PRESS RELEASE

Allocation-cum-Admission schedule for Undergraduate admissions for the Academic Session 2023-24

The schedule for allocation-cum-admission to all Undergraduate programs of all Colleges of University of Delhi for the Academic Session 2023-24 is as under:

1. Commencement of Phase II of CSAS

After the declaration of results of the Common University Entrance Test (CUET)-UG by the National Testing Agency, the University announces the commencement of Phase-II of Common Seat Allocation System (UG)- 2023 (CSAS (UG)) from **Monday July 17, 2023.**

In this phase, the candidates who had successfully completed the Phase-I must login to their dashboard (<https://ugadmission.uod.ac.in>) to choose their preferred Programs and College combinations, subject to fulfillment of the eligibility criteria.

Candidates who have still not registered themselves on the CSAS portal will also be able to register as the University has decided to keep both the phases open till **04:59 p.m. Monday, July 24, 2023.** Phase-I and Phase-II will close at **04:59 p.m. Monday, July 24, 2023,** and the preferences saved/submitted by the candidates will get auto-locked on reaching the deadline of 05:00 pm Thursday, July 27, 2023.

2. Correction Window

A Correction Window has also been provided for candidates who have already completed their Phase-I and wish to edit/modify certain fields.

This is a one-time facility for candidates to update their profile. OBC(NCL), EWS, SC, ST, Minority, PwBD, candidates who wish to re-upload their updated documents/certificates can do so in the Correction Window.

Candidates will not be allowed to edit/modify the following fields in the Correction Window:

- a) Candidate's Name
- b) Candidate's Photograph
- c) Candidate's Signature

- d) Candidate's Gender
- e) Candidate's Registered Email id
- l) Candidate's Mobile number
- g) Candidate's Category/Sub-Category/Caste/Supernumerary Quota

Candidates will also not be able to apply for ECA and Sports Supernumerary Quota during this Window. However, they may re-upload their certificates.

Only the documents/certificates uploaded on the NSAS portal will be considered for admission purposes.

The Correction Window will be open till **04:59p.m. Thursday, July 20, 2023.**

3. Calculation of Program-Specific merit score

In Phase-II, the Candidates will have to map the subjects studied by them in Class XII to those in which they have appeared in CUET-2023. Only those subjects will be considered in which the candidate has passed his/her Class XII board exam. In case the subject studied in Class XII was not a part of CUET, the subject similar or closer to the subject studied in Class XII will be considered. It will be sole responsibility of the candidate to provide correct subject-mapping.

For admission, the University of Delhi will consider subject-based "Normalized Score" provided by NTA for calculating the Program-Group merit scores. The candidates will be able to see their Program-Specific CUET score, based on the Normalized score, for all the Programs in which they are eligible for. These Program-Specific CUET scores will be auto-calculated and displayed on the dashboard of the candidates.

4. Advise For filling the Preferences.

In the section of "Preference Selection", the candidate will be able to select and order his/her preferences. The "Available Preferences" tab will display all the possible Program + College combinations the candidate may choose from. In addition, the candidate can use the "Advanced Filter" option available at the top to filter the Colleges as well as the Programs. The candidate will have to choose and order the preferences as per his/her choice. The order of selection will also determine the preference order. The candidate can use 'Top, Bottom and Preference Number' icons to reorder their preferences. The final order of preferences, as filled and saved, will then be reflected in the "Selected Preferences" tab. Once satisfied with the preference order, the candidate must "Save Changes" to submit his/her preferences.

Preferences saved by the candidates will determine the allocation and admission of the candidates. It is advisable to choose maximum number of preferences in which a candidate is willing to take admission, if offered. Addition/deletion/editing the Programs and the Colleges after the deadline for the Phase-II will NOT be allowed.

ORIENTATION

We are excited to announce that the upcoming academic session for first-year students at Kalindi College will begin soon.

Situated within the esteemed North Campus of the University of Delhi, Kalindi College stands as a premier institution renowned for nurturing exceptional talent and producing world-class leaders in various disciplines. It is with great pleasure that we extend a heartfelt welcome to the newly admitted students, inviting them to become an integral part of our college's enduring legacy.

To provide students and their parents with an immersive introduction to the college's vibrant atmosphere, infrastructure, and comprehensive facilities, we have meticulously planned an orientation programme. This interactive session, scheduled to take place a day prior to the commencement of classes, will serve as an invaluable opportunity for students and guardians to familiarize themselves with the college's offerings. During this engaging experience, we will share crucial information pertaining to the academic calendar, internal assessment procedures, co-curricular and extra-curricular activities, disciplinary guidelines, anti-ragging regulations, fee concessions, short-term add-on courses, cleanliness protocols, and more. By providing this comprehensive orientation, we aim to ensure that students are well-equipped to embrace the college's ethos and make the most of their educational journey over the next three years.

We encourage all students and parents to regularly visit the college website for timely updates regarding the specific dates of the college orientation program and individual departmental orientation programs.

RETIREMENT CEREMONY OF FORMER PRINCIPAL, PROF. ANULA MAURYA

Prof. Anula Maurya, who joined Kalindi College in 2009 as Principal and served the college for more than 10 years, achieved her superannuation on 31st March 2023. Prof. Anula Maurya has always been an asset to Kalindi College ever since she joined the college as Principal and her long association with the college, her utmost dedication and hard work paved the pathway for the college to achieve new heights and accolades such as consecutive prestigious “**Grade A**” in cycle 1 (2016) and “**Grade A+**” in cycle 2 (2022) of **NAAC Accreditation**. In her leadership, Kalindi College became a **two time Award winner for Best College in Antardhwani**, the University level competition among colleges for Best Practices.

Her inspiration and commitment is reflected in terms of infrastructural upgradation in the campus; introduction of various Honours courses and add-on/certificate courses; permanent appointment of 27 teaching staff and 15 non-teaching staff and many more such contributions made by her to the college in this remarkable journey.

To pay a sincere regards to Prof. Maurya, Kalindi College Staff Association organised her Retirement Ceremony on 31st March, 2023. Prof. Maurya was felicitated with a token of gratitude and appreciation by the Staff Association Office Bearers; several staff members shared their loving memories and emotions, the day-long program culminated with a lunch and vote of thanks.

PRINCIPAL'S MESSAGE

Dear Students,

I, on behalf of the esteemed faculty and administration of Kalindi College, extend a cordial welcome to all of you as you embark on an inspiring journey at this esteemed institution. It is with immense pleasure that we greet the incoming batch of enthusiastic students, who have chosen to be a part of Kalindi College, a renowned establishment that has a rich history and a strong commitment to academic excellence.

Founded in 1967 with a humble enrolment of 599 undergraduate students, Kalindi College has experienced remarkable growth throughout the years. Today, we take great pride in welcoming over 4,000 students comprising Regular Undergraduate, Non-Collegiate, School of Open Learning (SOL) and Postgraduate programs. This exponential expansion stands as a testament to the unwavering dedication and collective efforts of our students, faculty, and staff, evoking a profound sense of pride within our institution. At Kalindi College, our commitment to academic excellence has garnered recognition from the esteemed National Assessment and Accreditation Council (NAAC) which has awarded us an exemplary "A+" grade. For 56 years, we have remained steadfast in our pursuit of knowledge, guided by our motto "Gyanam Shilam Dharmashchaiv Bhushanam," emphasizing the virtues of knowledge, modesty, and duty. It is through these principles that we seek to empower our students to carry forth the rich legacy of our esteemed college. As you embark on your journey at Kalindi College, I implore you to seize the abundant resources and opportunities our institution offers. By harnessing your youthful enthusiasm, we can collectively propel our college towards new horizons and unprecedented heights. Let us together embrace the transformative power of education and contribute to the continuous growth and development of our academic community. With persistent support, guidance, and a nurturing environment, Kalindi College is poised to provide you with the ideal platform for personal and academic growth. Embrace the journey that lies ahead, cultivate a thirst for knowledge, and immerse yourself in the wealth of possibilities that await you. We wholeheartedly believe in your

potential to make a profound impact on society, and we are honoured to be a part of your educational journey.

At Kalindi College, we prioritize both academic excellence and holistic development. We have cultivated a learning environment where students can excel academically, engage in sports, and participate in various co-curricular activities. Our dedicated faculty members, who are experts in their respective fields, are actively engaged in research, institutional responsibilities, and imparting quality education to our students. We believe in equipping our students with the necessary skills and knowledge to navigate the emerging trends and advancements in their chosen disciplines. To facilitate this, we organize a range of academic workshops, seminars, and conferences, providing a platform for intellectual growth and exchange.

We are committed to ensuring that our students make the most of their college experience, and as such, we have implemented attendance policies to encourage regular class participation. Scholarships and rewards are also available to deserving students across different categories, ensuring that financial barriers do not hinder their academic journey. Additionally, our institution values the importance of open communication, and we conduct regular Parent Teacher Student Interface (PTSI) meetings to foster dialogue and receive feedback.

Kalindi College takes pride in its reputation for excellence in academics, sports, and extra-curricular activities. We have witnessed a significant rise in university rank holders in various disciplines, with students consistently achieving 100% marks and receiving O and A+ grades. Our sports teams have excelled in various national and international competitions, displaying exceptional talent and bringing accolades to our institution.

Behind the scenes, our highly skilled administrative and technical staff members, numbering 84, work tirelessly to ensure the smooth functioning of the college. Their efforts contribute to maintaining cleanliness, hygiene, and a nurturing environment that prioritizes the safety and well-being of our students and employees. We have zero tolerance for any form of discrimination and have implemented robust measures, including an Anti-Ragging Policy and disciplinary actions against anti-social activities. Our Internal Complaints Cell provides students with a fair platform to voice their concerns, while dedicated cells such as the SC/ST/OBC Cell, Women's Development Cell, Gandhi Study Circle, and the Dr. B.R. Ambedkar Study Centre promote sensitivity, education, and equality.

The previous academic year posed unprecedented challenges, with a transition from virtual to physical modes of teaching and learning. However, with resilience and determination, we successfully adapted to the circumstances. Online academic and cultural activities, as well as online examinations (OBE), were conducted effectively. Thanks to the collective efforts of our professors, staff, and dedicated students, a smooth transition to the offline mode was made possible. We transformed challenges into opportunities and emerged stronger.

I eagerly anticipate formally welcoming you to our institution, which is committed to providing an inclusive campus experience and an enriching learning environment. Together, let us embark on a journey of academic excellence and embrace an empowering outlook towards life.

Prof. Meena Charanda
Acting Principal

KALINDI COLLEGE: ENVISIONING AIMS, OBJECTIVES AND A ROADMAP

Kalindi College, an esteemed institution in the University of Delhi, is dedicated in its pursuit of academic excellence while making significant contributions to society. With an unwavering focus on academic rigor, we have garnered numerous national and international awards and honours, attesting to our commitment to intellectual excellence and scholarly achievements. These accolades serve as a testament to the collective efforts of our faculty members and students who have consistently exhibited exceptional intellectual prowess and a thirst for knowledge. We take immense pride in our esteemed alumni who have emerged as trailblazers in their respective domains, leaving an indelible mark on society, including dignitaries, academicians, and scholars.

Situated on an impressive 8.25-acre campus in Patel Nagar, Kalindi College has an exceptional infrastructure designed to support a thriving academic environment. Our facilities include the Training, Research and Innovation Block, Chemistry Laboratory, an Amphitheatre for cultural events, the Students' Amenities Block, and a Sports Utility Centre. Additionally, we provide Gymnasias, a Teachers' Cyber Centre, and enhanced security measures such as an extra Security Gate. Our Science Block has been expanded to accommodate the evolving needs of our students, and we offer ample parking space for convenience. Emphasizing the importance of green spaces, we have created serene areas like August Kranti Park, Saraswati Park, Buddha Park, Butterfly Park, and a delightful Herbal Garden. Furthermore, we prioritize student well-being by implementing essential amenities such as a Rainwater Harvesting System, RO-water purifying systems, fire extinguishers, and sanitary napkin dispensers. With 31 completed projects and ongoing efforts to improve our infrastructure, we are dedicated to providing an optimal learning environment for our students.

