About the “NCPTSD”-2026

The Organizing Committee of the National Conference on Physics, Technology and Sustainable Development-2026 (NCPTSD-2026) jointly organized by Hansraj College, Sri Aurobindo College (M) and Kalindi College, University of Delhi, cordially invites all researchers, academicians, industry professionals, and dedicated workers in the allied fields to participate actively and present their research contributions. The aim of this conference is to bring together physicists, young researchers, corporate and environmentalists on a common platform. It will serve as an excellent meeting ground for the exchange of ideas in a congenial atmosphere, fostering the emergence of novel concepts that, when implemented, will benefit students. The conference is also open to industry personnel to showcase their products and technological developments. Both oral and poster presentations of contributed research papers will be featured, alongside invited talks by distinguished experts.

Physics Education

- Emerging technologies in physics education
- New paradigms in physics education Research
- Role of diversity in physics education research
- Models and modeling in physics education
- Graduate level courses in physics, and pedagogy

Sustainable Development

- Development of skill for environment cleaning and sanitation
- Ecological management models and quantification of the impacts of different models on ecological environment
- Analyses of land use changes, eco system services and human well-being
- Weather forecasting, optimal use of water and rain harvesting
- Energy harvesting from wet waste
- Nuclear technologies in power generation, smoke detectors, industry, agriculture, food preservation by irradiation, healthcare

Publication of Accepted abstracts:

All the accepted abstracts will be published in the form of Book Chapter/Proceeding/ Full Paper in SCOPUS Index Journal and others after peer review process .

Date of full paper submission will be announced in the month of November

Physics

- (i) Nuclear and High Energy Physics - Theory and Experiment
- (ii) Quantum Physics, Quantum Optics and Quantum Information
- (iii) Cosmology, Astrophysics, Gravity, Mathematical Physics
- (iv) Soft Matter Science, Bioelectronics, Photonics Biosensing, MEMS and NEMS
- (v) Renewable Energy and Technology
- (vi) Celestial Mechanics
- (vii) Biomedical Physics & Healthcare Technologies
- (viii) Applications of
 - Multifunctional and Composite Materials
 - Nanomaterials
 - Topological Material
 - Quantum Entanglement
 - Artificial Intelligence
 - Nonlinear Optics
 - Spintronics
 - Nonlinear Photonics and Plasmonics
 - Nonlinear Dynamics (Chaos and Fractals)

Technology-Industry Connect

- Physics and Technology
- Physics – Industry interface
- Industrial support of physicists
- Employment opportunities of physics graduates in industry

Important Dates:

Submission of Abstract Begins:

12th August 2026

Acceptance of Abstract:
