57 वर्ष की यात्रा में कालिंदी कॉलेज ने शिक्षा जगत में अपनी एक अलग पहचान स्थापित की है और अकादमिक उत्कृष्टता के साथ दिल्ली विश्वविद्यालय में एक मुकाम हासिल किया है। अपने आदर्श वाक्य ज्ञानं, शीलं और कर्तव्य का पालन करते हुए कालिंदी महाविद्यालय अपनी छात्राओं को एक जिम्मेदार नागरिक बनने के लिए सदैव प्रतिबद्ध रहा है। आज मैं इस परिवार का हिस्सा बनकर अत्यंत गौरवांवि महसूस कर रही हूं। सीमित संसाधनों के बावजूद कालिंदी कॉलेज शिक्षा खेल, अकादमिक व सांस्कृतिक गतिविधियों में अपने उत्कृष्ट प्रदर्शन के कारण दिल्ली विश्वविद्यालय के प्रतिष्ठित कॉलेजों में गिना जाता है। मैं कामना करती हूं कि यहां की ऊर्जावान छात्राएं निरंतर प्रगति पथ पर अग्रसर हो और सफलता के शिखर तक पहुंचें। कॉलेज के वार्षिकोत्सव के अवसर पर मैं कालिंदी परिवार के समस्त संकाय सदस्यों, प्रशासनिक अधिकारियों एवं कर्मचारियों को बधाई देती हूं कि उनकी कर्तव्यनिष्ठता और प्रतिबद्धता के कारण महाविद्यालय अपने लक्ष्यों को पाने में सफल रहा है। इस संस्थान के शैक्षणिक अवदान को राष्ट्रीय व वैश्विक पहचान मिले तथा इसकी यश और कीर्ति दिनों-दिन बढ़ती रहें। साथ ही विश्वास दिलाती हूं कि महाविद्यालय के रचनात्मक कार्यों और चहुंमुखी विकास में सहभागी रहूंगी।

My dear students, academic and non-academic staff and respected parents at Kalindi, we have cultivated a learning environment that nurtures critical thinking skills and originality. This environment enables students to develop a well-rounded set of interpersonal skills and bring about transformative changes in their communities. The college takes several measures to achieve this objective. We not only prioritize quality academic learning, but also expand the scope of extracurricular activities, host significant seminars and workshops, organize field trips, cater to the emotional needs of students, and facilitate the development of moral character traits that shape ethicality and integrity.

We place a strong emphasis on innovative teaching and training strategies with the aim of unleashing the true potential of our students. Our goal is to assist them in discovering their purpose and passion in life. Ultimately, the institution prepares students to navigate the world beyond college and equips them to become better versions of themselves in their chosen careers.

It has been incredibly rewarding to be associated with Kalindi College, and as the Principal of the institution, I take great pride in presenting the Annual Report. I am truly honored to have been given this opportunity, and this day fills me with elation, joy, and

satisfaction.

I am pleased to announce that the academic session 2023-2024 has been highly successful in terms of academic achievements and overall development. Our dedicated and skilled faculty have guided our students to excel in various areas, resulting in numerous accolades and awards for our college. These remarkable accomplishments deserve recognition and a grand celebration.

Our journey of fifty-seven years has been truly remarkable. We began in 1967 with the establishment of Kalindi College in a school building in Dev Nagar. Today, the college is situated on its own magnificent 8.25-acre campus, equipped with modern amenities and innovative infrastructure. We have a team of 189 well-qualified and dedicated teaching faculty who are actively engaged in academic pursuits, along with a 73-member efficient and cooperative administrative, technical, and support staff. Our goal is to provide quality education and all-round development to our students. From just 599 undergraduate students in 1967, we have grown to 4000 undergraduate regular, non-collegiate, SOL, and postgraduate students in this academic year. We now offer 21 courses, with a total of 20 courses in various disciplines at the graduate level and an additional add-on course. This is a significant achievement that deserves to be celebrated. I take great pride in announcing that the college has made 82 permanent appointments across the departments.