Kalindi College offers a diverse range of academic programs, including 20 core courses that encompass various fields of study. Additionally, we provide 2 contemporary short-term add-on Certificate Courses designed to equip students with in-demand skills in the modern global market. These programs cover areas such as Foreign Languages: French and Chinese. We are proud to cater not only to regular students but also to those from the Non-Collegiate Women's Education Board and the School of Open Learning Centre. Our institution is supported by a team of 176 highly qualified and distinguished teaching faculty members who are actively engaged in academic pursuits and institutional responsibilities. Furthermore, we have an efficient and cooperative administrative/technical/support staff comprising 86 members who contribute to the smooth functioning of the college. Together, we are committed to providing quality education and holistic development to our diverse student body, which consists of over 7,400 students from around the world.

In our pursuit of academic excellence and the provision of world-class facilities, Kalindi College has undertaken various initiatives to enhance the amenities available on our campus. We are currently in the final stages of completing the Girls' Hostel, which will feature 80 rooms with 240 beds. Additionally, we have several sanctioned projects in progress, including the renovation of Sangam Parisar, complete electrification of the campus, expansion of the library, and improvement of the sewer system. Furthermore, we have eight upcoming projects that include the extension of the science block and academic block, development of the sports ground, provision of a lift for differently-abled students and teachers, installation of 40 additional CCTV cameras for enhanced security, and implementation of a centralized public-addressing system for the college.

At Kalindi College, we prioritize classroom teaching and pedagogical innovation to provide an academically sound education. Our dedicated faculty members are committed to staying abreast of the latest developments in their respective fields, ensuring that our curriculum remains relevant and up-to-date. We foster an environment that encourages research, development, and innovation, extending learning beyond the confines of the classroom. Through close interaction and mentoring from professors, we aim to develop the critical and analytical skills of our students. Our curriculum plans and syllabi-completion reports ensure streamlined teaching for the benefit of our students. In recognition of the evolving nature of education in the post-Covid era, we have placed great emphasis on providing e-resources to our students through various online platforms, including our college website. Additionally, our esteemed faculty organizes seminars and workshops featuring renowned scholars at the international and national levels, providing our students with exposure to world-class education and training. We have implemented a Mentor-Mentee Programme, formalizing student mentoring to assist them in navigating academic and psychological challenges on their path to success. Every aspect of students' overall growth and personality development receives due attention, with medical care and psychological counselling readily available through a fully-staffed and well-equipped medical room and professional counsellors.

By fostering a vibrant scholarly environment, nurturing academic collaboration and celebrating intellectual achievements, our college remains dedicated in its commitment to shape a generation of competent citizens who will bring pride to the nation through their contributions to the global community of dreamers and innovators. Join us on this transformative journey and experience a world-class education that prepares you for a remarkable future.

Committee for Coaching And Remedial Classes

Convenor: Ms. Anshu Chotani

Co-Convenor: Dr. Krishna Kumari

Kalindi College continuously strives to provide all-around help and assistance to its students. For this purpose, the college has created an excellent infrastructure and offers academic and co-curricular activities on campus. The college gives utmost importance to facilitating career

counselling, placement and other professional help for young and aspiring students who wish to establish their careers. Kalindi College organizes remedial classes for students who need help in their academic sessions to perform well without any charges. The main objective is to improve their understanding of their discipline subjects and to help and guide them in their studies. The timetable for the entire college for the academic year is prepared in coordination with other departments like- Mathematics, Political Science, English, Hindi, Economics, Sanskrit, etc. The cell was instrumental in persuading and motivating the required teachers to agree to conduct classes voluntarily for the benefit of the weaker students. A lot of students benefited from this initiative.

In February 2012, the College started these coaching classes for its registered SC/ST/OBC (excluding creamy layer) and Minority students under the Merged Scheme of XI Plan, UGC. These classes were attended by enthusiastic students from these backgrounds that showed a keen interest in learning. Students are benefited from professional coaching by experts in their respective fields. In addition to coaching classes, these students were provided study materials such as books/ computer facilities, newspapers, competitive magazines and online resource materials etc. The faculty members of the college and some experts from outside, who have vast experience in their respective fields were engaged as coordinators/instructors. The main focus of the resource person is to improve the areas in which students face difficulties so that the students can appear and prepare themselves for different competitive exams.

The Internal Committee

Prof. Sangita Dhal,

Presiding Officer, Internal Committee

Gender Sensitization and Gender Justice are the pillars of any strong institution. Keeping this in mind, Kalindi College strives to provide a safe and secure ambience to its students, faculty and staff members where they can thrive. **The Internal Committee (IC)** formerly known as Internal Complaints Committee (ICC) of Kalindi College facilitates such a vision and has necessary mechanisms in place to address complaints of sexual harassment swiftly and diligently. **Internal Committee** deals with the cases of sexual harassment in the college premises. The Sexual Harassment of Women At Workplace (Prevention, Prohibition and Redressal) Act, 2013, provides protection against sexual harassment of women at workplace and for the prevention and redressal of complaints of sexual harassment. *(Please check the college website for more details: www.kalindi.du.ac.in).*

The XV-D ordinance is based on the Policy Against Sexual Harassment by the Delhi University and seeks to maintain and create an academic and work environment free of sexual harassment for students, academic and nonteaching staff of the Delhi University. "Sexual Harassment" includes any unwelcome sexually determined behavior, whether directly or by implication and includes physical contact and advances, a demand or request for sexual favours, sexually-coloured remarks, showing pornography or any other unwelcome physical, verbal or nonverbal conduct of sexual nature. The Supreme Court held that the sexual harassment of a woman at a workplace would violate her fundamental rights of gender equality and right to life and liberty under Articles 14, 15, 19 and 21 of the Indian Constitution.

IC consists of the following members:

(a) One Presiding Officer who shall be a senior faculty member

- (b) Two Members from amongst the Teaching Staff
- (c) One member from amongst non-governmental organisation or legal firm familiar with issues relating to sexual harassment:
- (d) Two non-teaching staff members
- (e) Three elected student representatives

Internal Committee of the college conducts workshops and organizes gender sensitisation programs on regular basis for students, faculty members, administrative and contractual staff.

Anti-Ragging Committee

Convenor: Prof. Naina Hasija

Co-Convenor: Dr. Aprajita Gaur

‘Ragging’ means the doing of any act which causes, or is likely to cause any physical, psychological or physiological harm of apprehension or shame or embarrassment to a student, and includes,

- (a) Teasing or abusing or playing practical jokes on, or causing hurt to any student.
- (b) Asking any student to do any act, or perform anything, which she/he would not, in the ordinary course, be willing to do or perform.

Ragging is different from other crimes because the motive is solely to get perverse pleasure. Ragging is also different from other crimes as it is actively promoted by certain sections of the society.

Observation and Directives of the Supreme Court:

The Supreme Court of India has observed that enrolment in academic pursuits or a campus life should not immunize any adult citizen from the penal provisions of the laws of the land. According to the directions of the Supreme Court, if any instance of ragging is brought to the notice of the administration or the faculty, it is legally binding on the institute to report the matter to the Local Police.

Anti-Ragging

Based on the directions of the Hon’ble Supreme Court, the UGC framed the “UGC Regulations on curbing the menace of ragging in Higher Educational Institutions, 2009”. In compliance with the said Anti-ragging regulations, ragging is totally prohibited in Kalindi College, inside and / or outside the campus. Anyone indulging in the act of ragging and / or its abetment, whether actively or passively, or being a part of conspiracy to promote ragging, shall be liable to be prosecuted and punished as per mandate of UGC Regulations 2009 as well as under the provisions of any other penal law for the time being in force. Kalindi College strictly ensures that a congenial and welcoming environment is given to the freshers. To achieve this objective, an Anti-Ragging Committee has been formed by the Institute as per UGC Regulation 2009.

Roles and Responsibilities of Anti-Ragging Committee

- Zero tolerance to any act associated with ragging and to ensure strict compliance with the provision of UGC regulation 2009 at Kalindi College.
- Monitor and oversee the performance of the Anti-ragging squad to prevent ragging in Kalindi College.

Kalindi College has taken several steps to stop ragging inside college premises. During Orientation Programme, all the freshers are well informed about ragging as well as stern punitive penal action against the individual involved in the act of ragging. Freshers are also informed about contact numbers and e-mail ids of Anti-Ragging Committee members to report any ragging activity in the college. Anti-ragging committee forms Anti-ragging squad of teachers to control ragging activities in the college. Several strict decisions have been taken to curb this offence. The students involved in ragging shall be prosecuted/ rusticated or even expelled for a specific term as per decision of the Principal. Several Notice Boards have been fixed in the college at prominent places stating provisions pertaining to anti-ragging laws as mandated by the ordinance XV-C. Any student can contact the Anti-Ragging Committee in case of any untoward incident.

Attendance Committee

Convenor: Dr. Sudha Gulati

Co-Convenor: Prof. Indu Choudhary

The Attendance Committee of the college comprises of faculty members from different streams. This Committee regularly holds meetings and interacts with the administration office to ensure that proper and timely steps are taken in order to uphold the ordinances and guidelines laid down by University of Delhi from time to time, with respect to attendance of the students. The Committee also coordinates with the Teachers in-charge of various departments so that the department prepares a list of students having short attendance and arranges for letters to be sent for intimation to the parents/ guardians.

Important Rules: -

- Medical certificates shall be excluded while calculating credit towards marks to be awarded for attendance though such certificates shall continue to be considered for the purpose of calculating eligibility to appear in the examination.
- A student shall be required to attend two thirds of total number of lectures/ Practicals / tutorials/ presentations separately delivered, to be eligible to appear in the examination.
- A student who will not fulfil required conditions of attendance as mentioned above in all the subjects taken together but has attended not less than 40% of lectures/ presentations/ tutorials/ practicals during the respective semester, may at the discretion of the principal appear for ensuing semester examination. Such student shall be required to make up for the deficiency in the next semester.
- In case a student is selected to participate in NCC camps/ Civil defence work/ NSS public assignments/sports or other curricular activities or represents college at various forums, the numbers of lectures delivered during the period of absence shall be calculated as 'deemed to have been attended' only if forwarded by the concerned teacher.

Alumni Committee and Alumni Association

Convenor: Dr. Anita Tagore

Co-Convenor: Dr. Vinita Meena

Alumni association of Kalindi College is an immense network of professional contacts which helps you to build relationship between college life and career life over a long term. The

college has an active alumni association. It keeps in touch with the alumnus through a robust social network. Alumni committee in collaboration with alumni association organizes various activities throughout the year. It invites eminent alumni of the college to share their experiences and learning from their professional career. This helps to inspire the students and connects them with the external ecosystem.

Alumni Association

President: Dr. Savita Sharma

Vice President: Ms. Arushi Bathla

Secretary: Ms. Ashima Khanna Singh

Joint Secretary: Ms. Prerna Verma, Ms. Rita Naru

Treasurer: Dr. Sudha Pandey

Media publicity: Ms. Ekta Rajput

Members: Ms. Mamta, Ms. Asha, Ms. Monica, Ms. Salma, Ms. Neha

Alumni are the brand ambassadors of an institution, personifying its ethos. Their experience, learning and contributions to the society bring prestige to their alma mater. After years of hibernation, the Kalindi College Alumni Association was revived in 2009. The main purpose behind its evolution is to build a bridge betwixt alumni and the students and to enhance alumni engagement, create an ambience of a community belongingness and persuade alumni to deepen institutional ties. With this idea in mind, Kalindi College alumni committee encourages its brand ambassadors to hold various interactive sessions on multiple themes ranging from career counselling to the protection of child rights in contemporary India. Through this, the college and the alumni will be able to engage in a mutually beneficial and meaningful long term communication. Around 2000 alumni are registered in alumni association. The awareness about alumni association is disseminated through Fresher's orientation programme, face book, telegram, WhatsApp and other social media platforms.

