ABOUT THE SEMINAR

In an increasingly interconnected world, the boundaries between disciplines are rapidly dissolving. Bridging Disciplines is a multidisciplinary student seminar designed to foster meaningful dialogue between Science, Humanities, Commerce, Technology, and Social Sciences.

This platform encourages students to critically examine how scientific advancements influence society — and how societal values, ethics, policies, and culture shape the direction of science.

Objectives

- Promote interdisciplinary collaboration and critical thinking
- Encourage student-led research and dialogue
- Explore ethical, environmental, economic, and social dimensions of scientific progress
- Build communication and presentation skills

Key Exploration Areas

- Science, Ethics & Public Policy
- Innovation and Social Responsibility
- Sustainability & Climate Challenges
- Technology, Economy & Human Well-being

Seminar Highlights

- Student Research Presentations
- Expert Talks & Panel Discussions
- Poster Presentation
- Interactive Q&A Sessions
- Networking & Academic Exchange

ABOUT THE COLLEGE

Kalindi College, established in 1967, was founded to provide higher education to young women. Accredited with an A+ grade by NAAC, it is one of the leading institutions under the University of Delhi.

Over its 56-year journey, the college has focused on creating an academically stimulating and transformative learning environment. With the motto of 'ज्ञानं शीलं धर्मश्चैव भूषणं' that emphasizes on three key virtues of human life Knowledge, modesty and sense of duty — the college aims to empower its students through holistic education. Under the leadership of Principal Prof. Meena Charanda, the institution encourages academic excellence, critical thinking, civic awareness, and strong moral values.

The college offers diverse co-curricular activities like cultural events, workshops, seminars, debates, and dramatic society events, supporting overall personality development. It provides courses in Humanities, Commerce, Science, along with professional degrees in Computer Science and Journalism, and add-on foreign language courses.

With around 189 faculty members, 73 staff, and more than 4000 regular students (along with Non-Collegiate and SOL students), Kalindi College is committed to delivering quality education and holistic growth.