Youth possess vigor, passion, creativity, dynamism, and strength. They are the voice and harbingers of change, progress, and development, paving the way for a resilient future. They play a crucial role in the socio-economic progress of society and the nation as a whole. A nation can only advance when the resources and potential of its youth are effectively utilized. Therefore, it is essential to provide and expand opportunities for them to harness their potential in the most productive way. When their abilities and capabilities are given unrestricted and supportive outlets for expression, they can learn to invest and channel their resources effectively for economic and social growth, benefiting society to the fullest extent possible. With this motivation in mind, we strive to provide training and experiences to our students in the most flexible and dynamic manner possible.

The journal, therefore, is multidisciplinary in nature, accepting articles in the Hindi, English and Sanskrit languages. This year the articles in humanities range from interrogating subaltern voices of women and Dalits to a literary analysis of some acknowledged literary works of fiction. Exploring new pedagogical tools in the classroom and harnessing the power of Artificial Intelligence in advancing research are some interesting ideas that scholars and faculty members across universities have engaged with. It gives us pride to have had contributions from various disciplines including Arts, Humanities and Social Sciences. While some articles are sociological and theoretical in nature, several are based on findings of scientific and empirical research. We are hopeful that the articles published shall continue to strengthen our aspirations of promoting an invigorating research-based environment in academia.

### **Enactus Kalindi**

Established in 2017, Enactus Kalindi, under Social Responsibility Cell, is dedicated to addressing pressing social issues that undermine the fabric of our nation, with a primary focus on uplifting marginalized communities through means of innovative business ideas. Enactus Kalindi currently runs 3 projects- Project Rehmat, aimed to empower manual scavengers and eradicate the inhumane practice of manual scavenging from our country; Project Weran, aimed to address the issue of agricultural waste, particularly in the form of discarded fruits and vegetables; and Project Rahee, focused on the textile waste crisis brought about by fast fashion, which results in millions of tonnes of textile waste accumulating each year.

In session 2023-2024, we continued our work of making social change through various activities and events:

**Project Rehmat:** We introduced Shama, a line of eco-friendly candles made from soy wax, offering a sustainable alternative to traditional petroleum-based candles and are available in various scents. We also undertook product improvement and innovation in our soap production, utilizing the melt and pour method to introduce new flavours such as neem, coffee, and marigold, expanding our reach and impact.

**Project Weran:** Building upon our commitment to reducing agricultural waste, we introduced orange candies and banana chips. These are preservative and additive-free, offering consumers a healthier snack option while simultaneously addressing the issue of food waste.

**Project Rahee:** We have introduced sling bags made from repurposed textile waste to our pre-existing line of Punah products which include scrunchies, tote bags and pouches. These stylish and eco-friendly bags not only provide a solution to the problem of waste but also promote conscious consumerism. Furthermore, we conducted upskilling training sessions in tailoring for the partner community of wives of rickshaw pullers under Project Rahee, empowering them with valuable skills and opportunities for economic independence.

In addition to our project initiatives, we organized the maiden fest of Enactus Kalindi, Udyamita on 29<sup>th</sup> February and 1<sup>st</sup> March. The cell members with great enthusiasm performed a dance performance to welcome the juniors as well as the resource person. And thereby, began the talk.

Dr. Mayanglambam Ojit Kumar Singh, an Associate Professor in the Department of Zoology at Ramjas College, University of Delhi, was invited to discuss the "Biocultural Diversity of Northeast India." During his presentation, he highlighted the rich and unique bio-cultural diversity of the region, encompassing various ethnic groups, languages, and ecosystems. Indigenous communities in the Northeast have developed intricate connections with their natural environment, resulting in a distinctive fusion of biological and cultural diversity.

The sustainability practices in this region often involve traditional ecological knowledge passed down through generations. Northeast India's indigenous communities practice sustainable agriculture, cultivate diverse crop varieties, and employ traditional resource management systems, contributing to biodiversity conservation. Preserving the bio-cultural diversity in the Northeast is crucial for ecological balance and the sustenance of local livelihoods. Dr. Singh's talk focused on farming, insect ecology, the significance of butterfly ecology, and small rivers.

He addressed the challenges faced in farming, particularly due to small, fragmented patches of land. Emphasizing the importance of traditional knowledge derived from the biocultural adaptation of local and indigenous people, he highlighted the wealth of knowledge possessed by farmers. Rather than imposing methods on farmers, he stressed the importance of learning from them and establishing lasting relationships. The farmers' fields serve as dynamic living laboratories, showcasing significant biological diversity sustained by small-scale farming communities.