Students' Union

Convenor: Ms. Shalini Sharma

Co-Convenor: Dr. Manila Narzary

The Students' Union is an active body appointed annually. It exists for the welfare and development of the students. Being responsible for all the core performances they organise multiple events such as: Orientation Program, Oath Ceremony, Fresher's Welcome and many others. Through the union body, students get opportunity to develop leadership and other life skills, manage events, and interact with people from diverse backgrounds. Students' Union prepare leaders of tomorrow by nurturing them within the college campus.

Activities of Various Cultural Clubs:

A number of cultural clubs are functional with the help of Students' Union. Under the guidance of respective advisors, the cultural clubs provide students with necessary supervision to hone their skills in different context and space. Seniors readily extend their helping hands to the juniors whenever needed in various club activities. Each student has to enrol for at least one club. It is mandatory for the students to attend a weekly session

conducted by their respective clubs. Clubs are quite active and teacher's involvement makes them worth joining.

Various Events and their Role in Students' Life:

Events ranging from Fresh Face, Oath Ceremony, Fresher's Welcome, Diwali Mela, Annual Cultural Fest-Lehren, Annual Day, and Farewell etc., are organized. These events not only encourage spirit of oneness among students but also provide platforms where students present their talents and get recognized on a larger scale. It also helps in bringing out the hidden talent of students as they manage everything related to the events. Participating in these events boosts their confidence and prepares them to be great future leaders. Maybe, the next Miss India or a great political leader is a part of the fashion shows and debates organized by us.

Kalpdhra, the Eco club of Kalindi College is one of the important and active clubs associated with the Department of Environmental Sciences, Kalindi College. The Teacher-In-Charge of the Department of Environmental Sciences is the convener and the two other faculty members are the co-conveners of the eco-club along with the student members as office bearers and other student volunteers who are selected after the interviews. The members of the club leave no stone unturned to generate awareness about the existential crisis of the human race from climate change. The vision of the eco-club is to ignite young minds to adopt green and eco-friendly practices and to live in harmony with nature & mother Earth. The motto of the club is “There is no life without Nature”. Eco-club meetings are held regularly and eco-club activities are planned in well advance. The club motivates young students to participate in meaningful environmental activities and projects like “Earth Day celebration”, “World Ozone Day” etc.

The Eco-Club with Garden Committee and IQAC Kalindi College under the banner of the centenary celebration of the University of Delhi organised a plantation drive and a seminar on the Topic: “Montreal Protocol @ 35: Global Cooperation Protecting Life on Earth” on 16th September 2022 i.e., World Ozone Day. The ECO CLUB released its first newsletter “CRAFTING A GREEN WORLD” showcasing the creative side of the students. The Eco-Club published its first tabletop calendar for the year 2023 with a theme “ FLYING JEWELS of Kalindi College “ depicting the butterfly diversity of the campus. The college has two sites where the Biodiversity Display Board-LIVING IN HARMONY WITH NATURE, are exhibited by the club. It contains pictures of flora and fauna taken within the Kalindi campus, between May 2022 to November 2022. 2 Mammals, 33 birds, 1 reptile, 2 amphibians and 46 arthropods (including 24 butterfly) species have been exhibited on the board. The biodiversity board was developed primarily to raise awareness of the species that coexist and interact with the campus environment.

Lehren

Convener: Prof. Indu Choudhary

Co-Convener: Dr. Manisha Arora Pandit & Dr. Nidhi Kapoor

Kalindi College celebrates its two-day annual inter-college cultural festival *Lehren*, every year. This year, the festival was organized with much zeal and fanfare on 15th & 16th February 2023 under the able guidance of hon'ble principal Prof. Anula Maurya. The theme for the fest this year was 'Utsav: The Celebration of Life' with emphasis on a positive and optimistic approach towards life post pandemic. The two-day cultural extravaganza witnessed the presence of many eminent personalities. Renowned vocalist Padma Bhushan Pandit Sajan Mishra graced the occasion as the Chief Guest while Ms. Suman Devgan, a profound ghazal singer and artist was the Special Guest for the event. Mr. S.K. Gautam, Special Commissioner of Police, Delhi was invited as the Guest of Honour. The highlight of the fest was star performances by Padma Shri Smt. Gulabo Sapera of Kalbelia dance fame and popular Punjabi pop singer Sh. Shankar Sahney.

Day 1 of Lehren 2023 started with inauguration followed by various competitive cultural events like Antakshari, Sanskrit Tarangini, Group Song, Poster-making, English Creative Writing, Slam Poetry Recitation, Rangoli, Mehendi, Graffiti, Solo Dance, Photography and Ad-Mag Show. A new addition this year was the Rhythmic Yoga and Aerobics competition aimed at emphasizing the importance of fitness in our lives. The captivating performance by the College band on the first day of the fest left the audience enthralled. The day ended with theme-based Fashion Show highlighting pertinent socio-environmental issues like cons of digitalization, climate change and environmental sustainability.

The enthusiasm of the fest was maintained on Day 2 as well. Events like Street Play, Solo Singing, Kavya Shrishti, Hindi Creative Writing, Debate, One Act Play and Group Dance saw massive participation and kept the participants engaged. Talent Show by teaching and non-teaching staff was much enjoyed by all attendees. The hallmark of the day was the star performances of Padma Shri Smt. Gulabo Sapera and Mr. Shankar Sahney followed by Footloose wherein the entire audience danced to the tunes of DJ Alizeh.

Lehren 2023 was a resounding success with the fest witnessing participation of around 1267 students in 21 different competitive events from 42 different DU colleges and educational institutes across Delhi-NCR. The major sponsors of Lehren 2023 were Canara Bank, Hero MotoCorp and The Legends Café. The media sponsors included DU.today, DU Info Media, DU Online Campus, DUCompetition, Youth Delhi and DU_India.

NCC: National Cadet Corps

ANO: Lt. (Dr.) Arti Singh

CTO: Ms. Baljit Kaur

The national cadet corps is the Indian military cadet corps with its headquarters at New Delhi. It is open to school and college students on voluntary basis. National cadet corps is a tri-services organization, comprising the army, navy, and air force, engaged in grooming the youth of the country into disciplined and patriotic citizens. National cadet corps (NCC) which comes under the ministry of defense, government of India, was established in 1917 to supplement the strength of Indian army. It focuses on the development of cadets at the physical, mental, social, and intellectual levels. It inculcates the quality of courage, fellow-feeling, discipline, leadership, and a secular perspective. It also instils a spirit of selfless service, sportsmanship, and untiring dedication to duty. The objective is to create human resource through organizational training of goal-oriented youth, who can assist the armed forces and serve the nation. Cadets are awarded ‘B’ and ‘C’ certificates which enable them to obtain 5-10% advantage in securing employment with the armed forces, police, and CRPF.

NCC plays an important part in the academics of Kalindi college. It was started in 1971 under 5 Delhi Girls Battalion and ‘Group B’ Delhi directorate, in which currently 164 students are enrolled. Recently it is added as a ‘VAC’ subject in the college. Lt. Dr. Arti Singh is the Associate NCC Officer and Ms. Baljeet Kaur is the care taker Officer. They are the main key functionary of NCC in college, who are responsible to plan and organize training with the assistance of the permanent instructional (PI) staff, detailed by the NCC unit (Kirti Nagar). These years, Kalindi college NCC achieved various milestones which includes armed force recommendation. Our cadets participate in different camps organized by NCC which includes National integration camp (NIC), Basic leadership camp (BLC), RDC (Republic Day Camp) and Annual training camp (ATC) which is the compulsory camp for all the cadets. It is held every year in two iterations, our cadets participate in this camp, return with valuable experience and everlasting memories.

‘UDAAN’, The Annual Fest of NCC of Kalindi College is organized every year by the team of cadets and the faculty of the NCC. Alike this, different colleges of University of Delhi organize such kinds of fests every year which give an opportunity to cadets to showcase their talent and make their institution proud. Ranks are also given to cadets which make them responsible for the conduct of work, event, duties, and reports at the executive level. Ranks of Army wings include SUO (Senior Under Officer), JUO (Junior Under Officer), SGT(Sergeant), CPL(Corporal) and LCPL (Lance Corporal).

Students who want to join NCC should collect the form from the NCC room available in college and submit to the Staff Advisor in the given period.

NSO: National Sports Organization

Convenor: Prof. Sunita Mangla

Department of Physical Education, Kalindi College provides health and sports-related facilities to students and staff. The department provides coaching for different games such as athletics, badminton, basketball, boxing, chess, football, handball, judo, kabaddi, kho-kho, weightlifting taekwondo, table tennis, volleyball and yoga. Besides this, we also promote games like gymnastics, shooting, swimming and tennis. The various teams of the college actively participate in Inter-College, Delhi State, National, and International tournaments.

The department also organizes inter-class matches of different games for students, faculties, and non-teaching staff of the college. Sports society also organizes invitational inter-college tournaments for different games including chess and carom for the divyang category. Seminars, workshops, and webinars on health and fitness are conducted as well.

Women Development Cell

Convenor: Prof. Indu Choudhary

The Women's Development Cell of Kalindi College is the gender forum of the college. It engages in critical issues of gender in everyday life and aims to present a nuanced understanding on how gender stereotypes can be challenged. It uses appropriate pedagogical tools to invoke the spirit of thinking among young students and faculty. In its innovative endeavours in the past, the WDC has advocated not only gender quality but gender equity in the campus. It encourages students to question gendered existentiality that is discriminatory and build on the strengths of camaraderie between women. Open workshops, seminars, campaigns, conferences, film festivals are ways in which the WDC practices mitigation of intersectional feminism in India.

Transgender Cell

Convenor: Dr. Anita Tagore

Co-convenor: Dr. Deshraj

The Transgender Cell of Kalindi College is the first of its kind in the University of Delhi. Committed to the cause of gender diversity and inclusivity, the Cell is critically engaged in debates, discussions and activism for the third gender. It has been in partnership with various development organisations to understand the issues of gender justice. In the past one year, it has collaborated with the Women's Development Cell under the Convenorship of Dr Anita Tagore to celebrate gender diverse ecosystem for the development of students in academics.

Equal Opportunity Cell

Convenor: Prof. Meena Charanda

Co-Convenor: Dr. P.P. Saini

Equal Opportunity Cell is a platform to ensure that all students are given equal opportunity to grow and develop particularly those students who are differently-abled groups including visual, orthopedic, and hearing impaired.

The Cell of Kalindi College is fully committed to provide a friendly and supportive environment to students with different abilities. In this college, there are 10 students who are differently-abled for the benefit of whom the EOC organizes an awareness program. The Programme organized by the college aims at informing the students about the challenges & prospects for a differently-abled person as well as apprising them about the Government's plan for academic, financial, scholarship, job opportunity and other benefits in detail. The Cell aims at informing the students about all facilities in college for them.

Though the percentage of students with disabilities is very low but the college has taken initiatives to make the college campus barrier-free. The ramp and railings have been made in the college buildings and library. The college has purchased wheelchair to provide help to these students. Students with disabilities are provided with any kind of help they needed. This cell is also working towards organizing different programs for the benefit of differently-abled students.

As per the new guidelines issued by the university complete waiver of fees for such students has been implemented.

Social Responsibility Cell

Convenor: Dr. Renu Bala

The Social Responsibility Cell of Kalindi College, operative since 2015 was formed to undertake the challenge of creating socially responsible citizens. The Cell has been creating a remarkable impact in the society by conducting various initiatives namely: blood and organ donation drives, no-plastic campaigns, youth sensitisation workshops, skill development training and visits to old age home through numerous projects.

