

Outstation and Foreign Students Cell

Convener : Dr. Vinita Meena^[SEP]

Co-Convener : Dr. Prerna Siwach

The Outstation and Foreign Students Cell continues to serve as a crucial support system for students coming from various parts of the country and abroad. Dedicated to their well-being, the cell provides counselling, guidance, and timely assistance to help students adjust to the academic and social environment of the college.

Throughout the year, the cell facilitated open communication between students and faculty, offered emotional support—especially to those in rented accommodations—and organized interactive sessions to address student concerns. It also acted as a bridge between the students and the administration, ensuring access to resources and opportunities.

By fostering inclusion and personal growth, the cell significantly contributed to the holistic development of outstation and foreign students, helping them thrive both academically and personally.