Dr. Singh delved into the diversity of edible insects, traditional harvesting techniques, and the sustainability of local food culture in the multi-use ecosystem of the Loushi Pat basin in South Manipur. Edible insects consumed and sold in the area are non-farmed and harvested from wetlands, primarily by local landless women. He concluded with the idea that the value of "small is beautiful," highlighting that small rivers may not cater to large-scale industries or big fish.

After the talk ended, cookies and notes were distributed to the freshers along with a cake cutting ceremony. A talent round for miss freshers' took place along with fun and games. The event came to end with a song by the president of the cell and the announcement of Miss Freshers'.

Further, from education in general, he narrowed down the argument to Indian education system and touched upon logistics of National Education Policy (NEP), 2020 in the light of disability. He emphasized on issues namely: low enrollment rate in schools, high dropout ratio and widening of discrepancy between the disabled students studying in schools and those reaching higher educational institutions. In the meanwhile, he also discussed about some key provisions of the 'Rights of Persons with Disabilities' Act, 2016 concerning educational facilities of disabled students and highlighted the lack of implementation as its major challenge. ## Internal Committee

### Presiding Officer: Prof. Sangita Dhal

Gender Sensitization and Gender Justice serve as the foundational principles for any robust institution. With this commitment in mind, Kalindi College endeavors to establish a secure and supportive environment for its students, faculty, and staff, fostering their overall well-being. The college's Internal Committee (IC) is dedicated to realizing this vision and has implemented effective mechanisms to promptly and thoroughly address any complaints of sexual harassment. The IC actively engages in conducting lectures, workshops, and gender sensitization programs regularly for students, faculty, and administrative staff to promote awareness and understanding.

In order to create an academic and work environment free of sexual harassment for students and staff, Internal Committee (IC) deals with the cases of sexual harassment in the college under the 'The sexual harassment of women at workplace (Prevention, Prohibition and redressal) Act 2013. Keeping this in mind, the Internal Committee organised a screening of the movie "PINK", which was followed by a lecture on 'Sexual Harassment: Prevention,

Response and Redressal. Sexual harassment is a serious issue that affects individuals in various settings, including the workplace, educational institutions, and public spaces.

The distinguished speaker Professor Awekta Verma addressed the various ways in which sexual harassment can be dealt with in the workplace. The sexual harassment of women in the workplace is a form of gender based violence. Besides violating their self esteem, dignity and self-respect, it also violates their constitutional and human rights. Prof. Verma talked about the legislation regarding the sexual harassment of women at workplace (prevention, Prohibition and redressal) Act 2013( POSH ACT). As a result of the act women are protected at work from sexual harassment. Women are therefore legally entitled to a safe workplace. Workplace sexual harassment is a serious form of sexual discrimination that causes serious harm. This violates a woman's fundamental right under article 19(1) of the Constitution of India as well as dignity, physical and mental well-being. Consequently, productivity is low and lives and livelihoods are negatively impacted. The situation is further compounded by deep rooted, social cultural patterns in which victims are placed under a gender hierarchy which is likely to increase inequality at the workplace and in society as a whole.

The event aimed at bringing together experts and stakeholders to discuss effective measures to prevent sexual harassment and provide redressal to victims. The goal of the event was to create a safe space for dialogue, learning and action towards building safe and respectful environments for all.

**Workshop on Prevention of Sexual Harassment of Women at Workplace, Date: 5th December 2023 Organized in collaboration with Directorate of Training, Union Territories Civil Services, Govt. of NCT of Delhi**

The workshop engaged a diverse audience, including students, faculty members, and staff, fostering an open dialogue about the significance of creating safe and inclusive environments. Around fifty students of various courses and years actively participated in discussions, sharing experiences and gaining valuable knowledge on identifying and addressing instances of harassment.

The event also highlighted the collaboration between educational institutions and governmental bodies, showcasing a commitment to promoting a culture of respect and dignity. Prof. Sangita Dhal, expressing gratitude on behalf of the organizing committee, delivered a heartfelt vote of thanks. In conclusion, the workshop on preventing sexual harassment was a commendable initiative, offering a platform for education and discussion on a critical societal issue. The collaboration between Kalindi College and the Directorate of Training reflects a shared commitment to creating safer spaces and fostering a culture of respect within educational institutions and beyond.