The Cell comprises of two verticals: Enactus Kalindi and Connecting Dreams Foundation (CDF) Kalindi. They provide innovative, responsive and effective platform for students to explore and pursue their passion. These activities help in shaping socially and ethically responsible leaders and citizens

Enactus Kalindi has been working on three projects- Project Rehmat, Project Weran and Project Rahi, that use the power of entrepreneurial actions to transform lives. It promotes innovative solutions thus creating impact in aspects like sanitation, agriculture, environment, reducing inequality and women empowerment for sustainable development.

Connecting Dreams Foundation (CDF), Kalindi College chapter, through its Project Kilkari, Project Unnati and Project Yukta, which are aligned to the United Nations Sustainable Development Goals (SDGs), aims at uplifting the underprivileged section of the society through entrepreneurial ventures and actions, bringing a ray of hope in the lives of poor and economically marginalized people.

Participation in the activities of the Social Responsibility Cell provides students with the opportunity to make meaningful difference in their communities while gaining experience, skills, and contacts necessary to build a successful career. Since inception, the Cell has fulfilled its commitment through various cooperative and social actions, as well as student and institutional initiatives, with utmost transparency and accountability.

The remarkable progress made in such a short span of time is testament to the pedigree of our faculty, resource and alumni. As a member of the Social Responsibility Cell at Kalindi College, the student builds a worldwide network with more than thousands of other students

and business leaders who are making their contribution towards our shared mission of creating a better world.

Dr. B.R. Ambedkar Study Centre

Convenor: Dr. Garima Prakash

Co-Convenor: Dr. Rajni

Dr. B.R. Ambedkar Study Centre of Kalindi College (University of Delhi) was started in the year 2017 with the aim to create awareness amongst students and teachers about the ideology and vision of Dr. B.R. Ambedkar. Dr. Ambedkar was an Indian jurist, economist, politician and social reformer. He was also the chairman of the constituent drafting committee, independent India's first Minister of Law and Justice and is considered the chief architect of the Constitution of India. In order to inculcate Ambedkar's principles, the center plans to organize National Seminars, students Paper Presentation and visits to Dr. Ambedkar International Center in New Delhi.

As a part of its mission to develop student's vision and knowledge, the center has organized various programs and events.

Gandhi Study Circle

Convenor: Dr. Rini Pundir

Co-Convenor: Ms. Shipra Gupta

An apt statement in today's world by Mahatma Gandhi who rightly said, "In a gentle way, you can shake the world". Committed to this motto, Gandhi Study Circle of Kalindi College is an active co-curricular society that has evolved into a platform for encouraging alternative thought and action based on Gandhian ideals amongst its students. In the past few years, the Gandhi Study Circle (GSC) has brought great laurels for the college. GSC of Kalindi College is open to all its students and provides an engaging forum for students and faculty. It helps members to deliberate on the importance and relevance of Gandhi's ideas and his contribution in shaping our life and mission to create a modern India with unique values and morals.

The GSC at Kalindi College has put on its shoulders the responsibility of passing on Bapu's legacy to the younger generation. GSC is known for conducting a series of events throughout the year to ensure a steady flow of essence of Gandhian teachings. His principles and philosophy are kept alive through seminars, webinars, paper presentations, poster making and various other activities which are organised by the GSC. It inspires and empowers young minds to be the change makers by adopting Gandhian values along with earning their academic degrees.

SC/ST Cell

Convenor: Dr. Vinita Meena

Co-Convenor: Dr. Deepak Yadav

Our SC/ST Cell, an integral part of our college community and was established in September 2015. Kalindi College is the first college in Delhi University to start the SC\ST Cell which

was inaugurated by the then Vice Chancellor of Delhi University Professor Dinesh Singh and Director of South Campus, Delhi University Dr. Umesh Rai.

The purpose of the cell is to promote equality, inclusivity, and empowerment. At Kalindi College, we firmly believe in the principles of social justice and strive to create a nurturing environment where every student has equal opportunities to succeed and thrive. Our SC/ST Cell is committed to ensuring the welfare and well-being of our SC/ST students, providing them with the necessary support and resources to excel academically, socially, and personally.

The SC/ST Cell at Kalindi College works towards eliminating any barriers or challenges that SC/ST students may face during their academic journey. We understand that students from marginalized backgrounds may encounter unique hurdles, and our cell is here to offer guidance, assistance, and encouragement every step of the way.

Our dedicated team of faculty and staff in the SC/ST Cell takes pride in creating an inclusive space where students can freely express themselves, discuss their concerns, and seek assistance. We also organize various workshops, seminars, and awareness programs to sensitize the college community about the issues and challenges faced by SC/ST students. By fostering an inclusive and respectful environment, we aim to promote harmony, understanding, and respect for diversity within our college.

The Northeast Students' Cell

Convenor: Dr. M. Arunjit Singh

Co-Convenor: Ms. L. Pavaine

The Northeast region of India contains several culturally and linguistically distinct ethnic groups. Its spatial and geographical location has made the region relatively obscured and isolated from the rest of the country. In search of access to premier academic institutions and education, every year the number of students coming to Delhi has grown exponentially. Delhi University receives the largest proportion of these aspiring students, which is a very welcoming as well as a difficult task for the university and its affiliated colleges. Pertinently, the university has taken number of conducive steps to promote accessibility and smooth transition of students coming from the northeast region.

OBJECTIVE:

The Northeast cell in Kalindi College is one of the oldest in Delhi University. It was constituted in 2012, even before the GOI directive was notified for having such cells in Government supported academic institutions. The objective of the cell is to address major challenges faced by the students from the north east region. Beginning with the admission process and related matters to getting familiar with academic disciplines and syllabi, the cell works as a support system for the students in adjusting to a new environment. The Northeast Students' Cell also works as a bridge between students from the NE region and those from the mainland for conducive interaction and understanding. The cell strives to promote unity in diversity among students within and beyond the north eastern students in the college and at the university. In this regard, there is also a much-awaited hostel facility project in progress in the college campus itself. The foundation stone for hostel accommodation named *Northeastern Girls' Hostel* in the College was laid by Prof Dinabandhu Sahoo, the then Governing Body Chairman in 2014.

Activities of the Cell:

Since its inception, the Northeast Students' Cell of Kalindi College has organised various awareness programmes and events on diverse topics. Orientation programmes for the first year's students are held regularly in the beginning of every new academic year. Educational and informational seminars, workshops and competitions are held consistently, besides the inter-college cultural events that take place annually. Students coming from the eight north-eastern states (Assam, Arunachal Pradesh, Manipur, Mizoram, Meghalaya, Nagaland, Tripura and Sikkim) not only participate but play active role in organizing programmes.

Presently, there are about 50 students in the second and third years from different states in the northeast enrolled in different departments.

How does the Cell work?

The Cell works through a committee convenor selected by the principal. The other committee members include a co-convenor and members from among the faculty. For smooth functioning of the Cell, the Committee elects 10 to 12 student representatives as office bearers from different batches through a nomination and student voting system every year. Elected OBs runs the cell in consultation with faculty in charges to ensure amicable and conducive atmosphere on campus. They are crucial in effective execution of the Cell's objective and visions towards leveraging equality, promoting a sense of fraternity among students and harmony within diverse academic and cultural space.

The Outstation and Foreign Students' Cell

Convenor: Dr. Nisha Bakshi

Co-Convenor: Dr. Nisha Goyal

The Outstation and Foreign Students' Cell has been constituted in order to cater to the needs of the outstation students by providing them constant support, guidance and counselling on the issues concerning them. The primary purpose of the cell is to create a congenial, comfortable and welcoming environment for the outstation and foreign students who come to Delhi from different parts of the country to explore better educational opportunities and career prospects. As the number of outstation students has surprisingly risen over the years, the cell strives to serve itself as a significant support system whereby the outstation students can easily convey their problems and issues to the college administration. In addition to this, the cell also engages these students in several activities so that they can develop a sense of acquaintance and inclusion while interacting with their teachers and other students of the institution. The outstation and foreign students' cell also keeps organizing students' meets, interactive sessions and various activities to make the students aware about safety measures to be ensured while staying in the rented accommodation/PGs/ hostels. The main endeavor of the cell is to constantly work towards a creative, zealous and productive college experience for the outstation students so that their stay in the college can become a pleasant and cherish able experience and memory for them.

Parent-Teacher-Student Interface (PTSI)

Convenor: Dr. Alka Chaturvedi

Co-Convenor: Dr. Nidhi Kapoor

The Parent-Teacher-Students Interface is a formal organisation composed of parents, teacher and students that is intended to facilitate parental participation in the college.

The main objectives of PTSI include-

1. To build strong working relationship among parents and teachers in support of students.
2. To obtain knowledge and voice their opinion about what is happening in the college.
3. To understand students from the parent's and teacher's perspectives.
4. To ensure that the college offers the best learning experience for the students keeping in minds their need.

College hosts PTSI to keep parents informed and devise plans for supporting our teachers to ensure that all our students can reach their full potential. Through this interface teachers know the social background, interests of the students, and student's opinion about everything that is going in the college, including teachers, and College management. It provides information about the College functioning as well as problems faced by the students. The PTSI in the college works towards improving and enhancing the life of the student and the college as the whole. Knowing more about a student helps teachers to cater to their needs accordingly.

The Parent-Teacher-Student Interface for the academic year 2021 – 2022 was held on 23rd April 2022 from 10 am to 1pm via online mode on google meet by various departments. Parents of students from various departments attended the PTSI and also gave their feedback through google form.

Anti-Tobacco Committee

Convenor: Prof. Monika Bassi

Co-Convenor: Dr. Varsha Singh

The Cigarettes and other Tobacco Products (Prohibition of Advertisement and Regulation of Trade and Commerce, Production, Supply and Distribution) Act, 2003, made it binding for Colleges to display and exhibit boards at conspicuous places in the college premises prominently stating that the sale of cigarettes and other Tobacco Products in an area within a radius of 100 yards of the educational institution is strictly prohibited and that it is an offence punishable under section 24 of the Act. The college strictly adheres to the mentioned mandate.

Students of Kalindi College are averse to the use of tobacco, however the Anti-tobacco committee is not leaving any stone unturned to sensitize our students about the ill effects of tobacco, as the toxic chemicals in tobacco harms almost every part of our body and thereby increases risks of many diseases. Kalindi College takes pride in the fact that the college campus is a Tobacco-free campus. Various programs are being organized to sensitize students about the detrimental effects upon health by the usage of Tobacco. The programs

ensure elaboration on the negative side effect of nicotine use that corrupts every aspect of a person's health and her well-being.

IBSD (Kalindi College Center)

Convenor: Ms. Shweta Raj

Co-Convenor: Dr. Seema Gupta

The IBSD Kalindi College Center for Women Entrepreneurship in North East was established in 25th January 2017. The IBSD Kalindi Centre for Women's Entrepreneurship in North East is a unique centre, a first of its kind which provide opportunities for sustainable development, small to large scale entrepreneurship exploring bio-resources and understanding biodiversity of North Eastern states. The aim and objectives of the centre is to develop and utilize the bioresources of the NE through the application of modern tools of Biology and Biotechnology. The centre will focus on the following initiations like exchange of students for training program to explore the biodiversity of North Eastern State, Entrepreneurship, and value-added production of bioresources, Awareness of Ethnobiological Studies and Research on both animal/plant bioresources.

The Yearly Academic Journal

Editors: Dr. Shilpika Bali Mehta (English Section) & Dr. Rekha Meena (Hindi Section)

Co-Editors: Shipra Gupta (English Section) & Dr. Sanjay Kumar Singh (Hindi Section)

The Yearly Academic Journal of Kalindi College is a peer-reviewed, multidisciplinary, trilingual journal. In March 2023, its 22nd issue was released. The ongoing attempt to promote good academic practices resulted in the creation of yet another rich corpus of research papers contributed by researchers and experts from various disciplines covering a diverse range of topics. Some topics of the submissions were programming in computational physics, bio-fertilizers, capping the contamination of soil by use of heavy metals using plant growth promoting bacteria. The environmental concerns were, thus, reflected in the academic engagement of scholars. Some other submissions were on the nuances of civil society, the concept of 'Hindu Rashtra' and achieving the unfinished task of gender equality. The issue also informed us of the various policies and programmes undertaken in this regard. The issue, thus, highlighted a variety of themes that faculty and research scholars engaged within their academic pursuits.

