समाज सेवा, राष्ट्रीय दायित्वों का विधिवत निर्वाह, खेल जगत की उपलब्धियां सभी कुछ स्तुत्य है, प्रशंसनीय है।

पुस्तकालय हो, कंप्यूटर लैब हो, अनेक प्रकार के प्रतिभा विकास के कार्यक्रम हों, राष्ट्रीय स्तर की प्रतियोगिताएं हों, राष्ट्रीय-अंतरराष्ट्रीय संगोष्ठियां हों, राष्ट्रीय उत्सवों के आयोजन हों या विश्वविद्यालय और व्यवस्था के निर्देश हों, सभी का विधिवत निर्वाह एवं संपन्नता यह सम्पूर्ण शिक्षक समुदाय की विलक्षण उपलब्धि है।

1967 में स्थापित इस गर्ल्स कॉलेज ने तमाम सीमाओं के बावजूद जो कर दिखाया है, वह अतुल्य है। किंतु अभी आसमां से आगे जहां और भी है। कालिंदी कॉलेज एक परिवार के तरह है। हम सभी मिलजुल कर, इसे दिल्ली यूनिवर्सिटी का सर्वश्रेष्ठ कॉलेज बना सकते हैं। कॉलेज को इस रूप तक, इस मुकाम तक लाने में सभी नेतृत्व, सभी शिक्षक, सभी कर्मचारियों और अधिकारियों का योगदान अविस्मरणीय और प्रणम्य है। किंतु प्रगति और विकास के रास्ते सदैव खुले रहते हैं। खुले रखने होते हैं। आइए, आज़ादी के अमृतोत्सव पर हम सभी संकल्प लें कि कालिंदी कॉलेज के लिए, अपने विद्यार्थियों के लिए, उत्कृष्टता के शिखर हासिल करने के लिये हम सभी मन, वचन और कर्म से समर्पित रहेंगे। जो जीवन, जो दायित्व ईश्वर ने हमें दिया है, उसके प्रति सदा-सर्वदा निष्ठावान रहेंगे। यह कॉलेज हम सबकी

कर्मस्थली ही नहीं, धर्मस्थली भी है। इसके चहुँमुखी एवं बहुमुखी विकास और उन्नति का यज्ञ हमें मिल कर सम्पन्न करना है। अपने अपने हिस्से की आहुति हम सभी को प्रदान करनी है।

इस कॉलेज ने अपनी 56 वर्ष की यात्रा में, शिक्षा जगत को, ज्ञान की दुनिया को, दिल्ली यूनिवर्सिटी को और देश दुनिया को अतुल्य योगदान किया है। हम सभी चाहते हैं कि कालिंदी कॉलेज का यश और कीर्ति भी भगवान कृष्ण की कालिंदी (यमुना) नदी की तरह कालजयी हो, अक्षुण्ण हो, प्रणम्य हो। यह वार्षिक उत्सव एक रस्म अदायगी बन कर न रह जाए। प्राचार्य, शिक्षक, चेयरमैन आते जाते रहते हैं, किंतु उपलब्धियां शाश्वत होती हैं। उन्हीं को याद किया जाता है। जिन बच्चों को हम ने शैक्षिक अवदान से निर्माण किया है, वो कितने उपकृत हैं, यह उनसे पूछ सकते हैं। उनकी उपलब्धियां हम सब के गौरव का विषय है।

अतः मैं कालिंदी परिवार को शत शत मंगलकामनाएं देता हूँ तथा ईश्वर से करबद्ध प्रार्थना करता हूँ कि सभी परिजनों को कॉलेज के नवनिर्माण की शक्ति एवं युक्ति प्रदान करें। परस्पर सद्भाव, सहयोग एवं सर्वस्व के कल्याण की सात्विक भावना सभी के निष्पाप चित्त में संचरित करें।

True education is the inculcation of practical knowledge and skills for the harmonious development of the physical, mental, and spiritual powers. It goes beyond imparting

---

bookish information to include character building, teaching ethical values, and empowering critical thinking to affect positive change in society. The motto of Kalindi College, "*Knowledge, Modesty, and Sense of Duty*," was adopted and envisioned on this understanding of what education should aim at. At Kalindi, the creativity and inherent talent of each student are honed to the fullest extent possible. We strive to provide an academic space where the power of the human mind, spirit, and self-actualization find their full expression and foster confidence and self-discipline in each student. Training the students to develop critical and divergent thinking to become informed citizens with precise vision has been a pivotal objective of our teaching-learning process. Further, co-curricular and extra-curricular activities have been a pertinent aspect of education at our college for the holistic growth of the students.

It is a matter of great satisfaction for me to announce that the academic session 2022-2023 has been tremendously successful in terms of academic feats and co-scholastic development. Under the guidance of competent and committed faculty, our students have done extremely well. Our students have won several accolades and awards for our college. These achievements call for laudable applause and grand celebration.

This glorious journey of fifty-six years has come a long way. We started our humble journey way back in 1967, when Kalindi College was established in a school building in Dev Nagar. Today, the college is located on its own magnificent campus of 8.25 acres, well equipped with all modern amenities and innovative infrastructure. With a team of 179 well-qualified, dedicated teaching faculty who are always actively engaged in academic pursuits along with their institutional responsibilities and a 75-member efficient and cooperative administrative, technical, and support staff, the college aims to provide quality education and all-round development to its students. The college, which started with just 599 undergraduate students in 1967, has grown to 6604 undergraduate Regular, Non-Collegiate, SOL, and postgraduate students in this academic year. The college has also gradually increased the number of courses to **21**, with a total of **20** courses in various disciplines at the graduate level and **1** additional add-on course. This is a big victory, and we definitely deserve to celebrate it.

It is indeed a great privilege to be associated with this prestigious institution, and personally, I take so much pride in the presentation of its Annual Report every year, over the last many years of my principalship. At this moment, while presenting the Annual Report 2022-2023, I'm overwhelmed with a mix of emotions, knowing that I

---

shall be presenting the Annual Report of Kalindi College for one last time before my superannuation this month. I'm filled with a sense of affection, gratitude, fulfilment, and nostalgia. I joined Kalindi College on 16th April 2009 and since then I have found a home and family here. To celebrate the progress and achievements of my Kalindi is always my greatest joy. To have the honour of presenting the college annual report for the final time at this moment is really a special privilege. I hold it so dear to my heart.

With a sheer sense of vigour, passion, creativity, dynamism, and strength, youth are the voice and harbinger of change, progress, and development to create a resilient future. They assume a crucial role and responsibility in the progress of socio-economic development of the society and nation at large. A nation can advance only when the resources and potential of its youth are usefully and profitably navigated. So providing and expanding opportunities for their potential to be exploited and translated in the most productive way must be a priority. When their abilities and capabilities are given an unrestricted and conducive outlet for expression and sensible utilisation, they can learn to invest and channel their resources effectively for economic and social growth and for the maximum benefit of the society. Keeping this motivation in mind, we strive to provide training and experiences to our students in the most pliable and dynamic way possible.

We have provided opportunities and pedagogical strategies for students to learn independently, to retrieve information from various sources, to analyse it critically, and to utilise it adequately by undertaking project-based learning and other multi-disciplinary learning activities. To create means of cooperative efforts to positively contribute to the academic and research activities of the students, in November 2022, three MOUs were signed by Kalindi College with various international universities. These MOUs include, *Chartered International Da Vinci University (CIDVU)*, Delaware, USA; *West Coast International University of Sciences, Technology, Management & Arts (WCIUSTMA)*, Delaware, USA; and *Crown University International Chartered Inc. (CUICI)*, USA, Santa Cruz Province, Argentina.

With the firm and consistent support of committed expert teachers and non-teaching staff, a lot of diverse activities have been devised and effectively carried out in the college. Our vocational degree course, B. Voc. (Web Designing) is running successfully under the responsibility and management of Dr. Pankaj Kumar as Nodal Officer and Dr. Sweety as the coordinator. Besides 18 courses in Humanities, Commerce, and Science

---

disciplines, the college also offers professional degree courses in Computer Science and Journalism, and one contemporary add-on Certificate Course in French. The college is successfully running the Centre of Non-collegiate Women's Education Board (NCWEB), under the leadership of Dr. Utpal Kumar (till 20/02/2023) and Dr. Nivedita Giri (w.e.f. 20/02/2023). With a dedicated team of 56 faculty and a team of 11 administrative staff, this centre imparts quality education to 1206 students of B.A. (Prog.) and B.Com. (Prog.) courses. The college is also running the School of Open Learning Center (SOL) effectively, under the leadership of the Deputy Coordinator, Prof. Meena Charanda and Section Officer, Mr. Vikas Sharma. In this academic session, with a team of 15 dedicated teachers and 13 administrative staff, SOL is imparting education to more than 1000 students of B.A. (Prog.) first year. I congratulate Dr. Pankaj Kumar, Dr. Sweety, Dr. Utpal Kumar, Dr. Nivedita Giri, Prof. Meena Charanda and Mr. Vikas Sharma for carrying out their responsibilities efficiently.