Value Added Courses

Convenor: Dr. K. Vandana Rani

Co-Convenor: Dr. Rajesh Kumar Meena

Value Added Courses is a collaborative effort of Kalindi College with various organisations which facilitates students as well as the faculty to keep pace with the latest technologies pertaining to their chosen field of studies and interest. It is important for higher education institutions to supplement the curriculum to make students better prepared to meet industry demands as well as develop their own interests and aptitudes. Our college offers a wide variety of short term and long term certificate courses which are conducted after the class hours or during semester breaks. These courses are conducted by professionals and industry experts to help students stand apart from the rest in job market by adding further value to their carriers. Working towards this objective, our college periodically conducts training sessions, lectures and various other programs for the betterment of students. Through value added courses, we offer specialised programmes where the students are well trained to face the formidable challenges of the future. Several students are benefited every year. Value Added Courses (VACs) provide students the opportunity for training as well as guidance on various aspects of building a career. It also assists them in exploring new opportunities. VACs motivate students and transform them into a flamboyant professional on the latest trends and hone their technical skills in an advanced manner. To keep pace with the requirements for NAAC, our college introduced two Value Added Courses in the odd semester.

These courses offer our students an edge over others and have the following advantages:

- Augments aptitude skills, technical knowledge, and ability to think and innovate.
- Exposure to recent trends in the core field, augmenting the employability of the graduates.
- Strives to inculcate fundamental problem solving skills to encourage the students and make them understand the use of modern research tools.

Placement and Career Counselling Cell**Convenor: Dr. Nidhi Kapoor****Co-Convenor: Ms. Sonia Kamboj**

The foremost focus of the Placement Cell ‘KRYPTUS’ is to provide the undergraduate students of the college with opportunities to get placed in reputed organizations in private sector, including multinational companies and NGOs and to give them counseling and guidance for further career opportunities. Since its inception, it has garnered immense success by organizing placement week, job and internship fair and welcoming reputed companies like TCS, WIPRO, Bajaj Capital, Sharekhan, Reliance Jio and many more.

Also, in order to equip the students with skills to face the screening and selection process used by potential employers, placement cell conducts various sessions, seminars and workshops providing knowledge about resume building, group discussions, personal interviews and other aspects related to job application and selection procedure.

Entrepreneurship, Skill Development and Innovation Cell

Convenor: Dr. Alka Chaturvedi

This cell is formed to develop spirit/awareness of *Entrepreneurship* among students, to nurture and advance creativity skills and innovative thinking. It aims at empowering and inspiring students to take initiatives and accept responsibilities to be able to thrive in the challenging world by becoming employment creators than seekers. It provides an opportunistic platform for students to come together, discuss and give vent to their creative ideas. It helps students conceptualise, rationalise, and channelize their ideas into business plans by navigating through group discussions, evaluations by industrial experts and team building.

The **ESDI Cell** of the College conducts various awareness programmes such as: Seminars, Workshops, Talks, Industrial Visits, Food Fest and Interaction with Young Entrepreneurs etc. These programmes are aimed at making the student community more enthusiastic towards entrepreneurial activity.

Library

Librarian: Ms. Karnika Gaur

The library of the college is well-stocked. The library aims to assist the teacher's and student's needs related to the curriculum. A knowledgeable and courteous library staff guides and counsels students about literature and library facilities. Students are encouraged to use the library frequently. There are over **87,845 books** in the library's collection on various topics, that students can use to help them flourish in their respective fields of study. The library's collection is organised under three categories: General, Textbook, and Reference. The library provides a comfortable learning environment with its open rack system, wide reading area, Web Center, and reference section, Photostat service is also available in the library, which can be availed by faculty and students. The library subscribes to **61 print journals/magazines and 13 newspapers in English & Hindi**. The Web centre is located on the first floor of the library and provides access to E-resources via **DU-e library** (only for Faculty and post-graduate students), remote login access of **NLIST** and **DELNET** to the undergraduate students. User id and Password is given by the library to each user. The library has **urkund** software for plagiarism check. All library-related information is available on the college website. Through the college website, visitors can access old exam papers, open-access magazines/journals, newspapers, the Journal Content Alert Service, numerous educational digital resource links, and the Ask a Librarian option. The library is also promoting the Green initiative and thus procuring recycled material in lieu of library waste paper. The facility of E-Books and E-magazines for print-disabled students is provided through **Sugamya Pustakalaya** and **DU Braille library** and two computer systems having NVDA screen reading software are available in the library for PWD students on the ground floor of the library.

LIBRARY ORIENTATION :

- General library orientation to new students is given on the first day of the academic session in the college orientation program to all the students and parents.
- A user Education program is organized at the beginning of the academic session department-wise for the new students to give an overview of library facilities and services.

LIBRARY MEMBERSHIP :

- The students are required to submit a duly filled *Student Membership Form* for library tickets and can collect them on the date given by the staff. A student Membership form is available in the library.

Cyber Centre

Convenor: Dr. Vandana Gupta

Co-Convenor(s): Ms. Karnika Gaur, Dr. Utpal Kumar

The well managed cyber centres provide computer and internet accessibility to students, faculty and staff for various academic and administrative tasks. It also helps in facilitating the research work of faculty and students. Delhi University subscribed 63 high quality electronic databases have been made available through campus networks to teachers and students. In addition to these, 21 more databases are also accessible through Digital Library Consortium. Open access e-resources are also available through this campus wide network.

Student Cyber Centre: The Cyber Centre, inaugurated in 2012 by Prof. Dinesh Singh, the then Vice Chancellor, University of Delhi, is well-connected with Delhi University Network via optical fibre with a speed of 100 MBPS. It has 2 Servers and 90 computers.

Teacher Cyber Centre: In order to promote academic and research activities, the college has set up an exclusive cyber centre for the teachers, adjoining the Student's Cyber Centre, with 35 computers, all connected through LAN and Internet.

Disaster Management Cell

Convener: Prof. Seema Sahdev

Co-Convener: Dr. Shashi Bhushan

Under the disaster management act (DM act), 2005 section (30) (1), it is mandatory to initiate the disaster management training and evacuation plan for college. Disaster management cell in Kalindi College was started in academic year of 2021 – 22. The cell works to inculcate or to acquaint college students on Disaster preparedness in case of disaster that may occur any time. The Disaster management cell focus on imparting awareness about the various kinds of disasters and possible responses to them. The basic aim of Disaster Management Cell is to impart education or training the students at grass-root level in vulnerable areas and to train them to respond at any disaster situation.

Fire and Stampede Mock Drill Report

A mock drill on fire and stampede was organized on Kalindi College, Delhi University by District Disaster Management Authority (DDMA) and Office of District Magistrate on 26th August, 2022. Volunteers were chosen from Department of Geography and Disaster risk reduction group and two volunteers were chosen to portray as minor casualties and DDMA brought volunteers of their own who were going to portray minor and serious casualties.

This prepared the students for any disaster that might occur in near future. After the casualties were treated, the drill was completed and then the officials were taken to the auditorium (Sangam Parisar) and they shared the flaws in the drill and students also shared their experience in the drill.

Awareness Drive of Disaster

The Disaster Management Cell organized an event on “Awareness of Disaster” on 16.11.2022 in Seminar Room. Then students presented a video elaborating what our cell is about and also introducing our office bearers. Convener gave the necessary details about the action plan of Disaster Management cell. She further elaborated on the objective of the cell.

Disaster Management Cell annual fest ‘संगRAKSHAN’

The Disaster Management Cell organized its first annual fest ‘संगRAKSHAN - Immunizing one to unprecedented event" in Seminar Room. The event was graced by the presence of our chief guest Mr. Rakesh Arya, NIDM expert lecturer, Centre for The Study of Regional, Development, JNU, New Delhi. He marked the beginning of the enlightening symposium on the theme " Google Earth Engine (Gee): A Cloud Computing Application for Environmental and Disaster Management".

On this day several inter college competitions were organized. Model Making Competition was organized on theme “One Ideas and Many Lives”. The Nukkad Natak Competition was organized on theme ‘Karm या Kayamat- Building A More Disaster Aware Youth’ showed their immense awareness regarding disaster mitigation. Reel Making competition was organized on topic ‘Real World to Reel”

6. Bachelor of (field of Multidisciplinary courses of Study) (Honours). After successful completion of semester VIII. Mandatory credits to be secured for the award 176.

As per NEP Guidelines, besides Core and Elective Courses the students will study Ability Enhancement Courses, Skill Enhancement Courses, and Value Addition Courses. A brief description of these Courses is as follows.

Ability Enhancement Course (AEC)

Nodal Officer: Dr. Nisha Goyal

Co- Convenor: Dr. Anju Rattan

In NEP, from Academic year 2022-23, there are two courses Environmental Science (EVS) and Ability Enhancement Course (AEC), which is mandatory to study for 1st and 2nd year students.

Environmental Science (EVS) theory to practical (course 1) and any chosen Indian language (course 1) from AEC pool shall be studied in Flip mode in Semester 1 and Semester 2. Similarly, Environmental Science (EVS) Theory to Practical (course 2) and course 2 of the

same language as chosen in 1st year shall be studied in Flip mode in Semester 3 and Semester 4.

Following languages in the pool of Ability Enhancement Courses (AECs) offered under UGCF 2022 in 1st year are:-

Assamese, Bengali, Bodo, Dogri, Gujarati, Kannada, Kashmiri, Konkani, Malayalam, Manipuri, Marathi, Maithili, Nepali, Odia, Santhali, Sindhi, Tamil, Telugu, Punjabi, Hindi and Sanskrit.

Skill Enhancement Courses (SEC)

Nodal Officer: Dr. Manju Sharma

Co-Convenor: Dr. Kanchan Batra

Members: Dr. Pankaj, Dr. Manju Lata, Dr. K. Vandana Rani, Dr. Garima Prakash

SEC are skill-based courses in all disciplines and are aimed at providing hands-on training, competency, proficiency and skills to students. SEC courses are a pool of courses offered by all the Departments of the College in groups of odd and even semesters. A student who desires to opt for an academic project has to choose an appropriate combination of courses GE, SEC, VAC; and Internship/ Apprenticeship / Project/ Community (IAPC) which shall be offered in the form of various modules as specified in scheme of studies.

Value Addition Courses (VAC)

Nodal Officer: Dr. Shilpika Bali Mehta

Members: Dr. Utpal Kumar, Dr. Isha Verma & Dr. Meenakshi Verma

In accordance with the stated objectives of National Education Policy 2020, the Value Addition Courses (VACs) seek to fulfill the mandate of providing holistic education to the students. Value Addition Courses aim to provide a comprehensive education by imparting values of compassion, empathy, courage, resilience, scientific temperament, creative imagination, rational thought, action, service and responsibility. Some details for VAC papers are as follows:

- VAC papers are compulsory to be studied in: Semester 1, 2, 3 and 4
- VAC paper in each of the four semesters (1–4) must be DIFFERENT
- VAC papers are NOT discipline specific; eligibility of all papers is Pass in Class 12th in any stream
- Credit score of each VAC paper: 2 credits (1 Theory +1 Practical OR 2 Practicals)
- Classes per week: 3 or 4 (according to credits)
- Before the commencement of each semester, students select the VAC paper of their choice via a Google form shared by mail.

The list of VAC papers offered by the University of Delhi in 2022-23 can be viewed using the following link:

https://www.du.ac.in/uploads/new-web/26102022_VAC.pdf

The list will be updated and shared with the students as and when notified by the University.

DEPARTMENTS

Department of Botany

1. Brief introduction about the Department:

The Department of Botany in Kalindi College came into existence in 1967 with the introduction of Life Science course in Bachelor of Science (General) stream. A new course B.Sc. Applied Sciences (Environmental Science) was introduced in 1985. In order to broaden the horizon of understanding about Plant Sciences, the college started B.Sc. (Honours) course in Botany in 2013 under Four Year Undergraduate Programme. However, the University reverted back to B.Sc. (Programme) semester mode in 2014. B.Sc. (Honours) Botany was again introduced in the year 2017. Presently the Department is running Undergraduate courses of B.Sc (H) Botany & B.Sc (Prog.) Life Science.

2. Scope of the Course:

Botany is emerging as one of the potential areas for career and research within the country and abroad. Aspirants having B.Sc. (H) Botany can find a lot of career opportunities in both public sector and private sector. They can join Botanical Survey of India (BSI), National Institute of Oceanography (NIO), Indian Agricultural Research Institute (IARI), Indian Council of Forestry Research and Education (ICFRE) etc. as a Research Associate. Graduates of this subject can opt for post-graduation in Life-Science, Biotechnology, Biochemistry, Toxicology, Genetics, Molecular Biology, Microbiology, etc. Applied Post-Graduate courses in Environmental Sciences, Agro Forestry, and Forensic Science can also be pursued.

3. Details of Faculty Members:

Department of Chemistry

1. Brief introduction about the Department:

The Department of Chemistry was established in 1967 since the inception of Kalindi College, a constituent college of the University of Delhi, situated in the heart of metro city Delhi. The Department has been working as an integral part from the very beginning of various interdisciplinary courses in the College that comes under Bachelor of Science in Honours, Life Sciences, and Physics and Mathematics in general. Currently, the Department offers a Learning Outcome-based Curriculum Framework (LOCF) for 3rd year students and Undergraduate curriculum Framework (UGCF-2022) under National Education Policy (NEP-2020) for B.Sc. (H) Chemistry and B.Sc. Life Sciences for 1st year and 2nd year students.

Thus, it is imperative that Chemistry (Hons.) be studied at Kalindi College on a priority basis to expedite the wheels of inclusive growth and development. To create a gender balance and to move the country forward, the Department of Chemistry aims to improve the critical scientific thinking and practical knowledge of students. The students will also enhance their ability to understand chemical data, learn to apply statistics in research and improve their presentation and writing skills. The student will not only benefit from the resources available in a well-equipped laboratory but will also receive hands-on training from experienced teachers. Such interactions and training will create interest among students and further develop their scientific temperament.

2. Scope of the Course:

- Chemistry is a leading course designed to encourage aspiring students to pursue an undergraduate program that will challenge their critical thinking, give practical exposure, and prepare them for other rewarding professional careers.
- The importance of chemistry would not diminish over time, so it will remain a promising career path. In a nutshell, the study of chemistry provides a vehicle for obtaining an education for life in a broad sense, so welcome to the great world of chemistry.
- After completion of Bachelor Degree in Chemistry (Hons) Course, many Higher Education avenues open for the student and pursue higher studies such as:

- | | |
|-------------------------------------|---|
| ➤ M.Sc. Chemistry | ➤ M.Sc. Molecular Biology |
| ➤ M.Sc. Analytical Chemistry | ➤ M.Sc. Drug Chemistry |
| ➤ M.Sc. Agrochemical | ➤ M.Sc. Environmental Chemistry |
| ➤ M.Sc. Mineralogy | ➤ M.Sc. Physical & Materials Chemistry |
| ➤ M.Sc. Nano chemistry | ➤ M.Sc. Pharmaceutical Chemistry |
| ➤ M.Sc. Forensic Science | ➤ M.Sc. Biochemistry |
| ➤ M.Sc. Polymer Science etc. | ➤ Research Training and Ph.D. |

- After completing graduation with chemistry as major discipline followed by Post Graduation a student is eligible to serve as Scientist at various institutions, can become Geoscientist or opt for teaching as a profession.

Department of Commerce

1. Brief introduction about the Department:

The Department of Commerce in Kalindi College was started in the year 1977, the only course offered was B. Com (Prog.) with one lecturer and one section for the department. Nevertheless, it kept expanding over the years. Another section of B. Com (Prog.) was introduced later and more lecturers joined the team. In the year 1998, B. Com (Hons.) was introduced in the college with one section. Commerce as a discipline encourages analytical thinking and develops a pragmatic approach to problems. The process of rational decision-making taught in Commerce is of great relevance and value irrespective of the career a person chooses. The Department in its continual endeavour towards harmonizing excellence with inclusivity and equity draws strength from a dynamic teaching-learning process. The faculty constantly motivates its enthusiastic young scholars as they embark on an enriching and fulfilling life-long learning experience. The department is credited with a highly dynamic and meritorious faculty,

along with a vibrant and active student council, which regularly organizes seminars, lectures etc, giving ample opportunity to students to contribute positively to the department. Besides developing a rigorous foundation in economic theory and providing a global perspective, the B.Com. Hons. course focuses on issues specific to the Indian context. It also familiarizes students with shifts in development paradigms with particular reference to the state of India's people in pre and post-Independence period. The Department has its distinctive ethos where the faculty continually strives to walk as co-learners with the students on the path of knowledge building.

2. Scope of the Course:

Commerce education is the bedrock of economy today as it is closely linked to business, trade, and industry. It stresses developing people to make optimum utilization of available resources. It has a very wide area for career opportunities in India as well as abroad. After doing Bachelors in Commerce, students have a lot of career opportunities both in public as well as private sectors. Various job options/ profiles available are Financial Risk Manager, Business Analyst, Digital Marketer, Accountant, Public Sector Banking. Commerce graduates are eligible for various master level courses like M.Com., MBA, MHROD and MIB which are more relevant for commerce students. Commerce graduates may acquire professional qualifications including CA, ACCA, CMA, CIMA, CFA, and CS leading to faster career progression.

Hardeep Malik is an Indian entrepreneur, national & international speaker, author, blogger, traveller, IITian, and global educator best known for being the founder and managing director of Omnibulls.

This is for the first time in India that a 20-year-old has started a company to provide investing wisdom in a fun way via paid workshops. He has delivered lectures at both national and international levels including top 3 IIMs (IIM Ahmedabad, IIM Bangalore, IIM Calcutta), IIT Kanpur, IIT Delhi, BITS Dubai, IIT Guwahati, IIM Udaipur, etc.

Department of Computer Science

1. Brief introduction about the Department:

In the academic year of 1991-92, the Department of Computer Science came into existence with an extremely modest infrastructure comprising 3 computers but a great vision. Starting with the B.Sc. General in the annual mode, the academic programmes of the Department kept growing and finally in 1997, B.Sc. (Honours) in Computer Science was introduced. The Department of Computer Science at Kalindi College has kept pace with academic programmes offered by other colleges in the University. With highly qualified and experienced faculty using cutting edge technical assistance and techniques, it has emerged at the forefront among all the departments with high performing students. In the recent years, the Department has taken the lead in the digitization of the course structure and curriculum of the College.

Currently, the department is running courses for B.Sc. (Hons) Computer science, Computer Science papers of Multidisciplinary Courses of Study with Three Core Disciplines formerly called B.Sc. (Programme) Physical Science and Multidisciplinary Courses of Study with Two Core Disciplines formerly known as B.A (Programme) in Computer Applications respectively apart from Computer Science papers of General Electives being offered to interdisciplinary hon and general programmes of the College.

Department of Computer Science organizes Orientation Programmes, Departmental Fests, Student Awareness Programmes, Academic Conferences, Faculty Development Programmes and many other events on regular basis for overall development of the students and teachers. The students are also encouraged to participate in academic and non-academic inter-college and intra-college activities.

2. Scope of the Course:

Computing is at the heart of almost everything in our daily life nowadays. Every industry has good magnitude of intersection with Computer Science which is growing day by day. The Information Technology (IT) sector, an allied field of Computer Science, is growing at an even higher rate. The sector recorded the highest growth rate in last two decades. It generates the scope of careers for skilled computer science professionals and hence keeps the relevancy of the subject alive. The scope of Computer Science academic programmes covers a broad spectrum of career opportunities.

Department of Economics

1. Brief introduction about the Department

The Department of Economics as a part of Kalindi College came into existence in 1967. The subject was first offered in B.A. (Programme). From 1985 onwards, B.A. Honors in Economics were offered to the students. The study of Economics as a discipline encourages analytical thinking and a pragmatic approach to economic problems. The process of rational decision-making taught in Economics is of great relevance and value irrespective of the career a person chooses. The Department in its continual endeavor towards harmonizing excellence with inclusivity and equity draws strength from a dynamic teaching- learning process, where the faculty feels privileged to collaborate with its enthusiastic young scholars as they embark on an enriching and fulfilling life-long learning experience. The department is credited with a highly dynamic and meritorious group of faculty, along with a vibrant and active student council, which regularly organizes seminars, lectures etc, giving ample opportunity to students to contribute positively to the department.

Besides developing a rigorous foundation in economic theory and providing a global perspective, the B.A. Honors course focuses on issues specific to the Indian context. The Economics undergraduate programme provides a strong foundation in economic theory and quantitative tools of economic analysis. It also familiarizes students with shifts in development paradigms with particular reference to the state of

India's people in pre and post independence period. The Department has its distinctive ethos where the faculty continually strives to walk as co-learners with the students on the path of knowledge building.

2. Scope of the Course

It has a very wide area for career opportunities in India as well as abroad. After doing B.A.(H) Economics, students have a lot of career opportunities both in the public as well as private sectors such as IES, IAS, MBA, etc while more academically oriented students can pursue M.A., M.Phil., or Ph.D. and thereafter join college/university level teaching, those with an inclination towards banking and marketing can join the analytics team of banks and corporates. Further, students can avail opportunities to work in various research institutes or independently. Civil Services, RBI, and the Niti Aayog are popular pursuits for those interested in administration and framing economic policies. Today, students of economics are in demand in prestigious international organizations like the World Bank, IMF, United Nations, etc. Thus, economics students have great career opportunities at the national as well as international levels.

Department of English

1. Brief introduction about the Department:

The English Department is one of the oldest in the college and was established in 1967, the year of the establishment of the college. The English Honours course was introduced in 1988. Through its teaching of language and literature courses, the department has helped to mould young students into rational, critical individuals and responsible citizens. It has also helped students to improve their communication skills in a variety of arenas, and provided the means of a deeper engagement with the world.

The English Department has a strong tradition of deep engagement with pedagogy, both in lecture classes as well as smaller tutorial groups. Teachers are constantly updating themselves by participating in research and development programmes. Meaningful classroom interactions with students are further enhanced through close academic and personal mentoring. Students consult with teachers on how to improve their academic performance and how to explore avenues for further professional development.

The English Literary Society, Mitrakshar, organizes talks, student seminars and workshops, inviting eminent scholars and teachers from other institutions, in order to foster a greater understanding of the curriculum. It also provides a platform for students to hone their organizational abilities.

The study of English as a major discipline enhances the interpretive and expressive skills of students. It equips students with both a rigorous knowledge of the subject as well as critical and analytical abilities. With an emphasis on an interdisciplinary approach, it stimulates and enhances originality. The study of English as a minor subject is also helpful in broadening the understanding of socio-political contexts and sharpening language skills.

The Generic Elective Course in English is a much sought-after course, with students being provided with necessary linguistic and soft skills, critical tools, and the scope for improving their writing for academic purposes as well as their understanding of socio-political and historical contexts.