With determination and perseverance, we actively strive to combat the challenges, consistently upgrade ourselves, and give our best to ensure our fundamental goal of educating and empowering our students. We have worked very hard for the best interests and maximum benefits of our students. In my close association with the college over the last fourteen years, I have seen it scaling new heights and moving uphill. The National Accreditation and Assessment Council (NAAC) has accredited Kalindi College with A+ Grade in the assessment conducted in December 2022. I can confidently claim that Kalindi has proven time and again and emerged as a beacon of academic excellence. This is all because of the collective efforts of my Kalindi family.

My dear students, I would like to exhort with these words today. **"Make optimal utilisation of opportunities and exploit every means to acquire knowledge because knowledge is power. Learn, excel, and impact a change. Don't let circumstances limit you. Hold your head high, keep your gaze beyond the horizon, keep your foot rooted in the ground and move forward. Keep learning and striving for your goal with hard work, determination, and perseverance"**.

Malcolm X has beautifully put it: **"Education is the passport to the future, for tomorrow belongs to those who prepare for it today"**. The journey of education that my students are embarking upon now is as much about themselves as it is about our society, because they are the agents of change. They are the hope of the family and the vision of our nation. Each of them possesses the potential to translate this dream into reality and as parents and teachers, we shall continue to give our best support to help them transform this aspiration into substance. Investing in them now is like planting the seeds for a better tomorrow. To mold them into the best version of themselves, to train them for employability and generate employment, to disseminate strong values of citizenship and nation building and civic and moral sense are the focus of our investment. As teachers, parents and students, we are in pursuit of these shared ambitions. I believe that this where all the stakeholders come together to envisage an empowered picture of Kalindi to make it a sanctuary for the dreams of these young women to nurture, to prepare grounds to for their wings to take flight and flourish.

I am indebted to all my teaching staff for their continuous support in every possible way, in running the college smoothly, and for their active involvement and effort for the overall growth and development of the college. I sincerely acknowledge their support

## PREPARATION OF SSR AND NAAC ASSESSMENT FOR CYCLE 2 ACCREDITATION

As per new guidelines of NAAC for assessment and accreditation, a three-step-process is developed to assess and grade institutions where 70% of the score (quantitative metrics) is achieved during SSR submission and 30% outcome is evaluated (qualitative metrics) during NAAC Peer Team Visit. There were successive steps for the completion of SSR submission and the college has successfully qualified all the processes as mentioned below:

- **Registration and IIQA Qualifier:** Institutional Information for Quality Assessment (IIQA) was submitted on 21/04/2022 and college qualified the IIQA on 06-05-2022. This qualifier enabled us to upload SSR within the next 45 days.
- **Self-Study Report (SSR) preparation and submission:** SSR for cycle-2 covered the period 2016-2021, it was prepared by IQAC core team with an extensive SSR criteria committee, and as per new guidelines the SSR has to be uploaded in prescribed formats (Excel and Words) on NAAC portal. So, for this cycle a dedicated computational team was also constituted to assist and finalize the SSR in all aspects. Self-Study Report covered the academic achievements, activities and infrastructural & administrative additions in all spheres during 2016-2021 and was submitted on 14<sup>th</sup> June 2022.
- **Data Validation and Verification (DVV):** This is one of the crucial steps in accreditation where NAAC critically verifies all the claims made by the institution, through document verification and validation. DVV started from 25-06-2022 and IQAC, submitted all the queries on 10-07-2022 without any major deviation, successfully qualified the process.
- **Student Satisfaction Survey (SSS):** SSS is an important part of the assessment as the SSR prequalification could only be done after achieving a satisfied score which is calculated on the basis of feedback submitted by our prime stakeholder i.e., Students. SSS started on 16<sup>th</sup> June 2022 and we have successfully qualified the same within a week.
- **SSR Prequalification:** The final and last of SSR qualification was achieved on 10-08-2022 after SSS and then college started to prepare for PEER Team Visit.

Research Project Allocation Committee is a dedicated committee of the college which takes care of inviting undergraduate project, their screening and evaluation through external experts, allocation of funds and final submission of the college funded research projects.

College funded research projects have been initiated to create an ambience of research in the college where each department is invited to submit one or more research projects under two categories i.e., discipline specific (where projects are invited from particular subject area) and interdisciplinary research field (where at least two departments collaborate for a project). The aim of the research projects is to inculcate research interest in students. While following the University approved syllabus in all disciplines, faculty and students are encouraged to search and learn new developments in their respective disciplines, review literature, field & market study, hands-on experiences, practical knowledge, sustainable environmental awareness, innovative research, medical health, etc. So that they encouraged to pursue the same in their higher studies.