2. Scope of the Course:

The study of English as a major discipline

1. equips students with a rigorous knowledge of the subject
2. teaches them the reading of not only British literature but also of World literatures (including Indian Literature in English translation, European Literature etc.)
3. trains their critical and analytical abilities

4. enhances their interpretive and expressive skills
5. engages students with varied issues such as identity formation, race/caste politics, psychoanalysis, gender stereotypes, and the politics of language, etc.
6. stimulates and enhances original and creative thinking through an emphasis on interdisciplinarity

The study of English as a minor subject

1. helps to broaden students' understanding of socio-political contexts and historical contexts
2. encourages nuanced questioning to boost a cosmopolitan understanding of life
3. sharpens their language skills
4. improves their soft skills
5. enhances their critical tools
6. boosts their skills in writing for academic purposes

The scope of careers open to students with a degree in English is wide. Some of the areas are:

1. Academics (Language, Literature, Art, History, Linguistics, Gender & Cultural Studies, etc.)
2. Media and Journalism
3. Civil Services
4. Fine Arts and Performing Arts
5. Writing/ Publishing
6. Law
7. Human Resources Departments in MNCs
8. MBA etc.

Department of Geography

1. Brief introduction about the Department:

The Department of Geography was established in 1995, under the BA (Programme) Course. To broaden the horizon of understanding Geographical Studies, the College started B.A. (Honors) course in Geography in 2017 under the CBCS model. The Department of Geography has always been committed towards excellence. Along with the theoretical framework, the department has established a well-equipped Cartography laboratory and GIS Lab for students to learn and enhance their skills through practical applications in the fields of Cartography, Remote Sensing, GIS and GPS. The Department of Geography has prepared 3-D and 2-D maps of the College which help the students and commuters to get the location of teaching and non-teaching places within the college campus.

The department conducts the annual Geo Fest- Resurgence in which students and experts from various universities and colleges participate in academic deliberations to enhance academic interaction. The society has its own e-magazine “GEOSOPHY” which is edited and maintained by its executive members.

The Department of Geography runs a certificate course on Travel and Tourism in-order to educate and train students who wish to join the travel and tourism industry, with the intention of providing alternate career opportunities to students.

The Department of Geography is looking after the functioning of the Paper Recycle Unit installed in our college campus. This unit utilizes the waste paper accumulated from various departments as raw material and prepares recycled paper which can be used for various purposes.

To cater to the needs of students, the geography department has a well-equipped laboratory for conducting practical classes, which are managed by experienced and capable staff. In addition to the laboratory, the department has a good collection of books in the Departmental Library.

- I. **Cartography Lab:** has a Tracing Table, LCD Projector, maps, models and charts.
- II. **GIS Lab:** equipped with computers, GPS, Stereoscopes, Rotameter Planimeter and LCD Projector. The lab is well-enabled with satellite imageries, aerial photographs as well as various simulation programs related to various practicals.
- III. **Departmental Library:** The Department has its library with a good collection of books on Geography, Practical notes and Projects. The books available in the library are also issued to students.
- IV. **Store Room:** The Department also has a separate store room that is issued for the storage of maps, charts as well as instruments and equipment.

2. Scope of the Subject:

The Scope of the Course covers the fields such as Geomorphology, Cartographic Techniques, Human Geography, Thematic Cartography, Climatology, Statistical Methods in Geography, Geography of India, Economic Geography, Environmental Geography, Field Work and Research Methodology, Regional Planning and Development, Remote Sensing and GIS, Evolution of Geographical Thought and Disaster Management based Project Work. The career prospects of this course lie in the survey of India, Space application centres, Urban and rural development departments, Metropolitan development corporations, and Social and environmental research organizations. This course provides a sound foundation for students willing to pursue higher education in the discipline of Geography, Geology, Metrology and Urban and Regional Planning.

After completion of undergraduate programmes in Geography, students will be able to:

- Analyse the earth as an integrated human-environment system by examining changing interactions at different spatial and temporal scales.
- Understand the subject matter of various branches of physical and human geography.
- Analyse geographical data and interpret its significance within the context of human-environment relations.
- Communicate geographical concepts and data effectively using oral, written and visual forms.
- Contribute effectively to pursuing innovative solutions to human-environment problems.
- Investigate complex real-world challenges using appropriate concepts, methods, and tools from one or more geographical sub-disciplines.
- Explain the societal relevance of geographical knowledge and apply it to real-world human-environment issues.

Department of History

1. Brief Introduction of Department:

‘History is the study of life in society in the past, in all its aspects, in relation to present developments and future hopes. It is the story of man in time, an inquiry into the past based on evidence. Indeed, evidence is the raw material of history teaching and learning.’

With this intention in mind, B.A.(Hons) History was introduced within the three years (1970-71) of the foundation of Kalindi College. Studying History in hons level does not merely entail classroom teaching. It also requires trips to various historical monuments, museums, and archives in order to comprehend the role played by time in man’s life. To fulfill this pivotal role, *Dharohar*, a historical society is constituted. The main aim behind the creation of *Dharohar* is to encourage consciousness amongst the students about historical events and thereby motivate them to participate in various inter-departmental activities.

2. Scope of the Subject:

As a history graduate one will have gained skills highly valued by employers such as analytical and critical reasoning, oral and written communication and research skills. A history degree is a good launch pad for a wide range of careers:

- M.A.(HISTORY)
- Archaeology
- History of Art
- Heritage Studies
- Archivist/Records Manager
- Curator
- Genealogical Study

Department of Journalism

Coordinator: Dr. Chaity Das / Ms. Monica Zutshi

Co-Coordinator: Dr. Ezra John

1. Brief introduction about the Department:

The Department of Journalism, Kalindi College is dedicated towards developing a world-view that incorporates a holistic method of inquiry for the greater good of our society. It is designed to train the young minds to investigate events that eventually become an integral part of national development. The Department instils and espouses ideas of professional ethics and standards among the budding journalists. The Journalism Society, *Sahaafat*, also encourages a participative environment for the students. Workshops, Seminars, Talks and Interactions with film-makers, cinematographers, photographers, senior journalists, academicians and field experts are a regular feature of the departmental activities. Internship with media houses is also an integral part of the curricular activities. Internship with media organisations is also an integral part of the curricular activities.

As part of institutional social responsibility, the department undertook in-house research projects such as *Prayas* in 2018 to promote earthen pottery culture and 'Digital Literacy Programme' in 2019 to educate women residing in the slums of Delhi about the usage of smart phones and producing digital content. During the pandemic, the department in 2020 collaborated with Kailash Satyarthi Foundation and organised a webinar titled 'Lockdown, Children and the Role of Media' to sensitise people on how lockdown affected children and what role media can play in their upliftment. During the post-pandemic period, the department swiftly moved into offline mode of teaching and since then has organised students' enrichment programmes with industry experts and field visits to media organisations.

2. Scope of the Course:

In the information society of today, creation, integration, interpretation, dissemination and use of information are significant to achieve socio-economic-political goals, hence the role played by the media industry in our lives is crucial. The media creates a marketplace for competing ideas that are the bases of a democratic system like ours, and provides ample avenues for the young generation to participate and contribute to society. Bachelor with Honours in Journalism is a compact professional course for students and the college is a facilitator to meticulously give shape to the aspirations of students through all-round skill enhancement. This professional course prepares learners to enter the world of print, electronic and digital media. After a bachelor's degree in journalism, a learner may pursue a postgraduate course

in specialised areas of Journalism and Mass Communication and subsequently, find career opportunities in the media industry or in the field of academics. A learner can pursue a career in Script Writing, Video and Print Journalism, Photography, Advertising and Public Relations, Digital Content Creator, Film Production, R.J. and Radio Production, Media planning, etc.

Department of Mathematics

1. Brief introduction about the Department:

Mathematics, the queen of science, has taken prominent importance in recent years leaving no field of study and research left untouched. Mathematics is used throughout the world as an essential tool in numerous fields including natural science, engineering, finance, social science etc. Study of Mathematics provides not just only the knowledge of subjects, but also helps to develop a skill- set needed in various other fields too.

Department of Mathematics had its origin in 1967, during the establishment of Kalindi College. The department started its journey in an old building with one of its pioneer member Late Ms. Promila Goswami. Dr. Neera Bahadur later joined the Department in 1970 at that time only department has B. A. (Pass).

With sincere and dedicated efforts of the founder teachers, the Department was able to start B. Sc. (Gen) in 1979 and later Mathematics (Hons) in 1992. Dr. Sudha Jain, Ms. Anshu Chotani and Ms. Neelam Bareja joined the Department in 1995. Ms. Charu Khanna (1996), Ms. Anju Rattan (1997) and Dr. Anju Gupta (1997) joined the Department in later years. With the advancement of the course, we now have an excellent faculty of one Professor, four Associate Professors and nine Assistant Professors (Ad-hoc) with Ms. Charu Khanna as the present Teacher In-charge (2023-onwards).

The Department aims to enable each student with comprehensive study of hard-core Mathematics with adequate theoretical and application based knowledge along with practical knowledge of computer oriented Mathematical tools. Dedicated efforts and continuous motivation of teachers has produced remarkably excellent results. In various papers, students have secured 100% and in others above 90%. An effort made by the teachers and students together has made a huge gap between the intake admission percentage and the final university results. This trend, which started many years ago, is still being continued.

Department is involved with students in various undergraduate discipline oriented\ interdisciplinary research projects. This helps students to grow as a researcher and provide a platform to use their brain in creative and effective way.

2. Scope of the Course:

The students not only grow academically, but the Department also tries to help the students to become strong, confident capable leaders of the future. Every year inter- college paper reading competitions, Mathematical Quizzes, Seminars and Workshops are organized for students and teachers by various eminent professors from across the country. Many students have also won accolades for the college by participating in paper presentation competitions organised at other colleges.

A Graduate student in B. Sc. (Honors) Mathematics from the college can further pursue academic courses like B.Ed. and P.G. Courses like M. Sc. or M.S., followed by M. Phil or Ph. D. Thus, they can find a promising career in the field of Research or Teaching.

Students can also take up Professional Courses like MCA or MBA. MCA is the best option for the B. Sc. Mathematics graduates who wish to pursue their career in IT sector and MBA for those who wish to pursue their career in Management field. The students can also explore areas like actuarial sciences, banking, civil services etc.

Department of Music

1. Brief introduction about the Department:

Established in the year 1977, the Department of Music offers Hindustani Classical Music as one of the discipline subjects in the B.A. Programme course. The study of this three year course makes students aware of our cultural traditions and the subject of Indian culture. The objective of the study of Music, its education and performance is to impart training and performance skills to aspiring students of music. All along the course, the central focus of attention and related studies remains on developing the ability to give a good musical performance. The collective endeavour of all theory and practical study of the topics is to enrich the thinking, understanding and physical mechanism towards a better performance in Music.

2. Scope of the Course:

Music industry is a great area of education, entertainment as well as meditation. More and more students are looking forward to pursue their careers in music with several options before them. The students are inclined to join or form a band these days as it is extremely popular amongst the youth. As a freelance artist of Classical, Semi Classical, Light, Folk or Fusion Music, the students can explore in the field of performance, composer, music director, arranger, studio recordist etc. All these fields give them a vast platform to explore their talent. Other arenas related to the field include concert organiser, promoter, music publisher, event manager, repertoire, song-writers, music attorney and of course as a teacher. More options related to the field are voice-over artist, radio jockey, sound technician or audio engineer, music critique, booking agent. Besides these, playback singing is another popular career option for the students opting music as a subject and choosing the field as a career.