The college is promoting such undergraduate research by yearly allocating some seed money to research projects involving students as research investigators under the supervision of faculty as principal investigators

RPAC in this context works meticulously to enhance and upgrade the process of research project allocation and also adopts various measures to maintain the quality, involvement and authenticity of each project through following procedures:

- It formulates and keeps on updating the research project guidelines as per the latest requirements of Research and Publication ethics formed by the nodal agencies such as UGC CARE, COPE etc.
- It also prepares the guidelines of funds allocation and its utilization.
- External experts are invited for monitoring and accountability of and transparency in research projects. Faculty is being encouraged to search for sponsors and funding for better quality research in future.

The objective of this ongoing undergraduate research is to augment academic research, actionable programme, extension and community outreach activities and outline a roadmap for future innovations.

In academic session 2022-23, as the college was preparing for NAAC Peer Team Visit for cycle 2 accreditation, so college funded research project were invited in November 2022 and there are 22 projects proposal have been received in which 16 are subject specific and 6 are of interdisciplinary nature.

Procedure of scrutiny of project proposals and allocation is underway, however, keeping in consideration of staggered manner of semesters and hence admission which hinders the maximum involvement of students and further, as per NAAC Peer Team suggestion to strengthen the research culture, RPAC is looking for Research Mentorship form external research oriented institutions/department, and we are under the process of signing MoUs with University departments of JMI, JNU, DU for the same.

RPAC is working on all the aspects and very soon will allocate the College Funded Undergraduate Research Projects.

**ONE DAY WORKSHOP ON HANDS-ON TRAINING IN CONFECTIONERY SCIENCE  
(23<sup>RD</sup> SEPTEMBER 2022)**

A workshop on Hands on training in Confectionery Sciences was organized by the Entrepreneurship, Skill Development and Innovation Cell (ESDIC) of Kalindi College on 23rd September 2022. Dr. Nisha Bakshi Convenor of the ESDI Cell welcomed and introduced the resource person. Mrs. Kiran Chaliha, an expert in bakery and confectionery science, who enlightened the students on the various aspects of chocolate making. It was organized with the purpose of providing hands-on training to the students in confectionery science. Mrs. Kiran explained how chocolate is extracted from cacao plants. Chocolate is processed from the seeds of the cacao plant. She also told us about its history and how it has been used since ancient times. It was cultivated by the Aztec, Toltec, and Maya people and was used as a ceremonial drink. The beans of the cacao plant were used as currency as well. The beans reached Spain through Cristopher Columbus. As it was too bitter for European taste, sweeteners were added when it was introduced to the Spanish Court. Then she moved on to the next part of her presentation where she told us about the different types of compound chocolate that are used to make chocolates and how additional nuts and flavoring could provide taste to the chocolate. She put the

melted chocolate into different molds. Seeing the enthusiasm of the students she also let a few students try their hand at making chocolates. Overall, the workshop provided the students with an opportunity to get to know more about confectionery science and how it could be developed into a successful career. **Pravah** is the trilingual student magazine published by the college and released on Annual Day. Published in English, Hindi and Sanskrit, it provides students a medium of expression and showcases their preoccupations, thoughts and feelings, both through writing and their art work. Furthermore, the magazine also gives space to the photographs of the events and activities that the college organises throughout the year.

The theme of Pravah this year is “Wellness and Healing”. This topic is relevant to one and all. With the recent emphasis on health, we are now beginning to have a more holistic perspective, i.e. one that includes a sense of wellness and well-being, not merely the absence of stress.

Till recently, most people’s notion of good health centred on the absence of disease or the prevention of ailments. The contemporary focus has shifted to the concept of wellness and healing. This is a comprehensively different approach to living life. It believes the human is a multi-dimensional being. Each aspect of the person, namely, physical, emotional, mental and spiritual, is addressed. Mindset plays a significant role in our health and wellness. People have moved away from conventional medicine towards more soothing, natural practices of healing the body and spirit. Pravah 2022-23 explores this new way of looking at the holistic person and their health and well-being.

There are a number of students and colleagues who have worked on this edition of Pravah, whose work is deeply appreciated. We are grateful to our Principal, Prof. Anula Maurya for her support and encouragement. We thank all the colleagues who are part of Team Pravah who help shape the magazine. We also appreciate the hard work put in by the entire team of student editors: Kavya Agarwal, III BA(H) English, and Anamica, II BA(H) English (English Section), Vishakha, Mansi, Bharati, all from III BA(H) Hindi (Hindi Section), and Neha Srivastava, III BA(H) Sanskrit, and Niyati Mishra, I BA(H) Sanskrit (Sanskrit Section).