Department of Physics

1. Brief introduction about the Department:

Physics Department was established in the year 1990 in Kalindi College. The department caters to B.Sc. (H) Physics and B.Sc. Physical Science (Physics, Computer Science and Mathematics) and is continuously upgrading itself according to the changing curriculum and needs of the time from Annual to Semester to CBCS to UGCF-2022 (based on NEP) systems. Despite limitations of resources, the collective efforts of students, laboratory staff and teachers have delivered wonderful results with continual increase in the number of students scoring 90% and above in different papers. To encourage their efforts, various prizes like Ram Gopal Joshi Memorial Prize, Shanti Devi Bhatnagar Memorial Prize, Ram Murthy Gupta Memorial Prize, Ankur Memorial Prize, Shiv Paul Goel Memorial Prize, Asha Arora Memorial Prize etc. have been instituted for Physics (H) / Physical Science students. It is a matter of great pride that our Physics (Hons.) and Physical Science students are getting placements both in private and public sector as well as teaching positions in schools, colleges, and polytechnics. The goal of the Physics department is to nurture young talents, to focus on standards, assessment, and outcomes, and to ensure that all students learn in a more powerful way. We also find ways to motivate our students to scale greater heights than ever before.

2. Scope of the Course:

If you want to discover the fundamental laws and underlying principles governing this mysterious world and are keen to know the ‘What,’ ‘How’ and ‘Why’ of any of the physical and biological events/ phenomena, then enter the world of Physics. This subject is the gateway to Research and Development not only in Physical Sciences, but also in Computers, Biological and Chemical Sciences. After completing this course, you shall be equipped to take a plunge in any of the frontier areas of technology viz. Nanotechnology/ Nano-science, Photonics, Plasma Physics, High Energy and Nuclear Physics, Atomic Physics, Astrophysics and Condensed Matter Physics, Radiation Physics, Medical Physics, Physics of the Earth, Environment Science, etc. The scope of Physics is virtually in every field. In fact, Physics graduates are the most sought after in DRDO Labs, TIFR, PRL, IUAC, IPR, BARC, NIIT’s, IISER’s etc. for fundamental research. Many Physics graduates have made a career in administration like ICS, Defense Services and multinational companies like Infosys, Wipro etc. besides teaching in schools, colleges, and universities. So, come and join the most coveted course among the pure sciences.

Department of Physical Education

1. Brief introduction about the Department:

Department of Physical Education of Kalindi College provides all health and sports related facilities to students and staffs. The department of Physical Education aims at mass participation by providing coaching of different games: athletics, basketball, boxing, chess, handball, judo, kabaddi, kho-kho, taekwondo, table tennis, and volleyball. Besides these, we also promote other games such as gymnastics, shooting, swimming and tennis. The various teams of the college actively participate in Inter College, Delhi State, National and International tournaments. The department organizes inter class matches of different games for students and throwball, badminton and volleyball match for teaching and non-teaching staff. Sports society also organizes invitational inter college tournament of different games including chess and carrom for divyang category. The department also organizes seminars, workshops and webinars on health and fitness as well. Players brings laurels to the college during 2021-22 by participating in National tournaments in Yoga (online mode) and won silver medals in Taekwondo. Two players represented Delhi University in All India Inter University Tournaments in Judo and taekwondo and one participation in national shooting championship. In addition to that, the department also provide facility of value-added course in Yoga and Wellness of 30 hours duration.

2. Scope of the Course:

Career options in Sports and Physical Education includes: Physical Education Teacher for schools after 12th standards, B.Sc. in Physical education, and B.P. Ed after Graduation, MSC/MPED, after BPED, M.Phil. and PhD. Diploma courses for coaching of different games and Sports management. GYM, Yoga and Aerobics Instructor. Besides, the above-mentioned lists one can become a national and international player.

Department of Political Science

1. Brief introduction about the Department:

The Department of Political Science was established in 1967, with Dr. Saroj Pathak as the first teacher-in charge and around 80 students pursuing a B.A (Pass) course. Honours courses in Political Science was first offered in 1973-74 and Masters is offered from 1987-88 onwards. Since then, the strength of the students in the subject has gone beyond 500. B.A. (Hons.) Political Science is the most sought-after course in the college.

Under an interdisciplinary ethos, the Department of Political Science has remained a very active partner and has coordinated with the department of Journalism. The faculty has also taught some important papers such as International Relations and Indian Government and Politics to Journalism students.

2. Scope of the Course:

One of the favourite subjects for a career in Civil Services, Political Science as a subject offers careers in College and University teaching, Research, International Governance, Mass Media, Public Welfare, Civil Services, Management and remains a sought-after preparatory undergraduate course for a career in Law. Gender studies and other interdisciplinary approaches open further career opportunities for students. Students interested in issues of Indian politics and governance or in areas of Public Administration, International Governance or organizations like the U.N. or the socio-economic and political systems of the world, would do well to choose a Bachelor with Honours in Political Science.

Department of Sanskrit

1. Brief Introduction of Department:

The department of Sanskrit was introduced to the college in 1967 offering B.A pass course & the B.A.(H) & M.A Sanskrit in 1973. In 2016, the paper of Buddhist Studies introduced as B.A program course in Sanskrit Department with the aim to develop the keen interest & aware the students about the diversity of Sanskrit language.

The Faculty not only just focuses on the study of Sanskrit language but also represents the richness of Indian Culture, Ethical Values & Vedic Mathematics.

Various papers have been introduced for better career opportunities for students such as: Indian Ontology and Epistemology, Aesthetics and Indian Theatre, Sanskrit media, Computer Awareness, Basic Elements of Ayurveda, Acting and Script Writing etc.

The teachers give stress on the overall development of students & laid emphasis on the fluency of speaking the language. In this aspect, Sanskrit Sahitya Parishad actively organizes various National and International seminars, talks and Sanskrit Sambhashan Shivar to develop communication skills. Our Sanskrit Sahitya Parishad organises many activities on a regular basis to provide common platform to students to showcase their talent so that they can develop confidence and get the opportunity so that they can lead to the positive environment in all streams of knowledge. Our department has always been honored with Sanskrit scholars and today we are following their path.

2. Scope of the Course:

Sanskrit is the mother of all languages. About 97% of all world languages have been directly or indirectly influenced by this language. Sanskrit has the highest number of words (102 Arab, 78 Crore and 50 Lac words) in its vocabulary, which is much greater than other language in the world. The scope of Sanskrit will be more in computers and technology in the near future. The students who opt for Sanskrit find various career opportunities in different research-oriented fields & can also choose to work in L.I.C. and other financial institutions, academic and other administrative posts in Ideological/ Sanskrit/ Oriental Research Institutions.

Options of teaching such as professors, lecturers and school teachers in Sanskrit is the most likely career opportunities for students. The course relates to different historical backgrounds of Sanskrit-based literature. After graduating in Sanskrit, students can also opt for bank jobs, become translators, work in museums, libraries, become newsreaders and even go for civil services. Library science, water conservation, archaeology, environmental science and media are becoming the preferred choices of Sanskrit students nowadays.

Department of Zoology

1. Brief introduction about the Department:

The Department of Zoology started in 1967 since the inception of college. This Department has been working as an integral part from the very beginning of various courses in the college that come under Bachelor of Science in General and/or Life Sciences streams. This Department has remained engaged actively in the successful journey of these programs and has started B.Sc. (H) Zoology since 2017-18, after erstwhile FYUP in Zoology.

Zoology is the study of animals wherein the student receives a highly comprehensive exposure to all levels of animal function and their diversity. As a subject it creates enormous interest in us as we are also part of the animal kingdom. Thus, understanding the development and evolution of animals helps us to explore ourselves better. In this stream, students delve at a deeper level about how animals are an integral component of the ecosystem. Animals also have a major impact on our economy either as pests competing for our food or as parasites influencing the quality of public health.

The knowledge of animal forms and their physiological function opens the gateway to applications in a number of exciting and innovative fields. In recent years, the study of both fundamental and applied Zoology has induced a keen interest in students, researchers and animal science-based industries. These subjects have been able to grab the attention of the academic world and have motivated scientists to work towards biodiversity conservation, formulating ecological safeguards and to apply Biotechnology and Bioinformatics to the field of

Biomedical and Pharmaceutical sciences.

The Department has played an active role in consistently producing the University positions in Life Sciences (a student of B. Sc. Life Sciences **“Jasmine Jaggarwal”** holds 1st position in Life Science (99.3%) in the history of the University, for the academic year 2013-2014 and also experiencing the consecutive successes in B.Sc. (H) Zoology. Our students routinely get University ranks showing that they have the mettle and, given the right motivation and prospects, can move to greater heights. They were also conferred with the scholarships for good academic records at college level. The students of Life Sciences and Zoology have been proud recipients of these awards every year.

To acquaint the students with a sound base of scientific training, the Department organizes various visits and excursions to important sites and scientific institutions. This helps them to inculcate a scientific and innovative temperament and acquire new concepts of relevant technologies in Zoology.

Apart from this, the Department is regularly involved in co-curricular and extracurricular activities under the interdepartmental society called the **“Biochemical Society”** and the Department Society **“Zoonomia”**. These societies are functional throughout the year wherein students and faculty members regularly participate in the activities with great enthusiasm.

The faculty members of the Department are well qualified with extensive teaching/research experience. Therefore, the department has an environment of academicians and research fellows who provide the students a foundation to nurture their future scientific endeavors. Most of the members are currently engaged in projects under Inhouse, UGC, DST and DBT schemes.

To cater to the need for grooming students towards science, the Zoology Department has a well-equipped laboratory for conducting practical classes which are managed by experienced and capable staff. In addition to the laboratory, the Department has a well-maintained Museum with a diverse range of specimens and a good collection of books in the Departmental Library. The Department takes steps to devote more of their resources to research, education and conservation than the conventional approach of academics. In the view of conservation, the Department of Zoology has conceptualized and established a **“Butterfly Conservatory”** and an **“Aquatic Ecosystem”** in the College premises. The Department joined the campaign of “Campus Bird Count India” in previous years and also organizes “Educational Excursion” as part of the curriculum.

2. Scope of the Course:

After completing Bachelors in Zoology, a large number of higher education avenues open up for the students as they are eligible for:

- i. **Master of Science Degree-** in Zoology, Biochemistry, Biotechnology, Environmental Sciences, Forestry, Microbiology, Genetics, Wildlife and various fields of Conservatory Sciences, Health Sciences, etc.

- ii. **Research Training and Ph.D.**- a student of Zoology can pursue research training and Ph.D. at renowned National and International Institutions.
- iii. **Post-Doctoral Fellowships**- a large number of students also go in for research as Post- Doctoral Fellows in various Universities and Institutes all over the world.
- iv. **Assistant Professorships**- in various Colleges or University Departments after completion of Ph.D.
- v. **Teachers**- after completing Masters in Zoology followed by Bachelor Degree in Education (B.Ed.).
- vi. **Scientists**- various funding agencies especially UGC, DST and DBT offers a number of Women's Scientist positions, particularly aimed at motivating more women to take up research positions.
- vii. **Indian Administrative and Indian Forest services**- a graduate student may seek their career in Indian Administration Services as a Civil Servant and Forest Officer after qualifying civil service examination with Zoology as main subject.
- viii. **Jobs/Services**- a Zoologist is also in demand in agriculture, fisheries and other industries related to animal husbandry. They can also opt for areas like veterinary sciences, pharmaceuticals, technical and/or research assistance in laboratories, museums, scientific organizations and scientific journalism. They also have other non-science options open to them like pursuing management, marketing and sales etc.

Department of B.A. Programme

1. Brief introduction about the Department:

Convenor : Dr Anita Tagore, Associate Professor, Department of Political Science

Co-convenor: Dr Nisha Bakshi, Assistant Professor, Department of Political Science

2. Scope of the Course:

B.A. Programme course is interdisciplinary in nature and requires students to opt for two Discipline Courses. The syllabus for B.A. Programme varies from subject to subject. But there are few subjects such as MIL Hindi, English and Environmental Sciences that are common for all disciplines.

A student can pursue a career in different fields after obtaining a B.A. Programme degree. One can study further i.e., can pursue a Master Course in any discipline of his/her choice or in the same discipline pursued during graduation. Besides, a student can study Law, Management courses or any other specialized courses and become eligible for all government sector entrance-based services.

3. Medium of Instruction: English/Hindi
